APPENDIX A: *Draft Restoration Plan and Environmental Assessment for the M/V Kuroshima Oil Spill, Summer Bay, Unalaska, Alaska*

APPENDIX B: Reimbursements Made By The Responsible Parties To The Natural Resource Trustees For Natural Resource Damage Assessment Activities

I. BACKGROUND

A. On or about November 26, 1997 the M/V Kuroshima, a 370-foot refrigerated cargo vessel owned by Kuroshima Shipping, S.A. and operated by Unique Trading Company, Ltd. (collectively, "the Responsible Parties") ran aground at Second Priest Rock in Summer Bay, Unalaska Island, Alaska, said waters constituting navigable waters of the United States. Surf subsequently carried the vessel onto nearby Summer Bay Beach. As a result of the grounding of the vessel, approximately 39,000 gallons of Bunker C fuel oil spilled from the tanks of the M/V Kuroshima into Summer Bay and onto the adjoining shoreline thereof and migrated into the adjacent Summer Bay Lake and Morris and Humpy Coves and onto the adjoining shorelines thereof ("the Kuroshima Spill").

B. Beginning in late November of 1997, the Federal Natural Resource Trustees and the State Natural Resource Trustees ^{1/2} (collectively, "the Natural Resource Trustees"), in consultation with the Qawalangin Tribe of Unalaska, commenced the assessment of natural resource damages, which led to the identification of five categories of natural resources and services injured by the Kuroshima Spill that warrant restoration: (1) birds, (2) shoreline vegetation, (3) shellfish and intertidal biota, (4) salmonids and other Summer Bay Lake resources, and (5) recreational services.

C. The Natural Resource Trustees, in consultation with the Qawalangin Tribe of Unalaska, have developed a plan for the restoration, rehabilitation, replacement, or acquisition of the equivalent of the natural resources injured, destroyed, or lost as a result of the Kuroshima Spill and for the restoration, rehabilitation, replacement or acquisition of the equivalent of the lost use of those resources. This plan, entitled *Draft Restoration Plan and Environmental Assessment for the M/V Kuroshima Oil Spill, Summer Bay, Unalaska, Alaska* ("the Restoration Plan"), appears as Appendix A to this *Consent Decree: Natural Resource*

The terms "Federal Natural Resource Trustees" and "State Natural Resource Trustees" are defined in Section IV below.

Damages ("Consent Decree"). The Natural Resource Trustees have proposed to the Responsible Parties a restoration-based settlement of claims by the United States and the State of Alaska for natural resource damages resulting from the Kuroshima Spill. This settlement embodies a commitment by the Natural Resource Trustees to implement the projects identified in the Restoration Plan as the preferred alternatives for restoring, rehabilitating, replacing or acquiring the equivalent of the natural resources injured, destroyed, or lost as a result of the Kuroshima Spill and of the loss of use of those resources ("the Restoration Projects") and a commitment by the Responsible Parties to fund the Natural Resource Trustees' implementation of the Restoration Projects. The Responsible Parties have also agreed to reimburse the United States and the State of Alaska for any reasonable, unreimbursed amounts that were expended in assessing the damages to, loss of, destruction of, and the loss of use of natural resources resulting from the Kuroshima Spill.

D. The Responsible Parties have reimbursed the Natural Resource Trustees for some, but not all, of their reasonable costs of assessing natural resource damages resulting from the Kuroshima Spill ("Prior Payments"). A list of these Prior Payments is attached to this Consent Decree as Appendix B.

E. Concurrently with the lodging of this Consent Decree, the United States and the State of Alaska ("Plaintiffs") have filed an action on behalf of the Federal Natural Resource Trustees and on behalf of the State Natural Resource Trustees, respectively, against Kuroshima Shipping, S.A. and Unique Trading Co., Ltd. ("Defendants") pursuant to the Oil Pollution Act of 1990 ("OPA"), 33 U.S.C. § 2701 *et seq.*, seeking natural resource damages arising out of the Kuroshima Spill ("the Complaint").

F. This Consent Decree settles all claims of the Plaintiffs for natural resource damages resulting from the Kuroshima Spill. This Consent Decree expressly does not settle, resolve, or in any way affect, and is wholly without prejudice to, any other claims, rights, actions, and defenses of Plaintiffs for pollution removal costs and other damages resulting

from the Kuroshima Spill, including, but not limited to, any other claims, rights, actions, and defenses arising under OPA, other federal or state statutes, the general maritime law, or otherwise, as against any person, party, or entity, including, but not limited to, Kuroshima Shipping, S.A., Unique Trading Co., Ltd., and the *M/V KUROSHIMA*, *in rem*, said claims and causes of action of Plaintiff United States being expressly subject to that certain "TOLLING AGREEMENT BETWEEN THE UNITED STATES OF AMERICA AND KUROSHIMA SHIPPING, S.A., AND UNIQUE TRADING CO., LTD." (the "Tolling Agreement"), effective November 21, 2000, and further expressly subject to any extensions, amendments, or modifications of said Tolling Agreement.

G. In addition to the provisions of the foregoing paragraph, this Consent Decree expressly does not settle, resolve, or in any way affect, and is wholly without prejudice to, any and all claims, rights, actions and defenses of Kuroshima Shipping, S.A. and Unique Trading Co., Ltd. arising out of the Kuroshima Spill, including, without limitation, their claim for reimbursement from the Oil Spill Liability Trust Fund submitted to the National Pollution Funds Center of the United States Coast Guard ("NPFC") in a letter to Linda F. Burdette from Herbert H. Ray, Jr. dated November 22, 2000 ("Claim For Reimbursement"). Conversely, this Consent Decree is wholly without prejudice to any and all claims, rights, actions, and defenses of the United States with respect to said Claim For Reimbursement.

H. The United States, the State of Alaska, Kuroshima Shipping, S.A., and Unique Trading Co., Ltd. (collectively, "the Parties") agree that the settlement embodied in this Consent Decree is fair, reasonable, in the public interest, and in furtherance of the statutory goals of the statute under which this action was brought and that its adoption will avoid difficult, prolonged and complicated litigation among them regarding natural resource damages arising out of the Kuroshima Spill.

I. The Court, having carefully reviewed the terms of this Consent Decree and all Appendices hereto, together with all other information in its docket, finds that the terms of

the Consent Decree are fair, reasonable, and further the goals of the statutes upon which the claims in the Complaint are based.

NOW, THEREFORE, it is hereby ORDERED, ADJUDGED, and DECREED as follows:

This Covenant Not To Sue is conditioned upon the payment by Defendants of all amounts owed under this Consent

Decree, including any penalties and/or interest applicable to late payments. This Covenant Not To Sue applies only to the Kuroshima Spill. This Covenant Not to Sue does not affect any other claims, rights, actions and defenses of the Plaintiffs. Plaintiffs expressly reserve all such claims, rights, actions and defenses, including, but not limited to, those identified in Paragraphs F and G of Section I above, and Section VIII below, including, but not limited to, Paragraphs 11 and 12 of Section VIII, all of which said Paragraphs F and G of Section I and Paragraphs 11 and 12 of Section VIII are incorporated as though fully set forth herein.

9. Defendants agree not to raise as a defense or assert in any other manner, in any proceeding brought on behalf of the United States or the State that seeks recovery of costs, damages and/or expenses of any sort arising out of the Kuroshima Spill, other than costs, damages and/or expenses subject to the Covenant Not to Sue set forth above, that the United States or the State did not include such claims in the Complaint. Plaintiffs agree not to raise as a defense, or assert in any manner, in any proceeding in which Defendants assert claims against Plaintiffs relating to the Kuroshima Spill, that Defendants failed to assert such claims against Plaintiffs in this action, or to raise them in the form of a defense, such as setoff.

10. Upon the Effective Date, this Consent Decree shall operate to apply the monies paid on behalf of Defendants toward the bills submitted to them by the NPFC in connection with the Kuroshima Spill first to costs incurred for the initiation of the Natural Resource Trustees' assessment of natural resource damages ("Initiate Costs") and then to removal costs, except that the total amount of such Initiate Costs shall be reduced by \$17,209.43.

VIII. RESERVATIONS OF RIGHTS

11. The Covenants Not To Sue set forth in the preceding Section do not pertain to any matters other than those expressly specified therein. 12. Except as expressly stated in this Consent Decree, each of the Parties reserves against any person not a party to this Consent Decree all rights, claims, or defenses available to it arising out of or relating to the Kuroshima Spill.

13. Nothing in this Consent Decree creates, nor shall it be construed as creating, any rights or claims in favor of any person not a Party to this Consent Decree. Nothing in this Consent Decree shall be construed as limiting, barring, or otherwise prejudicing claims Defendants may have for insurance, contribution, and/or indemnification arising from this settlement against any person not a Party to this Consent Decree.
