

THE MINERAL INDUSTRY OF

MALTA

By Harold R. Newman

TABLE 1
MALTA: ESTIMATED PRODUCTION OF MINERAL COMMODITIES 1/

Commodity 2/	1991	1992	1993	1994	1995
Limestone thousand metric tons	2,350	2,300	2,200	2,200	2,000
Salt metric tons	30	30	30	30	30

1/ Table includes data available through Mar. 1996.

2/ In addition to listed commodities, a small amount of cement, fertilizer, lime, and plaster is produced, but available information is inadequate to make reliable estimates of output levels.
