M311H — ANIMAL AND VEGETABLE FATS AND OILS (WAREHOUSE STOCKS)

DEFINITIONS AND SPECIAL INSTRUCTIONS

1. Scope of survey

This survey covers public or private warehouses storing major edible and inedible fats and oils.

2. Figures to be reported

Companies with more than one establishment manufacturing the products covered by this survey are requested to complete a separate report form for each location. If you have not received a separate form for each of your establishments, please call the contact shown on the report form or write to the U.S. Census Bureau for additional forms.

If you cannot report your stocks as of the inventory date specified, please enter the inventory date you used in Section IV, "Remarks."

If you are not holding stocks of an oil which is prelisted on your report form, please post "0" or "NONE" for the month. This will avoid any misunderstanding on our part.

Stocks held in private warehouses operated at plants either processing oilseeds or producing or consuming oils should be included on Form M311J, "Oilseeds, Beans, and Nuts: Monthly Report of Primary Processors," or M311N, "Monthly Report of Producers or Consumers of Animal and Vegetable Fats and Oils."

Units of measure

Report all figures in thousands of pounds.

Your figures should include —

Stocks of the individual oils on a consolidated basis regardless of ownership including those of government agencies. It is not necessary to report the names of the individual owners of these stocks.

Stocks in transit to this warehouse on the last day of the month should be reported as stocks of this warehouse.
