Federal or nationally recognized holidays include New Year's Day, Martin Luther King Day, Presidents' Day, Memorial Day, Independence Day, Labor Day, Columbus Day, Veterans' Day, Thanksgiving Day, and Christmas Day.

Visitors will not be allowed inside the front lobby of the institution more than 15 minutes prior to visiting hours.

Visitors are to park their cars at the institution being visited. Visitors parking at any other complex buildings will be directed to depart that building.

Visitors will not be processed into the visiting room after 2:00 p.m. on visiting days. On weekends and federal holidays, visitors will not be processed between 9:30 a.m. and 10:20 a.m during the institution official count.

Due to the time and administrative costs involved, most visits must be scheduled during regular visiting hours. When a visit cannot be scheduled during regular visiting hours it is the responsibility of the respective Unit Team to provide supervision.

Other institution activities must be maintained without unnecessary or extended interference. To reduce interference with other institution activities, the secure corridors will be used when necessary.

6. VISITING RESTRICTIONS AND OVERCROWDING. Visiting may be curtailed or terminated because of an emergency, improper conduct on the part of the inmate or his visitor(s), or when the visiting room becomes overcrowded. Should the Visiting Room Officer determine it is necessary to curtail or terminate visiting because of overcrowding, he will notify the Operations Lieutenant and Institution Duty Officer (IDO). The IDO will consult with the Operations Lieutenant, make the necessary determination, and notify the affected parties. During times of overcrowding, the Visiting Room Officer will first ask for volunteers to offer to leave. If there are no volunteers, visitors who have traveled less than 100 miles are considered local visitors and will be terminated in the order in which they arrived. Once the local

visitors list has been exhausted, visitors will be terminated in the order in which they arrived. This process will continue until the overcrowding is managed.

The Operations Lieutenant must be notified and will document the circumstances of the visiting terminations in the Lieutenant's Log.

7. FREQUENCY OF VISITS AND NUMBER OF VISITORS. A yearly visiting schedule will be available to visitors and will also be posted on the housing unit bulletin board. Ordinarily an inmate's visiting list should not exceed more than 20 people, including immediate family members, other relatives, friends, and associates. There should be no more than 10 friends and associates on an inmate's approved visiting list. Friends and associates must have had an established relationship prior to confinement. The Warden may authorize an exception to the prior relationship rule, particularly for inmates without other visitors. Additionally, the Warden may authorize an exception to the maximum limit provision when warranted. **Ordinarily, inmates will be allowed up to five (5) total visitors, excluding children under 2 years of age, who may visit at one time. Children 2 years of age and under may sit on the visitors lap should a seat not be available. Children are not permitted to sit on an inmate's lap at any time.**

8. APPROVED VISITORS. Visits are limited to those on the inmate's approved visiting list as authorized by the Unit Team. It is the responsibility of the inmate to advise his visitors they have been approved and placed on his authorized visiting list. **An individual may be placed on the approved list after completing an submitting a Visitor Information form received from the inmate,** investigation from official sources, i.e., Presentence Report, U.S. Probation Office, NCIC checks, local law enforcement agencies, etc. No visitor will be added to an inmate's permanent visiting list prior to NCIC clearance. **The signature of a parent or legal guardian on the Visitor Information form is necessary to process a request for an applicant under 18 years of age.**

Visiting Regulations

Page 6

a. If a visitor is on the approved visiting list of more than one inmate, except for immediate family, they will normally only be allowed to visit one inmate at a time.

b. When an inmate transfers to this institution, his visiting list will only be recognized if the file reflects proper documentation to include NCIC checks. New NCIC checks will be completed at the Unit Manager's discretion as necessary to update information on inmates' visiting lists.

c. If an immediate family member, who is not on an inmate's approved visiting list, arrives at the institution, the inmate's Unit Team will be notified. If the inmate has been at the institution for less than four weeks, a member of the Unit Team will review the Central File to determine if the visitor is a member of the immediate family. If unit staff are not available, and the visitor's relationship to the inmate cannot be confirmed, the visit will be denied. If the inmate has been at the institution for more than four weeks and no visitation form exists, the visitor(s) will be denied. If the visit is denied, the Operations Lieutenant will be notified and will document the denial of the visit in the Lieutenant's Log.

d. Persons with Criminal Records(to include federal and state probation/parole or supervised release): While the history of an arrest record or criminal record does not necessarily preclude visiting privileges, careful evaluation and consideration should be given to the nature and extent of the criminal record. History of recent criminal activity is weighed against the value of the relationship and the security of the institution. The Warden will make the final determination as to the approval or disapproval of visiting requests in these types of cases.

e. Former Inmates of the Institution and Relatives of Other Inmates: Rarely will individuals in this category be permitted to visit. In those instances necessitating such visits, the Warden must give prior approval.

f. Holdovers and New Commitments: When an approved visiting list is not available, visits for new commitments and inmates in

holdover status will be limited to confirmed members of the immediate family. A Birth Certificate or some form of identification that would indicate they are members of the same family will be required. In addition, a check of the inmate's Presentence Report (if one is available) shall be conducted. Holdovers may request family members to be placed on a visiting list by submitting a request for visitor approval to their assigned unit counselor. The time frame for approval will be the same as general population inmates.

g. Protective Custody, Separation Cases: The Warden or designee (normally the Captain) will determine approval of the visit and schedule visiting for protective custody and separation cases. Visits of this nature will be reviewed on a case by case basis, taking into account the safety of the inmate and the security requirements of the institution. The non-contact visiting areas will be used in these cases.

h. The Visiting Room Officer will take special precautions when a visitor closely resembles an inmate (as in the case of identical twins). The non-contact visiting area may be used in these cases

9. INJURIES TO VISITORS. Any injuries occurring to visitors, while inside the institution will be assessed by the medical staff on duty. An injury report will be completed and only emergency treatment will be rendered. No medication will be prescribed. Injured visitors will be referred to the local hospital emergency room or their respective physician for follow up treatment when appropriate.

10. IDENTIFICATION OF VISITORS. All visitors, with the exception of children under the age of 16 years, must display photo identification before entering the institution. All applicable procedures, as outlined in the Complex Supplement, Entrance Procedures, will be followed. The primary form of identification for visitors will be a photo identification. All visitors must present valid identification. Valid identification includes: a valid state driver's license, state issued identification, government identification or passport, issued by

a local, state or federal agency, or foreign government. The Institution Duty Officer or Operations Lieutenant will be notified in questionable cases.

The Front Lobby Officer will stamp each visitor's hand with a black light stamp prior to his/her entrance to the visiting room. The Visiting Room Officer will check each visitor's hand for the presence of the stamp prior to the visitor's entrance and exit from the visiting room.

11. SPECIAL VISITS. All special visits must be requested by the Unit Manager and approved by the Warden or designee. A memorandum authorizing the visit must be forwarded to the Front Lobby Officer, Visiting Room Officer, Captain, Duty Officer, Operations Lieutenant, and Central File ordinarily 24 hours prior to the visit. It is the responsibility of the respective Unit Team to provide supervision for special visits.

12. BUSINESS VISITORS. Only the Warden may authorize an exceptional visit of this kind in accordance with Program Statement 5267.06, Visiting Regulations.

Infrequent visits by a prospective/former employer, clergy, sponsor or parole advisor may be permitted upon recommendation and approval of the Warden or his/her designee.

13. EMBASSY OR CONSULAR VISITORS. Arrangements for visits by Embassy or Consular staff will be made through the Executive Assistant and approved by the Warden in accordance with Program Statement 5267.08, Visiting Regulations.

14. PASTORAL VISITS. Pastoral visits must be recommended by the supervisory Chaplain and approved by the Warden. These visits will occur in the visiting room during regular visiting hours.

15. OFFICIAL VISITORS. Members of the FBI, U.S. Marshals Service, Congress, Federal Public Defenders, Department of Justice officials, and Federal Prisons system personnel will be permitted to visit upon presentation of appropriate identification. All Federal employees are required to pass through the metal detector.

16. ATTORNEY VISITS.

a. Attorneys are encouraged to visit during regular visiting hours, Friday - Monday, 8:00 a.m. - 3:00 p.m. Attorney visits will normally take place in the private attorney visiting rooms. Under rare circumstances when an attorney visit may take place during non-visiting hours, the visit will be visually supervised by a member of the inmate's unit team. Staff may not subject visits between an attorney and an inmate to auditory supervision.

b. Attorneys should be on the inmate's visiting list. However, this does not preclude other attorneys from visiting at the inmate's request. Visits from attorneys not on the inmate's visiting list must ordinarily be requested in writing and approved by the Warden at least 24 hours in advance of the visit. In situations in which prior notification by an attorney has not been made due to unforeseen circumstances, staff will make reasonable efforts to accommodate the attorney visit.

c. All attorneys will present a valid bar identification card and complete a Notification to Visitor form. After completing the Notification to Visitor form, attorneys will be processed through the metal detector and will have their hand stamped before entering the institution. U.S Attorneys and Federal Public Defenders may, in lieu of a bar card and picture ID, present an official picture identification. They will be required to sign the official log. They will be required to pass through the metal detector.

d. A copy of attorney visits will be kept in the inmate's central file. In order to be considered a legal visit, the attorney must present photo identification and confirmation of attorney status.

e. Normally, exchange or delivery of legal documents between an inmate and an attorney must occur through the U.S. Mail rather than through visitation. However, attorneys are permitted to bring reasonable amounts of legal documents into the institution for review with an inmate.

Any legal documents brought in by an attorney are subject to visual inspection for contraband by the Front Lobby Officer.

An inmate may bring a limited amount of legal materials from his unit to the visiting room to review with his attorney. The amount of materials must be approved by the inmate's unit team. The Visiting Room Officer will visually inspect the documents to verify they are limited to legal materials and include no prohibited items upon entering and exiting the visiting room and will immediately notify the Operations Lieutenant if any discrepancies are noted.

Once the legal visit has concluded, the Visiting Room Officer will visually inspect the inmate's legal material to ensure that contraband is not present. If inspection reveals no concerns, the Visiting Room Officer will give the legal materials to the inmate to return to his unit. Items that cannot be thoroughly searched (e.g., padded envelopes or hard-cover books) will not be allowed to enter or leave the visiting room.

f. Recording devices, video equipment, and cameras will not be allowed in the visiting room without advanced written approval from the Warden. If such permission is granted, the institution's Legal department will be notified and available for consultation. A member of the unit team will visually monitor the visit.

g. Non attorney legal representatives such as law clerks, paralegals, and interpreters must receive prior approval to participate in legal visits, regardless whether accompanied by an attorney. Attorneys desiring legal representative's participation in legal visits are responsible for submitting a completed Application to Enter Institution as Representative form to the inmate's unit team. These forms may be obtained from the inmate's unit team or by contacting the Legal department.

(1) Original signatures are required for processing and hand-delivered applications are not ordinarily accepted.

(2) Review of properly submitted applications will ordinarily be completed within one week from the day after the

date of receipt. Unit team staff will notify the affected inmate when the request for a legal representative is approved.

17. LAW ENFORCEMENT INTERVIEWS. Ordinarily, the Special Investigative Agent (SIA) **will coordinate** all interviews between law enforcement agencies and inmates. In the absence of the SIA, the Special Investigative Supervisor (SIS) will assume this function. The purpose of this is to acquaint institution officials with any new developments in an inmate's situation that might jeopardize the safety and security of the institution. The completed form will be sent to the Captain for review, who will forward it to the **Warden for final approval.** It will then be sent to the SIA for filing.

18. VISITS TO INMATES NOT IN REGULAR POPULATION STATUS.

a. Inmates in Special Housing Unit Detention/Segregation Status: Inmates in Detention/Segregation status and their visitors will be required to be seated in the area adjacent to the officer's station in the visiting room. Inmates will be required to wear the Special Housing Unit clothing issued to them. **Visiting times for these inmates will vary and terminate earlier than general population visiting to allow time to process the inmates back to the Special Housing Unit.** (The non-contact areas of the visiting room will be used on a case-by-case basis.)

b. Outside Hospital Visits: Visiting privileges will not be authorized for the inmate patient unless approved in advance by the Warden. If visiting is approved, the following guidelines will be adhered to:

- (1) The Unit Team will prepare an approved list of visitors for each inmate patient.
- (2) Prior to the inmate receiving a visit, the visitor's name, address, date, and time each visit will take place will be provided to the staff supervising the inmate in the outside hospital.
- (3) The staff supervising the inmate in the outside hospital will verify the visitor's identity at the time of the visit. The inmate will only be allowed one

visitor in the room during the visit.

- (4) When the visitor enters the inmate's room, the staff member will advise the visitor of proper visiting procedures. Visitors will be screened with a hand-held metal detector. The staff supervising the inmate will place all purses and handbags in the inmate's hospital room closet or locker. The inmate patient will never have access to the visitor's purse or bags. The visitor may retrieve his/her belongings just prior to departure from the hospital room.
- (5) All inmate visitors will adhere to hospital visiting regulations and hours.
- (6) Visitors will not use the bathroom in the inmate patient's room.
- (7) Visitors/walk-ins will not be authorized to visit the inmate patient unless prior approval has been given by the Warden. In the event an unauthorized visitor appears at the hospital demanding a visit, the individual will be referred to the institution. The Captain and hospital security will be notified.

19. PREPARATION OF VISITING LISTS. The correctional counselor will be responsible for approving the proposed visiting list the inmate submits and for preparing all documents required. The correctional counselor will complete and sign the inmate's visiting list. It will be copied and filed in the visitation computer in the front lobby, with a copy going to the inmate. This should be accomplished within the first five days after the inmate's arrival. The correctional counselor will also be responsible for additions to the visiting list, filing the updated list, and destroying the old list. All additions will be typed on the original form and initialed by the person making the correction. The counselor will provide the inmate a copy of the visiting regulations during the Admissions and Orientation period. Unless unusual circumstances exist, an inmate

transferred from another Federal Bureau of Prisons institution will not need to have his visitors already on the visiting list approved a second time.

The Unit Team shall notify the inmate of each approval or disapproval of a requested person. The inmate is responsible for notifying the visitor of the approval or disapproval to visit and is expected to provide the approved visitor with a copy of the visiting guidelines. (Attachment A & A2)

20. VISITOR DRESS. The Front Lobby Officer will ensure all visitors are appropriately dressed. Visitors will dress appropriately and avoid clothing styles that are suggestive. See through garments, sleeveless tops, overly tight fitting clothes, plunging necklines, or garments that expose private parts of the body will not be permitted to be worn in the visiting room. Skirts, shorts, culottes, and dresses will not be higher than two inches above the top of the knee. Halter tops, wrap-around skirts, spandex, caps, hats, and clothing with logos that may indicate gang affiliation or bathing-suit type attire will not be permitted. Provocative attire worn by men or women is reason to deny visiting. A visit may be terminated in order to maintain good taste and consideration for others. No **khaki or green** clothing similar to inmate attire or camouflage clothing is to be worn by visitors inside the visiting room. Women should avoid wearing underwire bras since they may not clear the metal detector.

The Front Lobby Officer will notify the Operations Lieutenant of any potential visitor considered not to be appropriately dressed. The Lieutenant will proceed to the front lobby area and determine whether the visitor is dressed appropriately. When a visit is not allowed, the Operations Lieutenant will document the reason(s) in the Lieutenant's Log.

21. PERSONAL BELONGINGS. Cellular phones, pagers, or any other electronic devices will not be allowed into the visiting room at any time. Visitors' personal property which will be allowed into the visiting room is as follows:

Reference is made to Program Statement, Searching and Detaining or Arresting Persons Other than Inmates. It is the responsibility of the Front Lobby Officer to search items of personal property prior to admittance to the visiting room and to ensure that all visitors pass through the metal detector just prior to admittance to the visiting room.

Visitors failing to clear a walk-through metal detector must be searched using a hand-held metal detector. Failure to clear the hand-held metal detector may qualify as reasonable suspicion to perform a further pat or visual search.

Random Electronic Searches. All visitors and their property/belongings will be randomly searched by electronic means (walk-through or hand-held metal detector, ion spectrometry devices, x-ray screening for personal containers and belongings, etc.).

October 31, 2008

23. RECORD OF VISITORS. The Front Lobby Officer will ensure all visitors read and sign the Notification to Visitor form (BP-224(52)) and sign the Inmate Visitor's Log Book. This will ensure all visiting is recorded and a file is maintained on all visitors. The visitor will complete the Notification to Visitor form in the lobby and the escorting officer will carry it to the visiting room. The Visiting Room Officer will forward the completed BP-224's to the Captain's Office. The Visiting Room

Officer will maintain a daily log of all visits.

24. INMATE NOTIFICATION AND IDENTIFICATION. Once the visitor has entered the visiting room, the Visiting Room #1 Officer will contact the inmate's work detail supervisor or housing unit officer and inform them of the visit. Upon arrival, he must present his inmate identification card to the officer.

Inspections should determine that the visits are being conducted in an acceptable manner to ensure the security and orderly running of the institution. Inmates are not allowed to visit with other inmates and/or other inmates' visitors.

Inmates entering the Visiting Room, will report to the Visiting Officer for processing prior to being seated. The vending machine areas are off limits to all inmates at all times. Additionally, inmates are not permitted in the areas designated for children.

A visual search shall be performed on all inmates prior to leaving the visiting room. Searches shall be conducted out of view of visitors and in privacy. All searches shall be recorded in a visual search log book located in the inmate processing area.
