A. As part of the medical examination, all Contract employees must submit to an initial urine drug screening that tests for the following five (5) substances at the following cutoff levels (nanogram per milliliter, ng/ mL):

<u>Substance</u>	<u>Cutoff Level (ng/mL)</u>
Marijuana metabolites	50
Cocaine metabolites	300
Opiate metabolites	2,000
Phencyclidine	25

- B. The Contractor will perform random drug screening of 5% of the guard force assigned to this contract over a 12- month period. Contract Security Officers must resubmit to a urine drug screening upon renewal of physical forms every three years.
- C. Drug screening methodology shall conform to the U.S. Department of Health and Human Services Substance Abuse and Mental Health Services Administration's (SAMHSA) "Mandatory Guidelines for Federal Workplace Drug Testing Programs." These guidelines can be accessed via the Internet at: www.health.org/GDLNS-94.htm or at: <http://wmcare.samhsa.gov>.¹ The Contractor is strongly urged to use one of the laboratories listed on SAMHSA's "Current List of Laboratories Which Meet Minimum Standards To Engage in Urine Drug Testing for Federal Agencies," which is accessible via the Internet at: www.health.org/labs/index.htm or at: <http://wmcare.samhsa.gov>; This list is updated on a monthly basis. If the Contractor chooses to use a laboratory not shown on SAMHSA's current list, the Contractor must verify whether the laboratory's methodology conforms to SAMHSA's guidelines prior to utilizing that laboratory to perform drug screenings.
- D. Other drug testing methods (hair, sweat patch, etc.) are commercially available but are not acceptable for the purposes of this Contract, due to widely varying standards of testing and laboratory reliability results. However, if SAMHSA does issue guidelines on alternative drug screening methods, the Contract may be modified to permit the use of those methods.
- E. The presence of a positive reading for *any* of the above substances over the designated cutoff level for that substance shall automatically disqualify an applicant from working under this or any other FPS Security Officer services contract. Since most drugs are metabolized within a short period of time (from several hours to several days), the Contractor *shall not* permit any applicant to take multiple tests in order to receive an acceptable reading.
- F. The Contractor is responsible for all costs associated with obtaining the medical evaluation and drug screening for each Contract employee. All costs must be factored into the offering prices.

- A. The CO or COTR shall have the express right to request targeted urine drug screenings where there is a reasonable belief by the Government that the Contract employee(s) may be under the influence of or using illegal substances. Targeted screenings shall be conducted in a similar fashion to random screenings, with the exception that the CO will advise the CM in writing that s/he requests a drug screening of a specific Security Officer. Once the written request is received, the CM shall arrange for the test to be conducted as soon as possible, but not later than three working days. The Contractor shall pay the Contract employee the normal hourly rate/salary for all time associated with taking the screening. Each screening shall follow the guidelines described in paragraph 15.4 above.
- B. Contract employees who undergo targeted urine drug screenings may continue working under the Contract until the results have been provided to the Contractor. In the event that the results of any urine drug screening are negative, the Government shall bear the expense of the screening. This does not apply to the pre-employment urine drug screening. In the event that the results are positive, the Contractor shall immediately remove the Contract employee(s) with a positive reading from the Contract and immediately inform the COTR and CO of the result and the employee's removal from

¹ The cutoff level for Opiate metabolites listed in the internet-ready guidelines is 300; however, that number has been revised by SAMHSA and the new cutoff level is shown in paragraph (A) above.

the Contract. Additionally, the Contractor shall bear all the expenses relating to the test for the employee(s) with the positive reading.

- C. Any Contract employee who undergoes either a random or targeted urine drug screening and tests positive for any of the substances shown above shall be permanently disqualified from working under this or any other FPS Security Officer services contract. Since most drugs are metabolized within a short period, the affected Contract employee *shall not* be authorized to take additional tests to achieve an acceptable reading.

- A. In accordance with the SGIM, the Contractor shall be responsible for maintaining satisfactory standards of employee competency, conduct, appearance, and integrity, and shall be responsible for taking such disciplinary action with respect to his employees as may be necessary.

- B. If the CO made the initial decision, a senior manager within the FPS Regional Office or headquarters Security and Law Enforcement Division will review the appeal. Therefore, all personnel must provide the required information and documents to the COTR within 10 calendar days after Contract award.
- B. The Contractor should follow the procedures listed below to obtain an FPS certification card for each Contract employee:
 - 1. Conduct an initial employment screening to determine whether the prospective employee meets the Contractor's specific hiring requirements and the Contract eligibility requirements, including medical and drug testing (see Section 12 above);
 - 2. Submit the suitability package to the COTR and await the results of the adjudication. This process may take approximately one to three months if all forms are legible and complete. However, preliminary suitability is usually determined within a week of the submission of the paperwork. The Contractor will be notified whenever there is an instance where there is a preliminary unfavorable adjudication decision so that the Contractor can determine how to proceed with the employee's training, testing, etc.
 - 3. Schedule required Government-provided training and testing/qualifying with FPS and schedule/conduct all other Contractor-provided training requirements;² this does not include the FPS Written Exam.
 - 4. After the Contractor employee receives favorable suitability adjudication results and the employee successfully completes the training and passes the required examination(s), the Contractor shall submit the following information to the COTR for an FPS certification card:

² The Contractor may proceed with Contractor-provided training while awaiting results of the suitability adjudication process.

17.3 Suitability Determination / Entry on Duty Decision

- A. DHS shall have and exercise full control over granting, denying, withholding or terminating unescorted access to a Government facility and or sensitive Government information access for Contractor employees, based upon the results of a background investigation. DHS may, as it deems appropriate, authorize and make favorable entry on duty (EOD) decision based on preliminary security checks. The favorable EOD decision would allow the employees to commence work temporarily prior to the completion of the full investigation. The granting of a favorable EOD decision shall not be considered as assurance that a full employment suitability authorization will follow as a result thereof. The granting of a favorable EOD decision or a full employment suitability determination shall in no way prevent, preclude, or bar the withdrawal or termination of any such access by DHS, at any time during the term of the Contract. No employee of the Contractor shall be allowed unescorted access to a Government facility without a favorable EOD decision or suitability determination by the DHS Security Office. Contract employees assigned to the Contract not needing access to sensitive DHS information or recurring access to DHS' facilities will not be subject to security suitability screening.

 - 2. All persons assigned by the contractor to perform work with the United States on the Federal contract.
- C. Contract employees awaiting an EOD decision may begin work on the contract provided they do not access sensitive Government information. Limited access to Government buildings is allowable prior to the EOD decision if a Government employee escorts the contract employee. This limited access is to allow contractors to attend briefings, non-recurring meetings and begin transition work. The EOD determination does not substitute for the required background investigation.

- A. After award of the Contract and prior to any Contract employees being permitted to work under the Contract, the Contractor is responsible for ensuring that the Contract employees receive formal suitability adjudication by FPS. All Contract employees shall receive formal suitability adjudication by FPS, including the CM, Supervisors, Quality Assurance personnel and all other company officers that visit the work sites. Contractor suitability determinations are to be made in accordance with the criteria outlined in 5 CFR 731.202.

In certain locations, FPS may have an electronic fingerprint-scanning machine, which the Contractor is encouraged to use for fingerprinting Contract employees. Upon receipt of the completed, legible forms, FPS will submit the fingerprints for review by the FBI. FPS will use the information provided by the Contractor and the FBI to make a determination regarding the Security Officer's suitability to work under an FPS Contract. If the forms are complete and legible, the entire evaluation process will take from one (1) week to several months, depending on current processing times. For planning purposes, the Contractor should always assume that the standard processing time is one (1) month and should plan paperwork submissions accordingly. Standard Form 85P, "Questionnaire for Public Trust Positions" Form must be submitted via OPM "e-QIP" (electronic Questionnaires for Investigation Processing)".
1. ELECTRONIC SUBMISSION-OPM "e-QIP" Process: Fill out the ICE "Contractor Information Worksheet", proofread for completeness. Send it to the FPS COTR. They can fax or mail to the FPS Regional Contract Suitability Adjudication Office for continued processing.
- D. Illegible or incomplete forms submitted by the Contractor will be returned and will result in delays in the adjudication process. Therefore, the Contractor must ensure that all forms submitted to FPS are complete, legible, and accurate. FPS shall not be responsible for any delays that occur due to the Contractor's failure to submit complete, accurate, and legible forms to FPS.
- E. All federal agencies are required to implement Homeland Security Presidential Directive 12 (HSPD-12) and must follow the minimum background investigation requirements of National Agency Check with Written Inquiries (NACI) or other suitability or national security investigation prior to credential issuance.
- F. If a determination of ineligibility is made, the individual will be formally notified and informed of the reason(s).
- G. If FPS finds a Contract employee to be unsuitable to work as a result of the suitability investigation under the Contract, the Contractor shall be advised immediately that such employee cannot work or be assigned to work under the Contract, and the Contractor shall in turn immediately remove the

affected employee from the Contract. The Security Officer or the Contractor may appeal the suitability determination to the CO. However, in such cases the Contractor shall proceed with the hiring process at their own risk until the final determination of the Security Officer's suitability has been accomplished. Under no circumstances shall a Contract employee who has received a notice of unfavorable (unsuitable) adjudication work under this or any FPS Security Officer service contract. This requirement also applies to Contract employees whose unfavorable adjudication is pending appeal. Disqualifying information includes but is not limited to the following:

1. Conviction of a felony, a crime of violence, or a serious misdemeanor;
 2. Possessing a record of arrests for continuing offenses;
 3. Falsification of information entered on suitability background investigation forms.
- H. Once a favorable adjudication has been made by FPS, the Security Officer is suitable to work under the Contract for five (5) years (if nothing occurs within the 5-year period that would render the Security Officer unsuitable for continuing performance under the Contract). The Contractor shall immediately notify the COTR and the CO in writing of any circumstances that arise which could possibly affect any Contract employee's suitability status (e.g., arrests, convictions, and/or termination of employment by the Contractor for cause, such as misconduct or neglect of duty). The Contractor is responsible for renewing the Security Officer's suitability clearance prior to its expiration. Any Security Officer who continues to work under the Contract after his/her suitability clearance has expired shall be removed from the Contract until a new favorable suitability determination is made. The Contractor should make every effort to submit a new suitability package to FPS at least 30 days prior to the current suitability expiration date.
1. Any investigation conducted by or for another federal agency on a contractor that is of the same or higher type and scope as the one required for the position is sufficient to meet the investigation requirements provided it was conducted within the past five years.
 2. Any investigation conducted by or for another federal agency on a contractor whose scope is less than that required for the position can be upgraded as provided for by OPM to meet the investigation requirements of the position if it was conducted within the past five years.
- I. For employees cleared through this process while employed under a predecessor contract (providing the same services), the suitability determination made under the previous contract will carry over to the new contract. However, the Contractor will be required to submit new suitability applications once the Security Officers' current suitability clearances expire.
1. Contractors who have been investigated and approved by Components prior to the issuance of DHS-MD 11055, "Suitability Screening Requirements for Contractors" to work on unclassified contracts are eligible to remain on the contract even though they may not have the investigation commensurate with the risk level indicated in Appendix 1. Such contractors cannot perform work under a different contract or at a different risk level until the investigative requirements in Appendix 1 are met.
 2. Lawful Permanent Residents are not eligible (1) to transfer between contracts; (2) for an upgrade to another position; or (3) to remain on a contract after a re-compete and award.
- J. FPS shall have and exercise full and complete control over granting, denying, withholding, or terminating suitability clearances for employees. FPS may, as it deems appropriate, authorize and grant temporary clearances to employees of the Contractor. However, issuance of a temporary

clearance to any such employee shall not be considered as assurance that full clearance will be granted as a result or condition thereof, and the granting of either temporary or full clearance shall in no way prevent, preclude, or bar the later withdrawal or termination of any such clearance by the Government.

18 Security Clearance Requirements

18.1 Background Investigations

- A. In addition to meeting the FPS background suitability check described in the SOW, additional security clearances may be required by the Contract and task order(s). These clearances will be provided by the Department of Defense Security Service (DSS), the Department of Energy (DOE), the Nuclear Regulatory Commission (NRC), or other agency, as appropriate (refer to Exhibit 6C for further information as to whether this Contract will require such clearances). Where such clearances are required, employees shall be subject to a security investigation by the Government prior to being allowed to work at the site. This requirement may also pertain to officers of the firm, who for any reason may visit the work site(s) during the term of the Contract. Employees may not work at the site until the Contractor receives a DD Form 560 (Letter of Consent), for the individual employee from DSS, or receives a final clearance from DOE, NRC, or other agency.
- B. The Government shall notify the Contractor of the required security classification of this Contract and the elements thereof, and of any subsequent revisions in such security classifications, by use of Security Requirements Checklist (DD Form 254), or other written notification.
- C. In all areas requiring a DOD, DOE, NRC, or other agency security clearance, the Contractor shall comply with the provisions of the most currently available National Industrial Security Program Operating Manual (NISPOM). This publication may be obtained online at www.dss.mil or from the Superintendent of Documents, U.S. Government Printing Office, Mail Stop SSOP, Washington, DC 20402-9238 (ISBN: 0-16-045560-X). Application forms required for DOD personnel security clearances shall be obtained from Defense Security Service (DSS) at www.dss.mil; for DOE clearances at www.doe.gov; and for NRC at www.nrc.gov. Each designated employee must complete all applicable forms. The Contractor shall notify the COTR in writing within five calendar days of receipt of authorization for employees to be assigned to classified areas. (See Part III, Exhibit 6A, Security Clearance Requirements).
- D. A security clearance determination of whether an individual should be eligible for access to classified information is a process separate and distinct from the suitability determination and is conducted in accordance with DHS MD 11035, Industrial Security Program. For contractors processed in accordance with DHS MD 11035, the investigative standard for access to Secret classified information will be a MBI. The minimum investigative standard for access to Top Secret classified information will be a SSBI. Each designated employee must complete all applicable forms.
- E. The Government will provide the Contractor with the appropriate personnel security questionnaire and fingerprint forms that are to be completed for each Contract Security Officer employee performing under this Contract, as well as the firm employees, who may, in the performance of this Contract, visit the work site.
- F. Contract employees (to include applicants, temporaries, part-time and replacement employees) under the contract needing access to sensitive information shall undergo a position sensitivity analysis based on the duties each individual will perform on the contract. The results of the position sensitivity analysis shall identify the appropriate background investigation to be conducted. All background investigations will be processed through the Security Office. Prospective Contractor employees with

adequate security clearances issued by the Defense Industrial Security Clearance Office (DISCO) may not be required to submit complete security packages, as the clearance issued by DISCO may be accepted. Prospective Contractor employees shall submit the following completed forms to the Security Office, through the COTR, no less than 30 days before the starting date of the Contract or 30 days prior to entry on duty of any employees, whether a replacement, addition, subcontractor employee, or vendor.

- a. Standard Form 85P, "Questionnaire for Public Trust Positions"
- b. Standard Form 85P-S, "Supplemental Questionnaire for Selected Positions"
- c. Lautenberg Amendment Statement (plus one copy)
- d. FD Form 258, "Fingerprint Card" (2 copies)
- e. Foreign National Relative or Associates Statements
- f. DHS 11000-9, "Disclosure and Authorization Pertaining to Consumer Reports Pursuant to the Fair Credit Reporting Act"
- g. Contractor Information Worksheet
- h. E-Verify Confirmation Notice

Required forms will be provided by DHS/ FPS at the time of award of the contract. Only complete packages will be accepted by the DHS/ FPS Contract Suitability Adjudication Program Office. Specific instructions on submission of packages will be provided upon award of the contract. Standard Form 85P, "Questionnaire for Public Trust Positions" Form will be submitted via e-QIP (electronic Questionnaires for Investigation Processing). (For the Electronic Submission process refer to Chap. 17.4C.1 above).

- G. The Contractor is responsible for all costs associated with obtaining and renewing the applicable security clearances for each affected Contract employee. The costs should be factored into the offering prices, as they will not be itemized or paid for separately by the Government.
- H. The Contractor is advised to only submit security packages on suitable prospective employees whose integrity, credit, and character will meet the security suitability requirements of DHS. DHS will likely consider as being unsuitable prospective employees who fail to truthfully represent their credit history; who make no attempt to pay debts; and whose character could be questionable because of serious arrests, illegal drug use, or abuse of alcohol.
- I. Unless an applicant/employee has resided in the U.S. for three of the past five years, the Government may not be able to complete a satisfactory background investigation. In such cases, DHS retains the right to deem an applicant/employee as ineligible due to insufficient background information.

18.2 Access To Classified Information (Contractor)

- A. The DHS has determined that the performance of this Contract requires that the Contractor, subcontractor(s), vendor(s), etc., (herein known as Contractor) require(s) access to sensitive DHS information or classified National Security Information (herein known as classified information). Classified information is Government information that requires protection in accordance with Executive Order 12958, Classified National Security Information, and supplementing directives.

- B. See Exhibit 6C, Security Clearance Requirements, for a determination of which, if any, Contractor facilities and Contractor personnel, including Contract Manager or Supervisor, assigned to this Contract are required to possess up to a TOP SECRET security clearance.
- C. If access to classified information is required as identified in Exhibit 6C, the Contractor will abide by the requirements set forth in the DD Form 254, Contract Security Classification Specification, DHS MD 11035 (Industrial Security Program), and the National Industrial Security Program Operating Manual (NISPOM) for the protection of classified information at its cleared facility, if applicable, as directed by the Defense Security Service. If the Contractor has access to classified information at a DHS or other Government facility, it will abide by the requirements set by that agency. If these procedures are not properly followed by the Contractor, it will result in deductions from monthly invoices.
- D. The Contractor and all applicable personnel shall be cleared pursuant to the Defense Industrial Security Regulations, or other applicable regulations. The Prime Contractor shall hold a Secret facility clearance at time of proposal submission in order to be considered for contract award.
- E. If access to classified information is required as identified in Exhibit 6C, the Contractor must possess a up to a TOP SECRET facility clearance consistent with the DHS MD 11035, Industrial Security Program prior to Contract award.

18.3 Continued Eligibility

- A. A contractor on whom unfavorable or derogatory information has been uncovered must be presented with the information and offered an opportunity to refute, explain, clarify, or mitigate the information in question. If a determination of ineligibility is made, the individual will be formally notified and informed of the reason(s). If a prospective employee is found to be ineligible for access to Government facilities or information, the COTR will advise the Contractor that the employee shall not continue to work or to be assigned to work under the Contract.
- B. The Security Office may require drug screening for probable cause at any time and/or when the Contractor independently identifies circumstances where probable cause exists.
- C. DHS reserves the right and prerogative to deny and/or restrict the facility and information access of any Contractor employee whose actions are in conflict with the standards of conduct, 5 CFR 2635 and 5 CFR 3801, or whom DHS determines to present a risk of compromising sensitive Government information to which he or she would have access under this Contract.
- D. The Contractor will immediately report any adverse information coming to their attention concerning contract employees under the contract to the COTR. Reports based on rumor or innuendo should not be made. The subsequent termination of employment of an employee does not obviate the requirement to submit this report. The report shall include the employees' name and social security number, along with the adverse information being reported.
- E. The Contractor must notify the Security Office of all terminations/resignations within five (5) days of occurrence. The Contractor will return any expired DHS/FPS issued identification cards and building passes, or those of terminated employees to the COTR. When a controlled personnel identification system is used by a tenant agency at a site at which the Contract employee is assigned for duty, and the tenant agency provided the Contract employee with the necessary Government identification, the Contractor shall ensure that all Government identifications are returned to the issuing agency when employees are terminated or resign, or upon expiration of the Contract, whichever comes first. If an

identification card or building pass is not available to be returned, a report must be submitted to the COTR, referencing the pass or card number, name of individual to whom issued, the last known location and disposition of the pass card.

19 Contractor's Personnel Filing System

- A. To minimize duplication of effort by the FPS and the Contractor, the Contractor shall maintain personnel files on-site for all employees who work under this Contract. Files shall be maintained at the Contractor Manager's office and will be made available to the COTR on a continuous basis. Each guard's file must contain the following information:
1. Application for employment, including SF85P, FD 258, resume or detailed prior work history and references;
 2. Results of all criminal history checks obtained by the Contractor;
 3. Employment Eligibility Verification (e-Verify) Confirmation Notice;
 4. A copy of DHS 11000-6 *Non-Disclosure Agreement*,
 5. A copy of high school diploma, GED certificate, college transcripts, military records, or POST training completion;
 6. Records of all basic and refresher training attendance and, where required, test scores;
 7. Records of current firearms training and qualification scores, where required by the Contract;
 8. Records of all successfully completed Government-provided training;
 9. A copy of most recent CPR, First Aid, and AED certification card;
 10. Results of all drug screenings administered (both pre- and post- employment);
 11. A copy of the DHS certification card as required by the COTR;
 12. A copy of all firearm licenses and certifications required by state and local regulations;
 13. Records of guard's suitability information (including date current suitability expires);
 14. Copies of all complaints, investigations, and disciplinary actions taken by the Contractor against the employee for all infractions committed under the Contract;
 15. A copy of all commendations, awards, letters, and other documents given to the employee as a result of work performed under this Contract; and
 16. A copy of any National Security Information clearance issued, where required by this Contract (i.e., Secret/Top Secret).
 17. To comply with the Health Insurance Portability & Accountability Act (HIPAA), the Medical Evaluation (SF-78) may be filed separately by the Contractor.

- B. The CO or COTR shall have the express authority to review any Contract employee's file at any time during the course of the Contract. The Contractor shall maintain all personnel files for a minimum of five (5) years after Contract closeout (upon receipt of release of claims).
- C. The CO or COTR can request, at any time during the course of the Contract, a spreadsheet or other tracking system (either in paper form or in electronic form) that clearly details the status of all Contract employees pertaining to Contract requirements.
- D. The Contractor may maintain either a hard-copy (paper) file or a computerized system containing all the information required above. However, if the Contractor uses a computerized filing system, all forms must be scanned into the computer and must be legible.
- E. False statements, certification, or falsification of any documents required in this Contract by the Contractor, Contract Manager, or any Contract employee shall be punishable under US Code Title 18, Chapter 47, Section 1001, Fraud and False Statements. Additionally, the Government may initiate investigations by its Office of Inspector General or the regional FPS Criminal Investigations Branch, may initiate debarment proceedings, and/or may take Contractual remedies, up to and including termination for default. Under no circumstances whatsoever will the Government tolerate falsification of required documents.

20 Performance Evaluations

- A. The CO and/or COTR shall meet with the Contractor (either in person or via teleconference) on a regular basis, but not less than annually.
- B. The Government shall formally evaluate, in writing, the Contractor's performance *at least* once per year. Whenever possible, the Government shall give the Contractor the opportunity to correct any identified problems/deficiencies prior to a written performance evaluation being given. The Contractor shall be permitted to respond, in writing, to the findings of the performance evaluation. Both the performance evaluation and the Contractor's response shall be filed in the Contract file. Where the Contractor fails to respond in writing to a performance evaluation, the CO shall assume the Contractor's complete concurrence with the findings of the performance evaluation. The CO and/or COTR shall meet with the Contractor prior to all performance evaluations to discuss the results of the Government's quality control findings and the overall performance of the Contract by the Contractor.
- C. The Government shall use the performance evaluations as a factor to determine whether to exercise any available option period and/or as a factor to determine whether to award any future Contract(s) to the Contractor.

a. Liability insurance coverage, written on the comprehensive form of policy, is required in the amount of \$500,000 per occurrence for bodily injury and \$50,000 per occurrence for property damage.

Note: The clause "Insurance" requires that "**The United States of America, acting by and through the Federal Protective service**" be named as an additional insured for general liability.

b. The coverage's specified below, pursuant to FAR 28.207 reflects the minimum insurance required.

Contractors are required to comply with applicable Federal and State workers' compensation and occupational disease statutes. If occupational diseases are not compensable under those statutes, they shall be covered under the employer's liability section of the insurance policy, except when contract operations are so commingled with a contractor's commercial operations that it would not be practical to require this coverage. Employer's liability coverage of at least \$100,000 shall be required, except in States with exclusive or monopolistic funds that do not permit workers' compensation to be written by private carriers.

(2) GENERAL LIABILITY

PAYMENTS

A. Payment will be made on a calendar month basis in arrears upon submission of an invoice. Payment will be due on the 30th calendar day after receipt of a proper invoice or date of receipt of services, whichever is later. In the event the Order begins or ends during the month, payments will be prorated based on the number of calendar days in the respective month.

B. It is the objective of the Government to obtain complete and satisfactory performance in accordance with the terms of specifications and requirements of this Order. The criteria for deductions and adjustments below will be used by the Government in determining monetary deductions for

nonperformance of work under this Order and for adjustments for deficiencies in the performance of work.

C. The Contractor is responsible for submitting accurate invoices that reflect the actual services provided each month. Where there are variances between the requirements cited in the Order(s) and the work actually performed (e.g., unmanned posts), the Contractor shall attach a separate sheet to the invoice detailing each instance of a variance. The Contractor shall compute the invoice price to reflect the actual amount owed. Submission of false invoices shall be subject to contractual and legal actions.

D. To verify the monthly payment for productive man-hours, the Contracting Officer's Technical Representative may compare the man-hours required in the Order with the GSA Form 139, Record of Time of Arrival and Departure from Buildings, or other approved sign-in/sign-out form. The Government may perform a 100% comparison or sampled comparison to verify the accuracy of the Contractor's invoice. The Government will only pay for services actually rendered by the Contractor. If variances are noted between the invoice and the GSA Form 139, the Government will propose an Order deduction. For example, if the Order required that a post be manned for 12 hours, and the Contractor billed for 12 hours, but the GSA Form 139 shows that post was manned for 10 hours, the 10 hours will prevail and the Government will deduct the difference.

Any inquiries regarding payment shall be directed to the Contracting Officer.
