

## **10 CLIMATE FRIENDLY CHOICES**

### Things You Can Do to Reduce Greenhouse Gas Emissions

10. Buy a fuel efficient automobile
  9. Give your car a day off — bike, carpool, take the train or bus
  8. Reduce. Reuse. Recycle.
  7. Plant trees
  6. Install a solar water heater system
  5. Replace standard light bulbs with energy-efficient ones
  4. Insulate your home, tune up your furnace, and turn down your thermostat
  3. Buy energy efficient appliances
  2. Encourage others to make climate friendly choices
- AND
1. Be cool! Use this fan instead of the A.C.!
