NA Not available. ¹ Includes other races not shown separately. ² Beginning 2002, data represent White alone, which refers to people who reported White and did not report any other race category. ³ Beginning 2002, data represent Black alone, which refers to people who reported Black and did not report any other race category. ⁴ Beginning 2002, data represent Asian alone, which refers to people who reported Asian and did not report any other race category. ⁵ People of Hispanic origin may be of any race. ⁶ Implementation of a new March CPS processing system. ⁷ Implementation of 1990 census population controls. ⁸ The March 1994 income supplement was revised to allow for the coding of different income amounts on selected questionnaire items. Limits either increased or decreased in the following categories: earnings increased to \$999,999; social security increased to \$49,999; supplemental security income and public assistance increased to \$24,999; veterans' benefits increased to \$99,999; child support and alimony decreased to \$49,999. ⁹ Implementation of Census 2000-based population controls. ¹⁰ Implementation of sample expansion by 28,000 households. ¹¹ Beginning with the 2003 Current Population Survey (CPS), the questionnaire allowed respondents to choose more than one race. For 2002 and later, data represent persons who selected this race group only and exclude persons reporting more than one race. The CPS in prior years allowed respondents to report only one race group. See also comments on race in the text for Section 1, Population. ¹² Data have been revised to reflect a correction to the weights in the 2005 ASEC.
