

Form 14. BALLOT FOR ACCEPTING OR REJECTING PLAN

COMMITTEE NOTE (1991)

The form is derived from former Official Form No. 30. The form has been amended to facilitate the voting of a debtor's shares held in "street name." The form may be adapted to designate the class in which each ballot is to be tabulated. It is intended that a separate ballot will be provided for each class in which a holder may vote.

1997 COMMITTEE NOTE

The form has been substantially amended to simplify its format and make it easier to complete correctly.

Directions or blanks for proponent to complete the text of the ballot are in italics and enclosed within brackets. A ballot should include only the applicable language from the alternatives shown on this form and should be adapted to the particular requirements of the case.

If the plan provides for creditors in a class to have the right to reduce their claims so as to qualify for treatment given to creditors whose claims do not exceed a specified amount, the ballot should make provisions for the exercise of that right. See section 1122(b) of the Code.

If debt or equity securities are held in the name of a broker/dealer or nominee, the ballot should require the furnishing of sufficient information to assure that duplicate ballots are not submitted and counted and that ballots submitted by a broker/dealer or nominee reflect the votes of the beneficial holders of such securities. See Rule 3017(e).

In the event that more than one plan or reorganization is to be voted upon, the form of ballot will need to be adapted to permit holders of claims or equity interests (a) to accept or reject each plan being proposed, and (b) to indicate preferences among the competing plans. See section 1129(c) of the Code.
