  2. DIRECTIVES AFFECTED:
    - A. Directives Referenced  
P. S. 5267.08, Visiting Regulations. (5/11/06)
    - B. Directives Rescinded  
SAF 5267.06F, Visiting Regulations. (03/20/07)
  3. CORRECTIONAL STANDARDS REFERENCED:  
ACA: 4-4498, 4-4499, 4-4499-1, 4-4500, 4-4501, 4-4502, 4-4503, 4-4504, 4-4156, 4-4267
  4. VISITING FACILITIES: An indoor visiting room is provided. Except for the use of restroom facilities, inmates and visitors will remain within the designated area for the visit. Inmates will be called to greet their visitors after each visitor has registered and entered the area. Upon conclusion of the visit (visitors have departed), inmates will remain in the visiting room until they are identified by picture cards and have had a visual body search.
  5. ACCEPTABLE IDENTIFICATION: All visitors, with the exception of children under sixteen years, must present a photo identification prior to being admitted for a visit. Acceptable forms of identification are a valid drivers license, a passport or other government issued photo identification. If a photo identification from a foreign country is used, documentation from a United States Government source must be presented showing legal entry into the United States before a visitor can be processed into the institution.

6. PRECAUTIONARY PROCEDURES: As precautionary procedures to prevent potential escapes by inmates during visiting, FCI Safford will utilize five (5) procedures to assist with identification of visitors or inmates.
- A. Sign In/Out Log: One log will be maintained. The log will be located in the front entrance. All visitors, 16 years of age or older, must sign the log prior to admittance and departure. The log must include the visitor's printed name, the visitor's signature, time of arrival, time of departure, the inmate's name that is being visited, and register number.
  - B. Hand Stamps/Black Light procedures: A hand stamp will be selected and rotated on a daily basis. Additionally, the hand that is stamped will be periodically changed. All visitors will be required to show the proper hand stamp on the proper hand prior to departure.
  - C. Identification for all visitors will be maintained by the Visiting Room Officer. Identification will be returned to the visitors after the visit has been completed and the visitor has signed out in the Log Book in the lobby.
  - D. All inmates will be accounted for and identified via commissary card or picture card prior to any visitor departing.
  - E. The staff member identifying the visitor into the institution should be the same staff member identifying the visitor out of the institution.
7. VISITING HOURS: Regular visiting will be between the hours of 8:00 a.m. and 3:00 p.m., Saturday, Sunday, and all designated FEDERAL holidays.

To ensure a prospective visitor the opportunity to visit, they must arrive in the lobby no later than 2:30 p.m. Visitors will not be processed between 10:15 a.m. and until the control center officer has received a good verbal count for the 10:45 a.m. count. Inmates will not be called to the visiting room until the count has cleared.

8. AUTHORIZED VISITORS: All prospective visitors, including confirmed inmate immediate family members, are subject to a background check and approval. All visits must have prior approval for immediate family, relatives, and friends. Immediate family is defined as a mother, father, step-parents, foster parents, brothers, sisters, wife, common law wife, and children. All visitors must be on the inmate's approved visiting list. Children under the age of sixteen (16) must be accompanied by their parent or legal guardian who must be on the approved visiting list. Children ages sixteen (16) and seventeen (17) must be on the approved visiting list and also accompanied by their parent or legal guardian who must be on the approved visiting list.

In the event of the failure of the visiting computer system, a backup system will be utilized. This requires the front entrance officer to notify a member of the unit team when a visitor arrives for a specific inmate. The unit team member will then review Section 3 of the inmate's Central File for approved visitors and notify the front entrance officer whether or not the visitor is authorized.

The following procedures shall be in effect regarding visiting lists: Inmates are encouraged not to schedule social visits within the first four days of incarceration at Safford. This procedure will allow time for staff to review and to complete all visiting lists. During initial orientation, each inmate will complete a visiting list which will be forwarded to the appropriate Correctional Counselor for verification and NCIC check. The Warden may limit visits to the immediate family during the Admission and Orientation period where there is neither a visiting list from a transferring institution, nor other verification of visitors.

The Correctional Counselor is responsible for preparing the official visiting list. An approved list of visitors will be placed in the Central File (Section 3), and maintained on the computer program.

In order for an inmate to receive a visit or to have a name added to the visiting list, the inmate must send a visiting form letter to his prospective visitor for response. This request will provide pertinent information for the Correctional Counselor in regards to legal name, address, occupation, relationship to individual, etc.

After the prospective visitor returns the information forms, the Correctional Counselor will investigate and verify the name or names submitted by the inmates for their approved visiting list. All questions on the Visitor Notification form will be completely filled out by the visitor.

If the Unit Manager believes a proposed visitor is a security risk based upon their criminal history, a memo recommending disapproval will be routed to the Warden. If disapproved by the Warden, the inmate will be notified that the visitor was disapproved for security reasons. Due to Privacy Act guidelines, the inmate will not be provided any additional information. A copy of the disapproval memo will be attached to the visitor's background check and filed in the FOI exempt section of the inmate's central file.

Inmates may modify their visiting list every thirty days by submitting an Inmate Request to his Correctional Counselor. A written response from the Unit Team on the Inmate Request Form will be provided on all cases. Inmates will receive an answer within four (4) working days.

9. PRIOR RELATIONSHIP HISTORY: Upon receiving the Visitor information form (BP-629) from the visitor, the Correctional Counselor will review the form. After reviewing the form, if there is no prior relationship history, a memorandum for the Warden's signature will be prepared for approval/disapproval. The only exception would be if an immediate family member was to marry and the inmate had never met the person.
10. NUMBER OF VISITORS FOR EACH VISIT: Each inmate will be ordinarily limited to four (4) visitors who occupy a seat in the visiting area at any one time. This includes children. Infants who do not occupy a seat and are held by an adult do not count toward the four visitor limitation. An inmate request to staff (cop out) to the Unit Manager is to be submitted for approval of additional visitors. Failure to supervise children may result in termination of the visit.
11. SPECIAL VISITS: Except in cases of emergency or demonstrated need, visits will be restricted to visiting hours. Other special visits may be approved by the Associate Warden where it is evident the visit cannot occur during visiting hours. Special visits must be approved at least 24 hours in advance. These visits will ordinarily be

supervised by Unit staff.

12. ATTORNEY VISITS: Inmates desiring visits with their attorneys will make prior arrangements with the Unit Team. Attorney visits will be encouraged to take place during normal inmate visiting hours. However, every effort will be made to accommodate attorney visits. Attorneys will be screened upon arrival at the institution and will be required to submit proper identification along with a current State Bar Card. Attorney visits on non visiting days, will be supervised by Unit staff.
13. SUPERVISION OF VISITORS: The Visiting Room Officer will supervise all regular visits.
  - A. It is the responsibility of the Visiting Room Officer to monitor behavior, maintain order, and supervise visits. Inappropriate behavior, misconduct, or failure to comply with regulations will be brought to the attention of the inmate, visitor(s), and warnings will be documented in the warning log book.
  - B. The Institution Duty Officer (IDO) or Operations Lieutenant will have the authority to terminate visits due to inappropriate conduct. Misconduct may result in disqualification of the visitor and/or disciplinary action against the inmate.
  - C. The introduction or attempted introduction of contraband will be subject to Federal Law and Federal Prison System guidelines. To ensure that contraband items are not brought into the institution, all inmates will be pat searched upon entry to the visiting room and a visual body search upon leaving the visiting room.

Inmates are not permitted to take any items into the visiting room except legal papers (approved in advance by the Unit Team) and items identified in paragraph 19-B.

Contraband will be confiscated and the Operations Lieutenant will be notified immediately by the Visiting Room Officer who confiscates the contraband. Any visitor who introduces or attempts to introduce contraband will be subject to having their visiting

privileges suspended/terminated as well as possible prosecution.

14. VISITS FOR PERSONS NOT IN GENERAL POPULATION:

A. Detention or Segregation Status:

1. Generally, an inmate retains visiting privileges while in detention or segregation. However, visiting may be restricted or disallowed when an inmate (while in detention or segregation) is charged with or was found guilty of a prohibited act related to visiting guidelines or has acted in a way which would reasonably indicate a threat to the security or good order in the visiting room. Loss of visitation may not otherwise occur unless it has been sanctioned by the Discipline Hearing Officer (DHO).
2. Inmates with separates in Special Housing Unit or in general population will not be allowed visiting privileges.
3. No more than two inmates from the Special Housing Unit (SHU) will be allowed in the Visiting Room at one time. If more than two SHU inmates request visiting on the same day, time restrictions may be imposed.
4. SHU inmates will receive a visual search prior to leaving the SHU and once again at the conclusion of their visit. SHU inmates will wear the orange jumpsuit during their entire visit and will be required to sit nearest to the Visiting Room Officer as possible.

- B. Hospital Patients: There will be no visits unless recommended by the Unit Manager through the Health Services Administrator and Captain and approved by the AW. If a visit is approved, only one visitor will be allowed in the room and the visiting guidelines of the local hospital must be followed. These same procedure will apply to inmates hospitalized in Tucson hospitals. The Captain will notify the Contract Security services staff of the approval of any approved visit.

- C. Holdover Inmates: Inmates on holdover status will not be allowed to visit at the same time as inmates in the general population. Visiting for inmates on holdover status will be conducted on Thursday evenings, between the hours of 5:00 p.m. and 8:30 p.m.. Visits for holdover inmates must be arranged in advance and only two members of the inmate's immediate family will be allowed to visit at one time. The visits will be supervised by unit team members and all policies and regulations will be adhered to.
15. TERMINATION OF VISITS: Normally, there will be no restrictions on the length of visits during visiting hours. If termination of a visit occurs, the first visitors processed in for visiting will be the first terminated (after they have visited for three hours). Additional consideration will be given to visitors who rarely have the opportunity to visit or to those visitors who have traveled a significant distance for a visit. Should a visit be terminated, a written report will be submitted by the Institution Duty Officer to the Warden documenting the reason and describing the circumstances which led to the decision. Should a visit be terminated due to misconduct, an incident report will be written against the inmate involved.
16. Penalty for Violation of Visiting Regulations: Any act or effort to violate the visiting guidelines of FCI Safford, will result in disciplinary action against the inmate.

The IDO and Operations Lieutenant will be notified prior to any search of religious headwear. Once approval for the search of the headwear is approved by the Warden or his/her designee, a staff member of the same sex as the visitor wearing the religious headwear should ask the visitor if they would consent to a visual inspection of their headwear. If the visitor refuses, the visitor will not be allowed to enter the institution. If the visitor consents to the search, the staff member should escort the visitor to a private place. The visitor then should be instructed to remove the religious headwear to allow the staff member to conduct a search of the headwear.
