

Map edited and published by the Geological Survey.

Base map by National Oceanic and Atmospheric Administration, Data projected to Universal Transverse Mercator Zone 17, North American Datum of 1983.

Ten minute latitude and longitude grid ticks.

Interpolated surface (ordinary Krigging) was generated utilizing over 6,900 data points. Value labels shown on map depict selected surface salinity measurements along the sampling path.

CONTOUR INTERVAL 5 ppt SALINITY

FLORIDA BAY SURFACE SALINITIES

February 2002

By

Kimberly Yates and Robert Halley

Salinity data for February 2002 collected by Nancy Dewitt and B.J. Reynolds of the U.S. Geological Survey.

Map created by Iuri Herzfeld of the U.S. Geological Survey. Map has not been reviewed for conformity with U.S. Geological Survey editorial standards.
