

Table 256. Percentage of Students Participating in After-School Activities, by School Activity and Student Characteristics: 2005

[Estimates include all students in kindergarten through eighth grade, not older than 15 years, not homeschooled, participating in weekly after-school activity. Students could participate in multiple activities and are not limited to students who have activities for supervision, therefore percentages may sum to more than 100. Includes participation in school-based or center-based after-school programs and participation in after-school activities that were not part of school- or center-based programs]
