FACTS AND SCHEDULE-REVIEW CYCLES OF GRANT APPLICATIONS
Fiscal Years 1971 and 1972

November 2, 1970 - Vol. 4, No. 50S

This issue updates the schedule of Regional Medical Program application review cycles for the remainder of Fiscal Year 1971 and the first half of Fiscal Year 1972.

It should be noted that . . .

- Beginning July 1, 1970, Regional Medical Programs Service inaugurated an anniversary review system, which provides for four review cycles a year. Under this system, each Program will submit a single annual composite application into one of the review cycles shown on Page 2.
- Because this is a transition year, Programs whose anniversary dates are September 1, October 1, November 1, December 1, 1970, and January 1, 1971, may submit their continuation applications 45 days prior to their anniversary date. These Programs will be permitted to submit separately, one additional application package containing requests for developmental component and/or supplemental and renewal projects in time for the earliest of the deadlines that they can meet.

18 - Month Calendar of National Meetings

October 1, 1970 thru March 31, 1972

This Calendar consists of "Part A.--Alphabetical Listing" and "Part B.--Chronological Listing" of national meetings and conferences (many are international) in which persons engaged in health activities may have an interest. State and local meetings are not included.

The purpose of the Calendar is to serve as an informational guide, and is based on information selected from scientific publications and other sources. Issued quarterly, it shows a forecast of meetings for the succeeding 18 months. Because dates and places of some meetings are subject to change, anyone planning to attend a given meeting should first confirm the information.

One asterisk(*) indicates a change from the previous issue of the Calendar. Two asterisks (**) indicate that the meeting receives support from an agency of the Department of Health, Education, and Welfare.

This 18-Month Calendar is prepared in the Office of Grants Management, Office of the Administrator, Health Services and Mental Health Administration. Additional copies may be obtained by calling Area Code 301 - 443-4103.
