1.3 Information Regarding FPS

- A. FPS is the security and law enforcement component of the Department of Homeland Security, Immigration and Customs Enforcement. FPS is responsible for protecting federally owned or leased facilities. FPS ‘s mission is to provide a safe environment in which Federal agencies conduct their business without fear of violence, crime or disorder.

The costs associated with this requirement must be factored into the Contractor's hourly rate, as they will not be itemized or paid for separately by the Government.

Outdoor posts may require the individual to withstand extreme heat, humidity, cold, and/or severe weather (e.g., snow, sleet, rain, hail, wind) for up to four hours without shelter. Cocaine metabolites	300
Opiate metabolites	2,000
Phencyclidine	25
Amphetamines	1,000

- B. The Contractor will perform random drug screening of 5% of the guard force assigned to this contract over a 12- month period. Contract Security Guards must resubmit to a urine drug screening upon renewal of physical forms every three years.
- C. This list is updated on a monthly basis. If the Contractor chooses to use a laboratory not shown on SAMHSA’s current list, the Contractor must verify whether the laboratory’s methodology conforms to SAMHSA’s guidelines prior to utilizing that laboratory to perform drug screenings.
- D. Other drug testing methods (hair, sweat patch, etc.) are commercially available but are not acceptable for the purposes of this Contract, due to widely varying standards of testing and laboratory reliability results. However, if SAMHSA does issue guidelines on alternative drug screening methods, the Contract may be modified to permit the use of those methods.
- E. The presence of a positive reading for **any** of the above substances over the designated cutoff level for that substance shall automatically disqualify an applicant from working under this or any other FPS security guard services contract. Since most drugs are metabolized within a short period of time (from several hours to several days), the Contractor **shall not** permit any applicant to take multiple tests in order to receive an acceptable reading.
- F. The Contractor is responsible for all costs associated with obtaining the medical evaluation and drug screening for each Contract employee. All costs must be factored into the offering prices.

¹ The cutoff level for Opiate metabolites listed in the internet-ready guidelines is 300; however, that number has been revised by SAMHSA and the new cutoff level is shown in paragraph (A) above.

- A. The CO or COTR shall have the express right to request targeted urine drug screenings where there is a reasonable belief by the Government that the Contract employee(s) may be under the influence of or using illegal substances. Once the written request is received, the CM shall arrange for the test to be conducted as soon as possible, but not later than three working days. The Contractor shall pay the Contract employee the normal hourly rate/salary for all time associated with taking the screening. Each screening shall follow the guidelines described in paragraph 15.4 above.
- B. Contract employees who undergo targeted urine drug screenings may continue working under the Contract until the results have been provided to the Contractor. In the event that the results of any urine drug screening are negative, the Government shall bear the expense of the screening. This does not apply to the pre-employment urine drug screening. In the event that the results are positive, the Contractor shall immediately remove the Contract employee(s) with a positive reading from the Contract and immediately inform the COTR and CO of the result and the employee's removal from the Contract. Additionally, the Contractor shall bear all the expenses relating to the test for the employee(s) with the positive reading.
- C. Any Contract employee who undergoes either a random or targeted urine drug screening and tests positive for any of the substances shown above shall be permanently disqualified from working under this or any other FPS security guard services contract. Since most drugs are metabolized within a short period, the affected Contract employee *shall not* be authorized to take additional tests to achieve an acceptable reading.

17.1 General

- A. All personnel performing on this Contract must meet HSPD-12 requirements and pass a suitability determination conducted by the Government. Contractor personnel will not be able to perform under this Contract until appropriate suitability determinations have been made. The Government will provide all necessary forms at the time of Contract award. The DHS Office of Security will accept only complete and legible security packages. Therefore, all personnel must provide the required information and documents to the COTR within 10 calendar days after Contract award.
- B. The Contractor should follow the procedures listed below to obtain an FPS certification card for each Contract employee:
1. Conduct an initial employment screening to determine whether the prospective employee meets the Contractor's specific hiring requirements and the Contract eligibility requirements, including medical and drug testing (see Section 12 above);
 2. Submit the suitability package to the COTR and await the results of the adjudication. This process may take approximately one to three months if all forms are legible and complete. However, preliminary suitability is usually determined within a week of the submission of the paperwork. The Contractor will be notified whenever there is an instance where there is a preliminary unfavorable adjudication decision so that the Contractor can determine how to proceed with the employee's training, testing, etc.
 3. Schedule required Government-provided training and testing/qualifying with FPS and schedule/conduct all other Contractor-provided training requirements;² this does not include the FPS Written Exam.
 4. After the Contractor employee receives favorable suitability adjudication results and the employee successfully completes the training and passes the required examination(s), the Contractor shall submit the following information to the COTR for an FPS certification card:
 - a. Certification. A certification, signed by the Contract Manager, that the employee has met all the requirements set forth in Section C and that all pertinent documents are on file at the Contractor's facility. (See Exhibit 11.)
 - b. Photographs. Two color photographs, 1" x 1," no more than one year old, of the guard's head and upper shoulders; and

² The Contractor may proceed with Contractor-provided training while awaiting results of the suitability adjudication process.

- c. Contract Guard Qualification Certificate. The guard's name, and the name of the Contractor's company must be typed on the front of the card, and the guard must sign the signature block in blue or black ink.
 - d. Lautenberg Amendment Statement. Armed guards must submit a signed and dated "Domestic Violence" certification that satisfies the legal requirements of the Lautenberg Amendment, 18 U.S.C. § 922(g)(8) and (9). This certification is valid for one (1) year. The Contractor shall maintain a file of its guards' certifications and provide the COTR a signed statement certifying compliance with this requirement. If at any time a guard has a disqualifying event under Lautenberg, the Contractor shall notify the COTR and immediately remove the guard from work under the contract that may require use of a firearm. The Contractor shall submit a new certification to the COTR stating that all its guards are in compliance with the Lautenberg Amendment annually.
- C. The certification card shall be worn on the outermost garment of the guard's uniform.
- D. As determined by the COTR, The Contractor is responsible for the employees having all required certification credentials in their possession at all times while on the protected premises. This includes not only the FPS certification card, but also a valid CPR/AED/First Aid card and a valid firearms permit.
- E. The Contractor must return employees' certification card to FPS within five (5) workdays upon the termination of the guard's employment or the guard's removal from the contract. At the end of the contract period, the Contractor must return to FPS all blank cards and all completed cards for guards who will not continue to work under FPS contracts. Possession of an FPS certification card does not waive any other contract requirement.
- H. Because the Certification card does not expire when individual certification elements expire, the Contractor is responsible for continually maintaining validity of each element of the Contract employee's certification status (i.e., suitability determination, medical examination, firearms re-qualification, CPR/AED/First Aid certification). See Exhibit 11.
- I. The CO shall have the express authority to demand return of the FPS Certification card for any Contract employee who does not maintain compliance with the Contract qualification and certification standards, and the CO shall have the express authority to prohibit that employee from performing under the Contract until such time as s/he comes into full compliance with all qualification/certification criteria.

17.2 Security Management

- A. The Contractor shall appoint a senior official to act as the Corporate Security Officer. The individual will interface with the DHS Security Office through the COTR on all security matters, to include physical, personnel, and protection of all Government information and data accessed by the Contractor.

- B. The COTR and the Security Office shall have the right to inspect the procedures, methods, and facilities utilized by the Contractor in complying with the security requirements under this Contract. Should the COTR determine that the Contractor is not complying with the security requirements of this Contract, the Contractor will be informed in writing by the Contracting Officer of the proper action to be taken in order to effect compliance with such requirements.

17.3 Suitability Determination / Entry on Duty Decision

- A. DHS shall have and exercise full control over granting, denying, withholding or terminating unescorted access to a Government facility and or sensitive Government information access for Contractor employees, based upon the results of a background investigation. DHS may, as it deems appropriate, authorize and make favorable entry on duty (EOD) decision based on preliminary security checks. The favorable EOD decision would allow the employees to commence work temporarily prior to the completion of the full investigation. The granting of a favorable EOD decision shall not be considered as assurance that a full employment suitability authorization will follow as a result thereof. The granting of a favorable EOD decision or a full employment suitability determination shall in no way prevent, preclude, or bar the withdrawal or termination of any such access by DHS, at any time during the term of the Contract. No employee of the Contractor shall be allowed unescorted access to a Government facility without a favorable EOD decision or suitability determination by the DHS Security Office. Contract employees assigned to the Contract not needing access to sensitive DHS information or recurring access to DHS' facilities will not be subject to security suitability screening.
- B. Contract employees awaiting an EOD decision may begin work on the contract provided they do not access sensitive Government information. Limited access to Government buildings is allowable prior to the EOD decision if a Government employee escorts the contract employee. This limited access is to allow contractors to attend briefings, non-recurring meetings and begin transition work. The EOD determination does not substitute for the required background investigation.

17.4 Suitability Adjudication

- A. After award of the Contract and prior to any Contract employees being permitted to work under the Contract, the Contractor is responsible for ensuring that the Contract employees receive formal suitability adjudication by FPS. All Contract employees shall receive formal suitability adjudication by FPS, including the CM, Supervisors, Quality Assurance personnel and all other company officers that visit the work sites. Contractor suitability determinations are to be made in accordance with the criteria outlined in 5 CFR 731.202.
- B. Once a prospective Contract employee has applied for a position and has been favorably evaluated by the Contractor (i.e., meets the minimum qualification requirements cited in this Statement of Work and otherwise meets the Contractor's hiring criteria), the Contractor shall submit to the COTR the following Government furnished forms for each Contract employee:

1. Two (2) completed original Forms FD-258, "Fingerprint Chart;"
2. Standard Form 85P, "Questionnaire for Public Trust Positions" (plus one copy);
3. Standard Form 85P-S, "Supplemental Questionnaire for Selected Positions" (plus one copy);
4. DHS Form 11000-9, "Disclosure and Authorization Pertaining to Consumer Reports pursuant to the Fair Credit Reporting Act" (plus one copy);
5. Foreign National Relatives or Associates Statement (plus one copy);
6. Lautenberg Amendment Statement (plus one copy);
7. Drug Questionnaire (plus one copy);
8. Alcohol Questionnaire (plus one copy).
9. Financial Disclosure Report (plus one copy);
10. Contractor Information Worksheet.

C. Contractors are required to use local police, the state police, the Federal Bureau of Investigation (FBI), or FPS regional offices to obtain readable fingerprints on the fingerprint cards. In certain locations, FPS may have an electronic fingerprint-scanning machine, which the Contractor is encouraged to use for fingerprinting Contract employees. Upon receipt of the completed, legible forms, FPS will submit the fingerprints for review by the FBI. FPS will use the information provided by the Contractor and the FBI to make a determination regarding the security guard's suitability to work under an FPS Contract. If the forms are complete and legible, the entire evaluation process will take from one (1) week to several months, depending on current processing times. For planning purposes, the Contractor should always assume that the standard processing time is one (1) month and should plan paperwork submissions accordingly. Standard Form 85P, "Questionnaire for Public Trust Positions" Form must be submitted via OPM "e-QIP" (electronic Questionnaires for Investigation Processing)".

1. ELECTRONIC SUBMISSION-OPM "e-QIP" Process: Fill out the ICE "Contractor Information Worksheet", proofread for completeness. Send it to the FPS COTR. They can fax or mail to the FPS Regional Contract Suitability Adjudication Office for continued processing.

D. Illegible or incomplete forms submitted by the Contractor will be returned and will result in delays in the adjudication process. Therefore, the Contractor must ensure that all forms submitted to FPS are complete, legible, and accurate. FPS shall not be responsible for any delays that occur due to the Contractor's failure to submit complete, accurate, and legible forms to FPS.

- E. All federal agencies are required to implement Homeland Security Presidential Directive 12 (HSPD-12) and must follow the minimum background investigation requirements of National Agency Check with Written Inquiries (NACI) or other suitability or national security investigation prior to credential issuance.
- F. A contractor on whom unfavorable or derogatory information has been uncovered must be presented with the information and offered an opportunity to refute, explain, clarify, or mitigate the information in question. If a determination of ineligibility is made, the individual will be formally notified and informed of the reason(s).
- G. If FPS finds a Contract employee to be unsuitable to work as a result of the suitability investigation under the Contract, the Contractor shall be advised immediately that such employee cannot work or be assigned to work under the Contract, and the Contractor shall in turn immediately remove the affected employee from the Contract. The security guard or the Contractor may appeal the suitability determination to the CO. However, in such cases the Contractor shall proceed with the hiring process at their own risk until the final determination of the security guard's suitability has been accomplished. Under no circumstances shall a Contract employee who has received a notice of unfavorable (unsuitable) adjudication work under this or any FPS security guard service contract. This requirement also applies to Contract employees whose unfavorable adjudication is pending appeal. Disqualifying information includes but is not limited to the following:
1. Conviction of a felony, a crime of violence, or a serious misdemeanor;
 2. Possessing a record of arrests for continuing offenses;
 3. Falsification of information entered on suitability background investigation forms.
- H. Once a favorable adjudication has been made by FPS, the security guard is suitable to work under the Contract for five (5) years (if nothing occurs within the 5-year period that would render the security guard unsuitable for continuing performance under the Contract). The Contractor shall immediately notify the COTR and the CO in writing of any circumstances that arise which could possibly affect any Contract employee's suitability status (e.g., arrests, convictions, and/or termination of employment by the Contractor for cause, such as misconduct or neglect of duty). The Contractor is responsible for renewing the security guard's suitability clearance prior to its expiration. Any security guard who continues to work under the Contract after his/her suitability clearance has expired shall be removed from the Contract until a new favorable suitability determination is made. The Contractor should make every effort to submit a new suitability package to FPS at least 30 days prior to the current suitability expiration date.
1. Any investigation conducted by or for another federal agency on a contractor that is of the same or higher type and scope as the one required for the position is sufficient to meet the investigation requirements provided it was conducted within the past five years.

2. Any investigation conducted by or for another federal agency on a contractor whose scope is less than that required for the position can be upgraded as provided for by OPM to meet the investigation requirements of the position if it was conducted within the past five years.
- I. For employees cleared through this process while employed under a predecessor contract (providing the same services), the suitability determination made under the previous contract will carry over to the new contract. However, the Contractor will be required to submit new suitability applications once the security guards' current suitability clearances expire.
 1. Contractors who have been investigated and approved by Components prior to the issuance of DHS-MD 11055, "Suitability Screening Requirements for Contractors" to work on unclassified contracts are eligible to remain on the contract even though they may not have the investigation commensurate with the risk level indicated in Appendix 1. Such contractors cannot perform work under a different contract or at a different risk level until the investigative requirements in Appendix 1 are met.
 2. Lawful Permanent Residents are not eligible (1) to transfer between contracts; (2) for an upgrade to another position; or (3) to remain on a contract after a re-compete and award.
 - J. FPS shall have and exercise full and complete control over granting, denying, withholding, or terminating suitability clearances for employees. FPS may, as it deems appropriate, authorize and grant temporary clearances to employees of the Contractor. However, issuance of a temporary clearance to any such employee shall not be considered as assurance that full clearance will be granted as a result or condition thereof, and the granting of either temporary or full clearance shall in no way prevent, preclude, or bar the later withdrawal or termination of any such clearance by the Government.

18 Security Clearance Requirements

18.1 Background Investigations

- A. In addition to meeting the FPS background suitability check described in Section C, additional security clearances may be required by the Contract and task order(s). These clearances will be provided by the Department of Defense Security Service (DSS), the Department of Energy (DOE), the Nuclear Regulatory Commission (NRC), or other agency, as appropriate (refer to Section J, Exhibit 6C for further information as to whether this Contract will require such clearances). Where such clearances are required, employees shall be subject to a security investigation by the Government prior to being allowed to work at the site. This requirement may also pertain to officers of the firm, who for any reason may visit the work site(s) during the term of the Contract. Employees may not work at the site until the Contractor receives a DD Form 560 (Letter of Consent), for the individual employee from DSS, or receives a final clearance from DOE, NRC, or other agency.
- B. The Government shall notify the Contractor of the required security classification of this Contract and the elements thereof, and of any subsequent revisions in such security

classifications, by use of Security Requirements Checklist (DD Form 254), or other written notification.

- C. In all areas requiring a DOD, DOE, NRC, or other agency security clearance, the Contractor shall comply with the provisions of the most currently available National Industrial Security Program Operating Manual (NISPOM). This publication may be obtained online at www.dss.mil or from the Superintendent of Documents, U.S. Government Printing Office, Mail Stop SSOP, Washington, DC 20402-9238 (ISBN: 0-16-045560-X). Application forms required for DOD personnel security clearances shall be obtained from Defense Security Service (DSS) at www.dss.mil; for DOE clearances at www.doe.gov; and for NRC at www.nrc.gov. Each designated employee must complete all applicable forms. The Contractor shall notify the COTR in writing within five calendar days of receipt of authorization for employees to be assigned to classified areas. (See Part III, Section J, Exhibit 6A, Security Clearance Requirements).
- D. A security clearance determination of whether an individual should be eligible for access to classified information is a process separate and distinct from the suitability determination and is conducted in accordance with DHS MD 11035, Industrial Security Program. For contractors processed in accordance with DHS MD 11035, the investigative standard for access to Secret classified information will be a MBI. The minimum investigative standard for access to Top Secret classified information will be a SSBI. Each designated employee must complete all applicable forms.
- E. The Government will provide the Contractor with the appropriate personnel security questionnaire and fingerprint forms that are to be completed for each Contract security guard employee performing under this Contract, as well as the firm employees, who may, in the performance of this Contract, visit the work site.
- F. Contract employees (to include applicants, temporaries, part-time and replacement employees) under the contract needing access to sensitive information shall undergo a position sensitivity analysis based on the duties each individual will perform on the contract. The results of the position sensitivity analysis shall identify the appropriate background investigation to be conducted. All background investigations will be processed through the Security Office. Prospective Contractor employees with adequate security clearances issued by the Defense Industrial Security Clearance Office (DISCO) may not be required to submit complete security packages, as the clearance issued by DISCO may be accepted. Prospective Contractor employees shall submit the following completed forms to the Security Office, through the COTR, no less than 30 days before the starting date of the Contract or 30 days prior to entry on duty of any employees, whether a replacement, addition, subcontractor employee, or vendor.
 - a. Standard Form 85P, "Questionnaire for Public Trust Positions"
 - b. Standard Form 85P-S, "Supplemental Questionnaire for Selected Positions"
 - c. Lautenberg Amendment Statement (plus one copy)

- d. FD Form 258, "Fingerprint Card" (2 copies)
- e. Foreign National Relative or Associates Statements
- f. DHS 11000-9, "Disclosure and Authorization Pertaining to Consumer Reports Pursuant to the Fair Credit Reporting Act"
- g. Drug Questionnaire
- h. Alcohol Questionnaire
- i. Contractor Information Worksheet

Required forms will be provided by DHS/ FPS at the time of award of the contract. Only complete packages will be accepted by the DHS/ FPS Contract Suitability Adjudication Program Office. Specific instructions on submission of packages will be provided upon award of the contract. Standard Form 85P, "Questionnaire for Public Trust Positions" Form will be submitted via e-QIP (electronic Questionnaires for Investigation Processing). (For the Electronic Submission process refer to Chap. 17.4C.1 above).

- G. The Contractor is responsible for all costs associated with obtaining and renewing the applicable security clearances for each affected Contract employee. The costs should be factored into the offering prices, as they will not be itemized or paid for separately by the Government.
- H. The Contractor is advised to only submit security packages on suitable prospective employees whose integrity, credit, and character will meet the security suitability requirements of DHS. DHS will likely consider as being unsuitable prospective employees who fail to truthfully represent their credit history; who make no attempt to pay debts; and whose character could be questionable because of serious arrests, illegal drug use, or abuse of alcohol.
- I. Unless an applicant/employee has resided in the U.S. for three of the past five years, the Government may not be able to complete a satisfactory background investigation. In such cases, DHS retains the right to deem an applicant/employee as ineligible due to insufficient background information.

18.2 Access To Classified Information (Contractor)

- A. The DHS has determined that the performance of this Contract requires that the Contractor, subcontractor(s), vendor(s), etc., (herein known as Contractor) require(s) access to sensitive DHS information or classified National Security Information (herein known as classified information). Classified information is Government information that requires protection in accordance with Executive Order 12958, Classified National Security Information, and supplementing directives.

- B. See Section J, Exhibit 6C, Security Suitability Requirements, for a determination of which, if any, Contractor facilities and Contractor personnel, including Contract Manager or Supervisor, assigned to this Contract are required to possess up to a TOP SECRET security clearance.
- C. If access to classified information is required as identified in Section J, Exhibit 6C, the Contractor will abide by the requirements set forth in the DD Form 254, Contract Security Classification Specification, DHS MD 11035 (Industrial Security Program), and the National Industrial Security Program Operating Manual (NISPOM) for the protection of classified information at its cleared facility, if applicable, as directed by the Defense Security Service. If the Contractor has access to classified information at a DHS or other Government facility, it will abide by the requirements set by that agency. If these procedures are not properly followed by the Contractor, it will result in deductions from monthly invoices.
- D. The Contractor and all applicable personnel shall be cleared pursuant to the Defense Industrial Security Regulations, or other applicable regulations. The Contractor shall hold as a minimum, interim facility clearance requirements subsequent to the official award date, and/or at least thirty- (30) days prior to the Contract start-up date.
- E. Interim Personnel Clearance Level – Applicants for SECRET may be routinely granted a interim personnel clearance level as appropriate, provided there is not evidence of adverse information of material significance. The interim status will cease if results are favorable following completion of full investigation requirements. **Non-U.S. citizens are not eligible for access to classified information on an interim basis.**
- F. If access to classified information is required as identified in Section J, Exhibit 6C, the Contractor must possess a TOP SECRET facility clearance consistent with the DHS MD 11035, Industrial Security Program prior to Contract award. If an uncleared firm is selected, DHS will sponsor the firm for the facility clearance. If the facility clearance is not issued within 180 days, DHS may terminate the Contract for the convenience of the Government.

18.3 Continued Eligibility

- A. A contractor on whom unfavorable or derogatory information has been uncovered must be presented with the information and offered an opportunity to refute, explain, clarify, or mitigate the information in question. If a determination of ineligibility is made, the individual will be formally notified and informed of the reason(s). If a prospective employee is found to be ineligible for access to Government facilities or information, the COTR will advise the Contractor that the employee shall not continue to work or to be assigned to work under the Contract.
- B. The Security Office may require drug screening for probable cause at any time and/or when the Contractor independently identifies circumstances where probable cause exists.

- C. DHS reserves the right and prerogative to deny and/or restrict the facility and information access of any Contractor employee whose actions are in conflict with the standards of conduct, 5 CFR 2635 and 5 CFR 3801, or whom DHS determines to present a risk of compromising sensitive Government information to which he or she would have access under this Contract.
- D. The Contractor will immediately report any adverse information coming to their attention concerning contract employees under the contract to the COTR. Reports based on rumor or innuendo should not be made. The subsequent termination of employment of an employee does not obviate the requirement to submit this report. The report shall include the employees' name and social security number, along with the adverse information being reported.
- E. The Contractor must notify the Security Office of all terminations/resignations within five (5) days of occurrence. The Contractor will return any expired DHS/FPS issued identification cards and building passes, or those of terminated employees to the COTR. When a controlled personnel identification system is used by a tenant agency at a site at which the Contract employee is assigned for duty, and the tenant agency provided the Contract employee with the necessary Government identification, the Contractor shall ensure that all Government identifications are returned to the issuing agency when employees are terminated or resign, or upon expiration of the Contract, whichever comes first. If an identification card or building pass is not available to be returned, a report must be submitted to the COTR, referencing the pass or card number, name of individual to whom issued, the last known location and disposition of the pass card.

19 Contractor's Personnel Filing System

- A. To minimize duplication of effort by the FPS and the Contractor, the Contractor shall maintain personnel files on-site for all employees who work under this Contract. Files shall be maintained at the Contractor Manager's office and will be made available to the COTR on a continuous basis. Each guard's file must contain the following information:
 - 1. Application for employment, including SF85P, FD 258, resume or detailed prior work history and references;

 17. To comply with the Health Insurance Portability & Accountability Act (HIPAA), the Medical Evaluation (SF-78) may be filed separately by the Contractor.
- B. The CO or COTR shall have the express authority to review any Contract employee's file at any time during the course of the Contract. The Contractor shall maintain all personnel files for a minimum of five (5) years after Contract closeout (upon receipt of release of claims).
- C. The CO or COTR can request, at any time during the course of the Contract, a spreadsheet or other tracking system (either in paper form or in electronic form) that clearly details the status of all Contract employees pertaining to Contract requirements.
- D. The Contractor may maintain either a hard-copy (paper) file or a computerized system containing all the information required above. However, if the Contractor uses a computerized filing system, all forms must be scanned into the computer and must be legible.
- E. False statements, certification, or falsification of any documents required in this Contract by the Contractor, Contract Manager, or any Contract employee shall be punishable under US Code Title 18, Chapter 47, Section 1001, Fraud and False Statements. Additionally, the Government may initiate investigations by its Office of Inspector General or the regional FPS Criminal Investigations Branch, may initiate debarment proceedings, and/or may take

Contractual remedies, up to and including termination for default. Under no circumstances whatsoever will the Government tolerate falsification of required documents.

20 Performance Evaluations

- A. The CO and/or COTR shall meet with the Contractor (either in person or via teleconference) on a regular basis, but not less than annually.

- B. The Government shall formally evaluate, in writing, the Contractor's performance *at least* once per year. Whenever possible, the Government shall give the Contractor the opportunity to correct any identified problems/deficiencies prior to a written performance evaluation being given. The Contractor shall be permitted to respond, in writing, to the findings of the performance evaluation. Both the performance evaluation and the Contractor's response shall be filed in the Contract file. Where the Contractor fails to respond in writing to a performance evaluation, the CO shall assume the Contractor's complete concurrence with the findings of the performance evaluation. The CO and/or COTR shall meet with the Contractor prior to all performance evaluations to discuss the results of the Government's quality control findings and the overall performance of the Contract by the Contractor.

- C. The Government shall use the performance evaluations as a factor to determine whether to exercise any available option period and/or as a factor to determine whether to award any future Contract(s) to the Contractor.

B. Unbalanced Pricing

Each contractor is cautioned that its pricing proposal may be rejected as non-responsive to the solicitation requirements if it is materially unbalanced as to prices for the Base Year or any option period. A pricing proposal is considered to be materially unbalanced when it is based on prices that are significantly less than cost for some work and prices that are significantly overstated for other work.

C. Definitions

2. Temporary Additional Services - During the term of the BPA, the Government may have requirements for temporary additional services (TAS) beyond the basic requirements. In such circumstances, the Contractor shall be compensated using the TAS rate for any temporary additional services requested less than 72 hours prior to the required start of such service. If applicable, the Contractor will be compensated at the TAS rate for a maximum of 72 hours after the start of such services. - a. In the event other agencies contact the Contractor to request Temporary Additional Services under a task order, the Contractor shall notify the FPS COTR and Contracting Officer immediately.
- b. This temporary Additional Service provision is intended to satisfy the Government's short term, non-recurring needs for service. Should a continuing need for additional service arise, a contract modification will be issued by the government to provide for those services.

It is understood that exercise of this option will be only for sufficient time to complete award and/or give notice to proceed to the follow-on Contractor and that extension of service shall in no event exceed six months. (C) EFT banking information is not required if the Government waived the requirement to pay by EFT.

Invoices without the above information may be rejected and returned for resubmission.

3. All contractors are required to register in the Central Contractor Registration (CCR). This can be performed via the internet at <http://www.ccr.gov>.

4. Invoices shall separately list amounts due for basic and temporary additional services.

02. PAYMENTS

A. Payment will be made on a calendar month basis in arrears upon submission of an invoice. Payment will be due on the 30th calendar day after receipt of a proper invoice or date of receipt of services, whichever is later. In the event the task order begins or ends during the month, payments will be prorated based on the number of calendar days in the respective month.

B. It is the objective of the Government to obtain complete and satisfactory performance in accordance with the terms of specifications and requirements of this BPA. The criteria for deductions and adjustments below will be used by the Government in determining monetary deductions for nonperformance of work under this task order and for adjustments for deficiencies in the performance of work. In no event shall contractor invoice or FPS be obligated to pay for any hours in excess of the amount identified within a task order (inclusive of all modifications).

C. The Contractor is responsible for submitting accurate invoices that reflect the actual services provided each month. Where there are variances between the requirements cited in the task order(s) and the work actually performed (e.g., unmanned posts), the Contractor shall attach a separate sheet to the invoice detailing each instance of a variance. The Contractor shall compute the invoice price to reflect the actual amount owed. Submission of false invoices shall be subject to contractual and legal actions.

D. To verify the monthly payment for productive man-hours, the CO's designated representative may compare the man-hours required in the task order with the DHS Form 139, Record of Time of Arrival and Departure from Buildings, or other approved sign-in/sign-out form. The Government may perform a 100% comparison or sampled comparison to verify the accuracy of the Contractor's invoice. The Government will only pay for services actually rendered by the Contractor and funded on the contract/task order. If variances are noted between the invoice and

the DHS Form 139, the Government will propose a contract deduction. For example, If the task order required that a post be manned for 12 hours, and the Contractor billed for 12 hours, but the DHS Form 139 shows that post was manned for 10 hours, the 10 hours will prevail and the Government will deduct the difference.

Any inquiries regarding payment shall be directed to the COTR and/or CO.

03. ADJUSTING PAYMENTS FOR CONTRACTOR PERFORMANCE

A. Deductions for Failure to Provide Man-hours

- ii. To compute man-hour deductions the Contracting Officer's Representative will compare the man-hours reported by the Contractor with the DHS Form 139, Record of Time of Arrival and Departure from Buildings, or other approved Sign-in/Sign-out forms.
- iii. Reduction at Post – In the event that posted guards were released or were not required to report due to weather closure, Presidential declared holiday, or similar unforeseen occurrence, payments will be made only for the hours actually worked.
- iv. In the event the Contractor reports more hours than are reflected on the DHS Form 139, or any other approved Sign-in/Sign-out form, the approved form will prevail. For example: If the weekly report submitted by the Contractor indicates that an employee worked 8 hours and the sign-in/sign-out form shows that employee as having been in the building 5 hours, the 5 hours will prevail and a deduction will be taken for the 3 hours not furnished. In the event the Contractor, for any reason whatsoever, fails to provide the manpower specified for labor, deductions will be made at the current base hourly rate.

B. Contractor Use of DHS Form 139, or Approved Alternate

The Contractor shall maintain, on a daily basis, all applicable DHS Form 139's, or approved alternate, to document personnel attendance. The original copy must be maintained at a location accessible to the COTR or designee. The Contractor shall incorporate and certify that the data contained on the approved sign-in form is accurate, complete and in agreement with the hours presented on their invoice. (Facsimile copies of completed DHS Form 139's may not be used for this purpose.)

04. THE ROLE OF GOVERNMENT PERSONNEL AND RESPONSIBILITY FOR CONTRACT ADMINISTRATION

regarding questions or matters under dispute. The CO may delegate certain other responsibilities to an authorized representative.

B. Contracting Officer's Technical Representative (COTR)

1. The COTR for the order is:

Donald Granahan

2. The COTR is designated to assist the CO in the discharge of their responsibilities when they are unable to be directly in touch with the BPA Call Order work. In the event that the COTR is absent or unavailable, another COTR Alternate will be designated. The responsibilities of the COTR and his/her alternate include, but are not limited to: determining the adequacy of performance by the Contractor in accordance with the terms and conditions of the BPA Call Order, acting as the Government's representative in charge of work at the site(s); ensuring compliance with the BPA Call Order requirements insofar as the actual performance is concerned; advising the Contractor of proposed deductions for non-performance or unsatisfactory performance; and advising the CO of any factors which may cause delay in the performance of work.

3. After award of the BPA Call Order, the CO will issue a written Delegation of Authority memorandum to the COTR that details the scope of duties the COTR is authorized to perform and manage. The COTR cannot make any decisions regarding the performance of the task order except as outlined in the memorandum. A copy of the memorandum shall be sent to the Contractor.

4. The Contractor shall immediately notify the CO in the event the COTR directs the Contractor to perform work that the Contractor believes is not part of the BPA Call Order or part of the COTR's designated duties as outlined in the memorandum.  - b) Should it be necessary to further reduce the work force, part-time employees at the affected Location shall then be laid off in the inverse order of their seniority;
 - c) Should it be necessary to further reduce the work force, full-time employees at the affected Location shall then be laid off in the inverse order of their seniority; and

Additionally, that employee shall not lose his accrued seniority upon commencing work at the new Location.
- C. Laid-off employees will be recalled in accordance with this Agreement to available positions within the unit before new employees are hired. ARTICLE #6

JOB OPPORTUNITIES

- A. If a vacancy occurs in an existing position covered by this Agreement, and the Employer chooses to fill that vacancy, the Employer shall post the job for a period of five (5) working days (excluding Saturdays, Sundays, and Holidays). Should the filling of a vacancy under this Article create a second vacancy, that vacancy shall be filled under this Article, as well. Subsequent vacancies created by application of the above, however, need not be posted.
- B. Any employee who wishes to apply for the open position shall do so in writing during the posting period, if there is a posting period for the position. The Employer will consider all applications received, and will fill the position as it deems to be in the best interest of its operations and of the needs of the Government.
- C. In the interest of maintaining continuing operations, the Employer may temporarily assign an employee to a vacant or new position until the job is filled according to this Article.

ARTICLE #7

GRIEVANCE PROCEDURE

- A. For the purpose of this Agreement, a grievance shall mean a claimed violation, misinterpretation or misapplication of any provision of this Agreement. The term "days" shall not include Saturday, Sunday and holidays when used in this Article.
- B. The number of days provided for in the presentation and processing of grievances in each step of the grievance procedure shall establish the maximum time allowed for the presentation and processing of a grievance. The time limits specified may, however, be extended by written mutual agreement. The failure of an Employee or the Union to proceed to the next step of the grievance procedure within the time limits specified shall be deemed an acceptance of the decision previously rendered and shall constitute a waiver of any future appeal concerning the grievance. The failure of the Employer to answer a grievance within the time limits specified shall permit the grievant or the Union, whichever is applicable to a particular step, to proceed to the next step of the grievance procedure.

The parties agree that any employee having a complaint, or an employee designated by a group of employees having a complaint, is encouraged to discuss the complaint with the appropriate supervisor prior to filing a grievance. The employee may be accompanied by a Union representative if the employee so desires. The supervisor shall attempt to answer the complaint promptly, either orally or in writing.

No grievance may be filed or processed based upon facts or events which have occurred more than seven (7) working days before the grievance is reduced to writing.

- C. All grievances shall be presented and processed in accordance with the following procedure:
 1. Step One – Every effort will be made by the Employer and the Union to resolve employee concerns through informal discussion. If the grievance is not resolved informally between the employee or employees and the appropriate supervisor, the grievance shall be reduced to writing in the form provided by the Employer and presented to the Project Manager within seven (7) working days from the date the event giving rise to the grievance occurs. The written grievance shall be signed by the grieving employee and shall set forth the nature of the grievance, the article of the CBA violated including an appropriate justification for redress, and the adjustment sought if known. The employee, the Union representative and the employee's Project Manager (or his/her designee) shall meet to discuss the grievance. The Project Manager shall give a written decision to the grievant within seven (7) working days after the receipt of the grievance.
 2. Step Two - If the grievance is not resolved at Step One, the grieving employee must refer the grievance to the Union and to the Employer's Director of Human Resources, if at all, within seven (7) working days after the completion of Step One. The grievance must be forwarded to the Employer's Director of Human Resources (or his/her designee). The Director (or his/her designee) may confer with the grievant and the Union representative,

either in person or by telephone, to discuss the grievance. The Director (or his/her designee) shall give a written decision to the grievant and the Union within fifteen (15) working days after receipt of the grievance.

3. Step Three - Except as limited below, any grievance arising during the term of this Agreement not resolved at Step Two may be submitted to arbitration by the Employer or the Union by submitting a written request therefore to the other party within seven (7) working days after the completion of Step Two. Service of a request for arbitration upon the Employer must be made upon the Director of Human Resources (or his/her designee). If service of such request is not completed within ten (10) working days of the completion of Step Two, the grievance shall be of no further force and effect, and shall be invalid, for all purposes, and, specifically, shall not be arbitrable.
4. Only the Union (i.e., no individual grievant) may move a grievance to Step Three. The Union shall have the right to file a group grievance (class action) or grievances involving more than one (1) employee at Step 1 of the grievance procedure.
5. No grievance regarding a dispute as to the interpretation of a Wage Determination, the interpretation of the Employer's Contract(s) with the Government, or the Employer's adherence to a request of the Government, regardless of whether that request is made orally or in writing, shall be processed to Step Three because those matters are not arbitrable, nor shall the discipline, layoff, transfer, suspension or termination of a probationary employee or any other matters specified in this Agreement as not being grievable be within the arbitrator's jurisdiction.
6. The failure to follow the express steps of the procedure set forth in this Article shall result in the grievance not being arbitrable.
7. Prior to the arbitration, the Employer and the Union, and their representatives, if applicable, agree to meet telephonically or in person to attempt to clarify the issues and resolve the grievance in question.
8. Following the written request for submission to arbitration, representatives of the Employer and the Union shall attempt to agree on the selection of an arbitrator. If mutual agreement on the selection of an arbitrator cannot be reached within five (5) days after the date of the receipt of the request for arbitration, the arbitrator shall be selected in accordance with the procedures of the American Arbitration Association. The location of the hearing shall be in Boston, Massachusetts at a mutually agreed upon location.
9. The Employer may request written clarification of the nature of the grievance, and the basis for the grievance, at any time, and the Union shall not unreasonably withhold such clarification.
10. The arbitrator's fee and expenses, including the cost of any hearing room, shall be borne by both parties in equal amounts. The expenses and compensation of any witness or other participant shall not be paid by the Employer, unless the witness or participant is called

by Employer. Any other expenses, including transcript costs, shall be borne by the party incurring such expenses.

11. The arbitrator shall have no power to: (a) add to, subtract from, alter, or in any way modify the terms of this Agreement or the Contract; (b) establish or modify any wage rate; (c) construe this Agreement to limit the Employer's discretion except only as that discretion may be specifically limited by the express terms of this Agreement; (d) interpret or apply law, including but not limited to the requirement of the Service Contract Act and implications of Wage Determinations as well as any other legal obligation referred to in this Agreement; or (e) consider any matter or substitute his/her judgment for that of the Government regarding a request of the Government.
12. Decisions of the arbitrator, subject to the limitations set forth in this Agreement, shall be final and binding on the Union, its members, the employee or employees involved and on the Employer. Any award of back compensation shall not predate the date of the grievance by more than ten (10) days, and shall be offset by all earned income received during the applicable period (including all disability, unemployment and other pay received, but with the exception of income earned by the employee from a position that he or she held at the time of the discipline), as well as being fully adjusted by any failure on the employee's part to attempt to mitigate his/her damages. Interest, punitive damages, attorney fees and/or front pay shall not be awardable by the arbitrator. Any award of reinstatement (including back pay) shall be subject to the Government permitting the employee to return to work. Should the Government refuse to allow the employee to return to work, any award of reinstatement shall be of no force and effect, and shall not be binding on the Employer.

ARTICLE #8

DISCIPLINE

- A. After completion of the probationary period, no employee shall be dismissed or otherwise disciplined without just cause unless the employee is removed from working under the Employer's Contract with the Government by the Government, at the request of the Government, or if the employee's credentials are denied or withdrawn by the Government. Should a non-probationary employee wish to contest a dismissal made by the Employer (i.e., not due to an action or request of the Government), a written notice thereof shall be given to the Employer within seven (7) days of the dismissal (excluding Saturdays and Sundays) in which event the issue shall thereafter be submitted to, and determined under the Grievance Procedure commencing with Step 2, as provided in Article #8 of this Agreement.
- B. The Company's management approach includes adhering to a sound and corrective disciplinary process. There are, generally, three levels of corrective action. The levels are:
 1. Verbal warning documented in file;
 2. Written warning;

3. Suspension without pay;
4. Termination.

However, the Employer is not limited to these levels of discipline, and may impose different corrective action, such as remedial or additional training, in its discretion. The Employer also reserves the right to institute discipline against employees beginning at any of these levels, based upon the severity of the infraction and the employee's personnel record, as determined by the Employer.

Repeated violations, regardless of their nature will not be tolerated. Once warned, employees are expected to improve their performance and/or behavior.

- C. Among the actions which shall be deemed inappropriate by the Employer, and which may result in and establish just cause for discipline, up to and including immediate dismissal, shall include violating the provisions contained in the Employer's current Standards of Conduct, the Government's performance standards as described in the contract between the Employer and the Government and the Contract Guard Information Manual, any other provision of the government contract, and the applicable Post Orders. The Employer agrees to make available for inspection at each Location a copy of these documents to the Union and employees, upon request. Additionally, examples of prohibited conduct shall include the following:

1. Abuse of authority;
2. Neglect of duties;
3. Breach of security;
4. Breach of the chain of command, except to the extent reasonably necessary to comply with the orders or accommodating the needs of the Contracting Officer;
5. Conduct which impugns or disparages the Government or its agents, or the Employer or its agent, to the Government or to other third parties;
6. Criminal misconduct;
7. Absence from work for two consecutive working days without advising the Employer and not giving reasons acceptable to the Employer for such absence, or a similar absence on three non-consecutive work days within any sixty-five calendar day period;
8. Failure to return to work within three working days after receipt of the Employer's notice of recall by certified mail to the last known address of such employee as shown in the Employer's records;
9. Overstaying a leave of absence or a vacation without permission from the Employer;

10. Giving a false reason for obtaining a leave of absence or being absent without approval;
 11. Having credentials withdrawn by the Government, or having the Government ask that the employee be removed from working under the Employer's Contract with the Government; and
 12. Failing to maintain or satisfy current physical or medical requirements, including but not limited to satisfying any and all medical or physical requirements or standards of the Government and the Employer.
 13. Abandoning a post or leaving Federal property without proper authorization or completing applicable documentation.
 14. Failing to properly secure a weapon in an approved weapons storage container when the weapon is not on your person.
- C. Acknowledgement of receipt of discipline shall not constitute admission of guilt on the part of the employee. Furthermore, the Employer shall forward a copy of every disciplinary notice to the Chief Steward upon request of the employee.

ARTICLE #9 TRAINING

- A. Employer shall pay the cost of Federal, State, or Client-mandated training and shall compensate employees at their regular straight-time hourly rate for actual time spent training.
- B. Employees will be required to attend training programs and seminars that the Employer may offer from time-to-time in order to improve the services offered, as well as the skills of the employees. The Employer shall provide at least two weeks notice for training. The training programs shall be paid by the Employer. Employees who are not available for scheduled training due to an emergency or leave pursuant to this Agreement will make-up said training at the time and place identified by the Employer anywhere within seventy-five (75) miles of the employee's Location; provided, however, that employees are required to attend all training programs related to qualifications for working on the Contract or licensing requirements on the dates and times scheduled by MVM and/or the Government, regardless of any conflicts with the dates and times they have.

ARTICLE #10

HOURS OF WORK AND OVERTIME

- A. For the purpose of this Article, a regular workweek of thirty-six (36) hours of work, including lunch periods, shall constitute a normal full-time workweek for full-time employees. Employees scheduled to work for full eight (8) hour shifts shall normally receive

a paid lunch period of at least thirty (30) minutes, not more than five (5) hours into the shift. Employees scheduled to work full twelve (12) hour shifts shall normally receive a paid lunch period of at least thirty (30) minutes, not more than seven (7) hours into the shift. Shifts shall be scheduled at the discretion of the Employer to fulfill the needs of the Employer or the Government. Where practicable, the Employer shall provide notice to the Union in advance of any schedule change. To the degree that shifts and schedule times are within its control, the Employer shall advise the Union in advance of any change. Nothing contained herein shall guarantee to any employee any number of hours of work per day or week.

- B. An overtime rate of one and one-half (1.5) of an employee's base pay (as defined in Attachment A to this Agreement) shall be paid for all hours worked in excess of forty (40) hours in a workweek. The Company will comply with all State and Federal laws concerning overtime.
- C. Scheduled overtime shall be posted and distributed to all employees in an equitable and fair basis. In that regard, the Employer will post an overtime list at each Location covered by this Agreement. Any unit employee may sign up on any of the lists to be called for overtime opportunities. Employees may join or remove themselves from any voluntary overtime list at any time.
 - 1. Overtime will be distributed by building, beginning with the most senior employee in that building on the list of employees volunteering to serve overtime. If that employee agrees to work overtime on a particular occasion or declines to work overtime, he or she shall cycle to the bottom of the building seniority list. When the next overtime opportunity arises, the person, on the list, at the top of the building seniority list shall be called, and shall thereafter cycle to the bottom of the list. This list shall continue to revolve. If the Employer is unable to reach the employee when he or she is reached on the overtime list, he or she shall not lost their place on the list, and shall remain there until they work or refuse to work overtime.
 - 2. If the Employer is unable to obtain any employees in that building to work overtime, the Employer will then look at the building's overtime list and call those employees who work in other buildings, in order of their seniority, in accordance with the same procedure described in the preceding paragraph. If the Employer still is unable to obtain anyone to cover the overtime obligation, the Employer retains the right to assign and require the least senior personnel within the building to work the required overtime.
 - 3. In critical and/or emergency circumstances, as determined by the Government and/or the Employer, employees may be assigned from any building to provide the necessary post coverage without regard to the seniority process or, as determined by the Employer and/or the Government, supervisors or subcontractors may be assigned to provide the necessary post coverage.
 - 4. The Employer further agrees to make overtime lists available to the Union, upon request.

5. All overtime shifts at the 99 High Street and the Williams Building worksite shall be distributed via the overtime list at the EPA-Boston worksite. All overtime for One Bowdoin Square shall be distributed via the overtime list at the O'Neill worksite.
- D. Hours of work for part-time employees shall be determined by the Employer, subject to Government requirements and approval, to ensure the orderly and efficient operation of government security services. Failure to accept assignments when not excused by the Project Manager or pursuant to a leave provision of this Agreement shall be grounds for discipline up to and including discharge.
- E. Provided the Employer provides the Union with at least two (2) weeks prior notice, each employee may be required to use an electronic sign in/out attendance system when reporting for duty. This form of reporting will be used to check in and out for lunch if the employee leaves the post or building, and to check out at the end of the employee's shift. Each employee shall be responsible for reporting in and out for attendance purposes. If the electronic system is not in use, the same requirement applies to a manual procedure. Moreover, the parties agree that all unit members must properly complete and sign a Government Form 139 on a daily basis in order for them to be paid, and that all employees are not entitled to be paid until such a form is properly completed.
- F. Under normal circumstances, there shall be two fifteen (15) minute paid rest periods for each eight-hour shift. One rest period shall be in the first half of the shift and the second rest period shall be in the last half of the shift. The supervisors will coordinate the scheduling of breaks. Working during one's break without prior approval from a supervisor shall not constitute overtime pay. For each twelve (12) hour shift, there shall be three fifteen (15) minute paid rest periods when properly relieved, and one (1) thirty minute paid lunch.
- G. Schedules, whenever possible, will be posted three (3) weeks in advance, except that holiday schedules will be posted four (4) weeks in advance, whenever possible.

When changes to the schedules are necessary, the Employer agrees to give as much notice as possible. An employee is required to notify the designated call-in site, as designated by the Employer, whenever he/she will not be reporting for work, in the following manner: (1) two hours before his shift begins, if it begins between 6:00 a.m. at 8:00 a.m.; and (2) four hours before his shift begins, for all other shifts.

 2. To be eligible for family and medical leave benefits, an employee must: (1) have worked for the Employer for a total of at least 12 months; (2) have worked at least 1,250 hours over the previous 12 months; and (3) work at a location where at least 50 employees are employed by the Employer within 75 miles.
 3. Eligible employees may receive up to a total of 12 workweeks of unpaid leave during a rolling 12-month period. A 12-month period begins on the date of the employee's first use of federal family and medical leave. Successive 12-month periods commence on the date of an employee's first use of family and medical leave after the preceding 12-month period has ended.
 4. Leave may be used for one or more of the following reasons:
 - a) For the birth or placement of a child for adoption or foster care;

- b) To care for an immediate family member (spouse, child, or parent) with a serious health condition; or
 - c) To take medical leave when the employee is unable to work because of a serious health condition. Under some circumstances, employees may take family and medical leave intermittently--which means taking leave in blocks of time, or by reducing their normal weekly or daily work schedule.
5. Certain restrictions on these benefits may apply. For example, if an employee needs family and medical leave, he/she may be required to provide:
- a) 30-day advance notice when the need for the leave is foreseeable;
 - b) Medical certification from a health care provider (both prior to the leave and prior to reinstatement);
 - c) Periodic recertification; and
 - d) Periodic reports during the leave.
6. When leave is needed to care for an immediate family member or an employee's own serious health condition, and is for planned medical treatment, the employee must try to schedule treatment so as not to unduly disrupt the Employer's operation.
7. Family and medical leave is unpaid. Moreover, the Employer requires that employees to use all accrued paid leave (such as paid time off and vacation leave) concurrently while ~~prior to~~ utilizing family and medical leave, the extent that there is any such entitlement. The use of paid time off will not extend the length of a family and medical leave.
8. The Employer will maintain, for up to a maximum of 12 workweeks of family and medical leave, any group health insurance coverage that an employee was provided before the leave on the same terms as if the employee had continued to work. The Employer shall recover premiums it paid to maintain health coverage when the employee returns to work following family or medical leave.
9. Under most circumstances, upon return from family and medical leave, an employee will be reinstated to his/her previous position, or to an equivalent job with equivalent pay, benefits, and other employment terms and conditions. However, upon return from a family and medical leave, an employee has no greater right to reinstatement than if he/she had been continuously employed rather than on leave. For example, if he/she would have been laid off had he/she not gone on family and medical leave, or if his/her position has been eliminated during the leave, then the employee would not be entitled to reinstatement.

10. If an employee is returning from family and medical leave taken for his/her own serious health condition, but is unable to perform the essential functions of his/her job because of a physical or mental disability, the Employer will attempt to accommodate the employee. His/her use of family and medical leave will not result in the loss of any employment benefit that he/she earned or was entitled to before using family and medical leave.
 11. Employees are not permitted to perform paid work for another entity, in any capacity, or engage in self-employment, while on medical leave for themselves.
- B. An employee shall be granted a Military Leave of Absence in accordance with the Uniformed Services Employment and Reemployment Rights Act, and any applicable state law.

ARTICLE #15

BEREAVEMENT LEAVE

Employees shall be entitled to seventy two (72) hours of paid bereavement leave per full Government Contract year for purposes of attending, on a day normally scheduled to work, the funeral of a parent, parent-in-law, spouse, child, sibling, grandparent, or grandchild. Specifically, this leave is limited to twenty four (24) hours per funeral for in-state leaves, and forty (40) hours per funeral for out of state leaves, with a maximum of seventy two (72) hours per government contract year. Proof of funeral attendance may be required by the Employer. The employee must provide the Project Manager with at least forty eight (48) hours prior written notice whenever possible, of the need for bereavement leave in order to be paid this benefit. Bereavement days shall not be cumulative, nor shall they be payable if not used. Part-time employees are eligible for this benefit only if a regularly scheduled day of work is missed for this purpose.

ARTICLE #16

- A. To be eligible for Health and Welfare Benefits, an employee must have completed thirty (30) days of service. Health and Welfare payments shall be provided by the Employer on behalf of the employees at the rate set forth in Appendix "A" to this Agreement, which is attached hereto and incorporated herein by reference. The Employer will make a health plan available for Employees with a no opt out options in accordance with Massachusetts State Law. All Health and Welfare Funds indicated in Appendix A will be paid to the MVM Health Plan or 401k. If the Union provides a Health Plan, the Employer will make payments to the Health Plan provider (TPA) only if a detailed invoice is received indicating the exact amount due for each employee.
- B. All employees who are eligible for Family Medical Leave will be required during the twelve-week period of leave to make any required employee contribution toward health and dental coverage.

- C. All employees who are not eligible for Family Medical Leave may maintain their health and dental coverage by paying the full premium required under the operating insurance plan.
- D. Nothing in this Section, or in this entire Agreement, shall be construed to limit the union an/or the Employer from communicating with the employees about the aforementioned health and welfare plan; however, no Employer-sponsored meetings at which benefit plans are to be discussed shall be held unless representatives of the Union are permitted to attend and present information concerning a Benefit Program.

ARTICLE #17

UNION MEMBERSHI, DUES, FEES

- A. The Union agrees that it will accept into membership any employee who may be required or eligible to be a member of the Union, without discrimination, and that it will not attach, as a prerequisite of such membership, any condition more burdensome than the conditions applicable to present members of the Union.
- B. Each current employee - within 30 days of the effective date of this Agreement - and all new employees - within 30 days of the effective date of this Agreement, or upon the satisfactory completion of his or her probationary period, whichever is later -- shall either:
 - 1. Become and/or remain a member of the Union; or
 - 2. Pay the Union a monthly agency fee for the negotiation and administration of this Agreement and other matters germane to collective bargaining (the monthly amount of which shall not exceed the amount of regularly charged monthly dues and/or fees to Union members in the unit).
- C. The Employer agrees to deduct initiation fees, monthly dues, and lawful assessments of union members from the employee's pay check. These deductions will be made per pay period for full-time employees, not to exceed two (2) pay periods in a month. These deductions will be made only upon written authorizations from the employee on the form provided by the Union.
 - 1. The Check-Off authorization card to be executed and furnished to the Employer by the Union and the employees shall be the official authorization for deducting dues and member fees. No other form shall be accepted by the Employer unless mutually agreed to by both parties.
 - 2. Such authorization shall be revoked by the employee upon thirty (30) days written notice served upon the Employer and the Union. It is understood that such deductions will be made only as long as the Employer may legally do so. The Employer will be advised in writing by the Union as to what the Union dues, agency fees, and any other applicable fees are. The Employer will remit all such deductions to the Union by mail. The money

will be forwarded within ten (10) business days after the last pay period of the month. The Union will provide the Employer an address where to remit the money deducted.

- D. The obligations set forth in this Article shall only be effective to the extent permitted by controlling law, including but not limited to any Executive Orders permitting or restricting union security rights.
- E. The Union agrees to indemnify and to hold the Employer harmless from any and all claims, actions, suits, damages or costs, including any attorney fees incurred by making these deductions from the employees.

ARTICLE #18 UNION REPRESENTATION

- A. The Union, International Representative and/or their designees may be permitted access to the Employer's office at the Location at mutually agreeable times upon prior notification to the Employer, subject to the Government security restrictions in effect, for the sole purpose of considering matters covered by this Agreement or matters involving the Union's role as the exclusive bargaining representative of the unit employees; provided, however, that if the Government refuses to let such persons onto its property, the Union shall have no recourse whatsoever against the Employer. The Employer will not oppose members of the Union's Executive Board accessing work Locations for Union business, as restricted by this Agreement, if the Government does not oppose such access and it does not violate any work rule or policy of the Employer.
- B. There shall be no Union business conducted during an employee's work time. Further, there shall be no solicitation regardless of the purpose during an employee's work time, and there shall be no distribution of any materials during an employee's work time or in any work areas.
- C. The Union is responsible for providing written notification to the Employer's Location Management, and the Director of Human Resources, of the individuals officially designated to act as representatives of the Union. The Employer is not obliged to permit an employee to engage in Union duties until notification is received by the Employer.
- D. Neither Union officials nor Union members shall, during working time (excluding break and lunch periods), solicit membership, receive applications, hold meetings of any kind for the transaction of Union business, or conduct any Union activity other than the handling of grievances to the extent such work time activity is specifically allowed by the Employer. Further, neither Union officials nor Union members shall, during working time (excluding break and lunch periods) and in working areas, distribute any materials, flyers, or other information relating to Union business. Leave without pay may be approved by Site

Management, for the conduct of Union business, including arbitrations so long as such leave does not interfere with the conduct of operations or service to the Client.

- E. The Union shall provide the names, addresses, and union positions held by its representatives at the site within fifteen (15) days of the execution of the CBA and any subsequent changes in representation.
- F. The Employer agrees to recognize a steward system. The Union agrees that the stewards will work at their regular jobs at all times except when they are relieved to attend to the business of the grievance procedure as outlined in Article #7 of this Agreement.
- G. The Employer will provide a space from the Government for the use of the employees to locate a Union-provided bulletin board that will be used by the Union for posting notices of meetings, elections, appointments, and recreational and social affairs. There will not necessarily be such a space at each location. The providing of such spaces is the prerogative of the U.S. Government. The placement of any material that is derogatory towards any employee of MVM, Inc. or the Government, anti-government, anti-company or any unethical material is strictly prohibited. Only Union officials and shop stewards shall be authorized to place and remove Union-related information on the designated bulletin boards.

ARTICLE #19 UNIFORMS

- A. All employee uniforms will be issued at the worksite or by direct mail. The responsibility for the correct sizes shall be the employee's, so that he/she is properly dressed.
- B. Unless advised otherwise by Employer, all uniforms and Employer equipment must be returned to the Employer, with only reasonable wear and tear, upon termination of employment. Failure to comply with this requirement will result in the cost of said uniforms and/or equipment or any deposits being deducted from any monies due to employee. In that regard, all unit members agree to sign an authorization form within thirty days of the execution of this Agreement by the parties, provided by Employer, permitting Employer to deduct the cost of any such uniform or equipment from the employee's final paycheck, and permitting the retention of the entire final paycheck if it is needed to cover the lost value of the uniform and/or equipment.

ARTICLE #20 GENERAL PROVISIONS

- A. Neither the Employer nor the Union shall discriminate against any employee on the basis of race, creed, color, gender, age, national origin, religion, disability or other legally protected classification, or any other category prohibited by applicable law, but no claim under this section shall be grievable or arbitrable.
- B. Neither Union officials nor Union members shall, during working time (excluding break and lunch periods), solicit membership, receive applications, hold meetings of any kind for the

transaction of Union business, or conduct any Union activity other than the handling of grievances to the extent such work time activity is specifically allowed by the Employer.

- C. The Union may request the release of employees for the purpose of attending to Union business, including arbitration proceedings. Such requests shall be made at least five (5) days in advance of the time for the leave, and shall be in writing. No more than two (2) employees may be released within a Location under this provision on any one occasion, unless the Employer determines that it is able to release additional employees while still satisfying all operational obligations without incurring any additional costs. Except for purposes of negotiations scheduled with the Employer during work time, such leaves shall not exceed a total of five (5) days per Contract year, unless otherwise agreed to by the Employer. Leave time requested and within the basic parameters of this provision will not be unreasonably denied, and will be granted if coverage is available without the Employer incurring overtime, and the release will not impair the Employer's obligations under its Contract with the Government. Leaves granted under this provision shall be without compensation by the Employer.
- D. Employees who are tardy shall be docked for time missed rounded to the nearest six (6) minute increment. All incidents of tardiness, whether docked or not, shall provide a basis for disciplinary action. Employees who have been requested by the Employer to work beyond their scheduled hours shall be compensated for time worked rounded to the next six (6) minute increment.
- E. The Employer shall reimburse employees for all required and approved travel expenses as required by and reimbursable under the Employer's Contract with the Government and the Employer's policies as in effect from time to time.
- F. A uniform allowance shall be paid for each hour of work up to 40 hours per week in accordance with Appendix A.
- G. Employees shall not use Government or Company telephones for personal or unauthorized purposes, nor use cell phones or other handheld communication devices while on duty. To the extent possible and feasible, and in accordance with local procedures, personal messages (name and number) of calls received in the office for employees will normally be taken. If a call for an employee appears to be an emergency, the employee will be notified as soon as practicable. Violations of telephone policy may result in the employee being charged for the calls and for lost time at work.
- H. Employees are required to obtain and renew all required licenses and permits necessary to perform their required security duties. All costs associated with the process of obtaining and renewing firearms licenses and permits will be paid by employee, and reimbursed by the Employer upon receipt of proper documentation. All applications for licenses and permits will be processed in a timely manner. Copies will be provided to employees' supervisors immediately after completion. When licenses and permits are received by employee, employee will immediately notify the supervisor and provide a copy of the license or permit.

The Union will contact employees at the Company's request to assist in gathering the required data or information.

- I. Employees shall remain on their posts until properly relieved, or released by their supervisor.
- J. When Employees are assigned to work outside of their normal work region, Company will provide per diem and/or mileage allowances to employee according to Government travel regulations (e.g., over 12 hours). When employee is required to work and/or travel out of his/her normal region for more than 13 hours, employee will be allowed to stay over night. All actual travel hours between guard-mount and arrival at the hotel or worksite during outbound trips and from the hotel or worksite to the arriving airport during inbound trips and normal work hours will be counted as hours worked, with the appropriate overtime wages applied as applicable. Employees will be reimbursed for any authorized expenditure during travel during the next full pay period following the submission of the travel voucher.
- K. Employees shall have the right to review their personnel file in the offices of the Employer. If there is a disagreement with any information contained in a personnel record, removal or correction of such information may be mutually agreed upon by the Employer and the employee. If an agreement is not reached, the employee may submit a written statement explaining the employee's position which shall thereupon be contained therein and shall become a part of such employee's personnel record.
- L. The Company may require Employees to undergo random drug screening. Upon notification by the Company the Employee must submit for testing within twenty-four (24) hours. Failure to comply with the random drug screening will be grounds for immediate termination of employment. The Company agrees to apply the random testing in a reasonable and uniform manner consistent with HHS Standards. The Company shall bear the cost of any such screening.

ARTICLE #21

STRIKES AND LOCKOUTS

- A. So long as this Agreement is in effect, the Union will not cause, nor permit its members to cause, nor will any member of the Union take part in, any strike, including a sympathy strike, slowdown, stoppage of work, picketing, planned inefficiency or any other curtailment of work or restriction or interference with the Employer's or Government's operations for any reason whatsoever. Nor will the Union authorize or sanction the same. Upon hearing of any unauthorized strike, slowdown, stoppage of work, picketing, planned inefficiency or any other curtailment of work or restriction or interference with the operation of the Employer and/or the Government as set forth above, the Union shall take the necessary steps to avert or bring such activity to a prompt termination.
- B. Any employee who violates the proscriptions of this provision will be immediately discharged. Furthermore, it is agreed and understood that in addition to other remedies, the

provisions of this Article may be judicially enforced including specific performance by way of injunctive relief.

- C. During the life of this Agreement, the Employer shall not lockout any employees covered hereunder.

ARTICLE #22

GOVERNMENT SUPREMACY

- A. The Union acknowledges that Employer has entered into a Contract with the Government to provide services under specific terms and conditions, and that the Government has broad discretion to direct the activities of Employer within the scope of the Contract. In that regard, the Government may supersede any understanding of the parties hereto regarding assignments, hours, shifts, credentials, qualifications, and any other operational issue, as the Government deems to be in the interest of the Government's overall security objective, and there shall be no recourse against the Employer regarding such actions or their compliance with such directives. The Employer will discuss any such changes or directives with the Union prior to their implementation, to the extent Employer is able to do so, and will provide written documentation of the Government's actions or directions, unless such disclosure is expressly prohibited.
- B. Notwithstanding any provision of this Agreement, to the extent the Government requires compliance with specific procedures (e.g., security clearances, medical examinations, weapon proficiency testing, uniforms/appearance standards, staffing determinations, etc.), or the requirements of the Service Contract Act, Employer and Union will comply with those requirements, and the Union shall have no recourse against the Employer through the grievance and arbitration process, or otherwise. If the effect of such a requirement supersedes an otherwise contractual right of either party hereto, and a request by that party is made to the other within thirty (30) calendar days of the change, the parties will meet and confer regarding the effects of the change.
- C. Any monetary or other benefit provided by the Employer to employees pursuant to a Government directive, but subsequently no longer mandated by the Government or allowed as a chargeable expense by Employer to the Government, may be terminated by Employer in its discretion. Notice will be provided to the Union, and the parties will meet and confer regarding the effects of the Government's action.

ARTICLE #23

PARTIAL INVALIDITY

If any provision of this Agreement or any application of this Agreement to any employee or group of employees shall be determined to be contrary to law, then such provision or application shall not be deemed valid and subsisting except to the extent permitted by law, but all other provisions or applications shall continue in full force and effect. Upon a finding by an arbitrator,

National Labor Relations Board, the federal government, or Court that any provision of this Agreement is invalid, the parties will meet and confer regarding the effects of such a finding.

ARTICLE #24

WAIVER, ENTIRE AGREEMENT AND AMENDMENTS

- A. The parties acknowledge that during the negotiations which resulted in this Agreement each had the unlimited right and opportunity to make demands and proposals with respect to any subject matter not removed by law from the area of collective bargaining, and that all of the understandings and agreements arrived at by the parties after the exercise of that right and opportunity are set forth in this Agreement. Therefore, the Employer and the Union for the life of this Agreement each voluntarily and without qualification waive the right, and each agrees that the other shall not be obligated to bargain collectively with respect to any subjects or matters referred to or covered in this Agreement, even though such subjects or matters may not have been within the knowledge or contemplation of either or both of the parties at the time they negotiated or signed this Agreement.

- B. This Agreement constitutes the full and complete agreement between the Employer and the Union, it being understood that nothing shall be implied as being binding on the parties hereto except to the extent expressly set forth in this Agreement. Moreover, this Agreement fully supersedes any and all prior commitments, understandings or practices, whether written or oral, express or implied, between the Employer, the Union and/or the employees.

- C. This Agreement can only be modified or be re-negotiated by the express, written and signed agreement of both parties.

ARTICLE #25

SAFETY

The parties agree to meet to discuss safety issues at a mutually agreeable time and place at least once per year. The meeting shall include no more than 2 Union representatives and 2 Employer representatives, unless the parties mutually agree to other arrangements.

ARTICLE #26

DURATION OF AGREEMENT

- A. This Agreement (other than the provisions relating directly to wages) shall remain in full force and effect until 11:59 p.m. on August 31, 2008 ,(or any extension periods granted to Employer by the Government, whichever is later), and thereafter for successive periods of one (1) year, unless either party, at least one hundred and eighty (180) days before the Agreement's stated expiration, serves a written notice on the other party of a desire to terminate this Agreement upon the upcoming applicable expiration date.

- B. This Agreement shall also be terminated sixty (60) days after service of written notice of termination by one party on the other if said service is within thirty (30) days of the terminating parties' receipt of notification by the Government that the Employer's current Contract shall be re-procured by formal bidding (instead of renewed). Should either party receive such a notice from the Government, it shall send written notice of its receipt thereof (along with a copy of the notice) to the other party within fourteen (14) calendar days of said receipt.
- C. Notices required by the parties under this Article shall be sent by certified mail, return receipt requested, to the other party, with notices to the Employer to be sent to its Director of Human Resources. Subject to Paragraph D, below, within thirty (30) days of the issuance of a notice to terminate this Agreement as set forth in Paragraph A, above, the parties shall commence the process for negotiating a successor to this Agreement.
- D. Notwithstanding the above, this Agreement shall immediately terminate upon any termination by the Government of the Employer's relationship therewith to provide security services for Government under the Contract. In such event, the relationship with the Union shall also terminate, as shall any further duty to bargain.
- E. This Agreement shall take effect upon its execution by both parties, and it supersedes any and all prior agreements or understandings between the parties.

IN WITNESS WHEREOF, the parties hereto have set their signatures on the day and year indicated below.

All operations involving, unloading, storage, and hauling of ordnance, explosive, and incendiary ordnance material other than small arms ammunition. These differentials are only applicable to work that has been specifically designated by the agency for ordnance, explosives, and incendiary material differential pay.

** UNIFORM ALLOWANCE **

If employees are required to wear uniforms in the performance of this contract (either by the terms of the Government contract, by the employer, by the state or local law, etc.), the cost of furnishing such uniforms and maintaining (by laundering or dry cleaning) such uniforms is an expense that may not be borne by an

employee where such cost reduces the hourly rate below that required by the wage determination. The Department of Labor will accept payment in accordance with the following standards as compliance:

The contractor or subcontractor is required to furnish all employees with an adequate number of uniforms without cost or to reimburse employees for the actual cost of the uniforms. In addition, where uniform cleaning and maintenance is made the responsibility of the employee, all contractors and subcontractors subject to this wage determination shall (in the absence of a bona fide collective bargaining agreement providing for a different amount, or the furnishing of contrary affirmative proof as to the actual cost), reimburse all employees for such cleaning and maintenance at a rate of \$3.35 per week (or \$.67 cents per day). However, in those instances where the uniforms furnished are made of "wash and wear" materials, may be routinely washed and dried with other personal garments, and do not require any special treatment such as dry cleaning, daily washing, or commercial laundering in order to meet the cleanliness or appearance standards set by the terms of the Government contract, by the contractor, by law, or by the nature of the work, there is no requirement that employees be reimbursed for uniform maintenance costs.

The duties of employees under job titles listed are those described in the "Service Contract Act Directory of Occupations", Fifth Edition, April 2006, unless otherwise indicated. Copies of the Directory are available on the Internet. A links to the Directory may be found on the WHD home page at <http://www.dol.gov/esa/whd/> or through the Wage Determinations On-Line (WDOL) Web site at <http://wdol.gov/>.

REQUEST FOR AUTHORIZATION OF ADDITIONAL CLASSIFICATION AND WAGE RATE {Standard Form 1444 (SF 1444)}

Conformance Process:

The contracting officer shall require that any class of service employee which is not listed herein and which is to be employed under the contract (i.e., the work to be performed is not performed by any classification listed in the wage determination), be classified by the contractor so as to provide a reasonable relationship (i.e., appropriate level of skill comparison) between such unlisted classifications and the classifications listed in the wage determination. Such conformed classes of employees shall be paid the monetary wages and furnished the fringe benefits as are determined. Such conforming process shall be initiated by the contractor prior to the performance of contract work by such unlisted class(es) of employees. The conformed classification, wage rate, and/or fringe benefits shall be retroactive to the commencement date of the contract. {See Section 4.6 (C)(vi)} When multiple wage determinations are included in a contract, a separate SF 1444 should be prepared for each wage determination to which a class(es) is to be conformed.

The process for preparing a conformance request is as follows:

- 1) When preparing the bid, the contractor identifies the need for a conformed occupation) and computes a proposed rate).
- 2) After contract award, the contractor prepares a written report listing in order proposed classification title), a Federal grade equivalency (FGE) for each proposed classification), job description), and rationale for proposed wage rate), including information regarding the agreement or disagreement of the authorized representative of the employees involved, or where there is no authorized representative, the employees themselves. This report should be submitted to the contracting officer no later than 30 days after such unlisted class(es) of employees performs any contract work.
- 3) The contracting officer reviews the proposed action and promptly submits a report of the action, together with the agency's recommendations and pertinent information including the position of the contractor and the employees, to the Wage and Hour Division, Employment Standards Administration, U.S. Department of Labor, for review. (See section 4.6(b)(2) of Regulations 29 CFR Part 4).

4) Within 30 days of receipt, the Wage and Hour Division approves, modifies, or disapproves the action via transmittal to the agency contracting officer, or notifies the contracting officer that additional time will be required to process the request.

5) The contracting officer transmits the Wage and Hour decision to the contractor.

6) The contractor informs the affected employees.

Information required by the Regulations must be submitted on SF 1444 or bond paper.

When preparing a conformance request, the "Service Contract Act Directory of Occupations" (the Directory) should be used to compare job definitions to insure that duties requested are not performed by a classification already listed in the wage determination. Remember, it is not the job title, but the required tasks that determine whether a class is included in an established wage determination. Conformances may not be used to artificially split, combine, or subdivide classifications listed in the wage determination.

These differentials are only applicable to work that has been specifically designated by the agency for ordnance, explosives, and incendiary material differential pay.

** UNIFORM ALLOWANCE **

If employees are required to wear uniforms in the performance of this contract (either by the terms of the Government contract, by the employer, by the state or local law, etc.), the cost of furnishing such uniforms and maintaining (by laundering or dry cleaning) such uniforms is an expense that may not be borne by an employee where such cost reduces the hourly rate below that required by the wage determination. The Department of Labor will accept payment in accordance with the following standards as compliance:

The contractor or subcontractor is required to furnish all employees with an adequate number of uniforms without cost or to reimburse employees for the actual cost of the uniforms. In addition, where uniform cleaning and maintenance is made the responsibility of the employee, all contractors and subcontractors subject to this wage determination shall (in the absence of a bona fide collective bargaining agreement providing for a different amount, or the furnishing of contrary affirmative proof as to the actual cost), reimburse all employees for such cleaning and maintenance at a rate of \$3.35 per week (or \$.67 cents per day). However, in those instances where the uniforms furnished are made of "wash and wear" materials, may be routinely washed and dried with other personal garments, and do not require any special treatment such as dry cleaning, daily washing, or commercial laundering in order to meet the cleanliness or appearance standards set by the terms of the Government contract, by the contractor, by law, or by the nature of the work, there is no requirement that employees be reimbursed for uniform maintenance costs.

The duties of employees under job titles listed are those described in the "Service Contract Act Directory of Occupations", Fifth Edition, April 2006, unless otherwise indicated. Copies of the Directory are available on the Internet. A links to the Directory may be found on the WHD home page at <http://www.dol.gov/esa/whd/> or through the Wage Determinations On-Line (WDOL) Web site at <http://wdol.gov/>.

REQUEST FOR AUTHORIZATION OF ADDITIONAL CLASSIFICATION AND WAGE RATE {Standard Form 1444 (SF 1444)}

Conformance Process:

The contracting officer shall require that any class of service employee which is not listed herein and which is to be employed under the contract (i.e., the work to be performed is not performed by any classification listed in the wage determination), be classified by the contractor so as to provide a reasonable relationship (i.e., appropriate level of skill comparison) between such unlisted classifications and the classifications listed in the wage determination. Such conformed classes of employees shall be paid the monetary wages and furnished the fringe benefits as are determined. Such conforming process shall be initiated by the contractor prior to the performance of contract work by such unlisted class(es) of employees. The conformed classification, wage rate, and/or fringe benefits shall be retroactive to the commencement date of the contract. {See Section 4.6 (C)(vi)} When multiple wage determinations are included in a contract, a separate SF 1444 should be prepared for each wage determination to which a class(es) is to be conformed.

The process for preparing a conformance request is as follows:

- 1) When preparing the bid, the contractor identifies the need for a conformed occupation) and computes a proposed rate).
- 2) After contract award, the contractor prepares a written report listing in order proposed classification title), a Federal grade equivalency (FGE) for each

proposed classification), job description), and rationale for proposed wage rate), including information regarding the agreement or disagreement of the authorized representative of the employees involved, or where there is no authorized representative, the employees themselves. This report should be submitted to the contracting officer no later than 30 days after such unlisted class(es) of employees performs any contract work.

3) The contracting officer reviews the proposed action and promptly submits a report of the action, together with the agency's recommendations and pertinent information including the position of the contractor and the employees, to the Wage and Hour Division, Employment Standards Administration, U.S. Department of Labor, for review. (See section 4.6(b)(2) of Regulations 29 CFR Part 4).

4) Within 30 days of receipt, the Wage and Hour Division approves, modifies, or disapproves the action via transmittal to the agency contracting officer, or notifies the contracting officer that additional time will be required to process the request.

5) The contracting officer transmits the Wage and Hour decision to the contractor.

6) The contractor informs the affected employees.

Information required by the Regulations must be submitted on SF 1444 or bond paper.

When preparing a conformance request, the "Service Contract Act Directory of Occupations" (the Directory) should be used to compare job definitions to insure that duties requested are not performed by a classification already listed in the wage determination. Remember, it is not the job title, but the required tasks that determine whether a class is included in an established wage determination. Conformances may not be used to artificially split, combine, or subdivide classifications listed in the wage determination.

** UNIFORM ALLOWANCE **

If employees are required to wear uniforms in the performance of this contract (either by the terms of the Government contract, by the employer, by the state or local law, etc.), the cost of furnishing such uniforms and maintaining (by laundering or dry cleaning) such uniforms is an expense that may not be borne by an employee where such cost reduces the hourly rate below that required by the wage

determination. The Department of Labor will accept payment in accordance with the following standards as compliance:

The contractor or subcontractor is required to furnish all employees with an adequate number of uniforms without cost or to reimburse employees for the actual cost of the uniforms. In addition, where uniform cleaning and maintenance is made the responsibility of the employee, all contractors and subcontractors subject to this wage determination shall (in the absence of a bona fide collective bargaining agreement providing for a different amount, or the furnishing of contrary affirmative proof as to the actual cost), reimburse all employees for such cleaning and maintenance at a rate of \$3.35 per week (or \$.67 cents per day). However, in those instances where the uniforms furnished are made of "wash and wear" materials, may be routinely washed and dried with other personal garments, and do not require any special treatment such as dry cleaning, daily washing, or commercial laundering in order to meet the cleanliness or appearance standards set by the terms of the Government contract, by the contractor, by law, or by the nature of the work, there is no requirement that employees be reimbursed for uniform maintenance costs.

The duties of employees under job titles listed are those described in the "Service Contract Act Directory of Occupations", Fifth Edition, April 2006, unless otherwise indicated. Copies of the Directory are available on the Internet. A links to the Directory may be found on the WHD home page at <http://www.dol.gov/esa/whd/> or through the Wage Determinations On-Line (WDOL) Web site at <http://wdol.gov/>.

REQUEST FOR AUTHORIZATION OF ADDITIONAL CLASSIFICATION AND WAGE RATE {Standard Form 1444 (SF 1444)}

Conformance Process:

The contracting officer shall require that any class of service employee which is not listed herein and which is to be employed under the contract (i.e., the work to be performed is not performed by any classification listed in the wage determination), be classified by the contractor so as to provide a reasonable relationship (i.e., appropriate level of skill comparison) between such unlisted classifications and the classifications listed in the wage determination. Such conformed classes of employees shall be paid the monetary wages and furnished the fringe benefits as are determined. Such conforming process shall be initiated by the contractor prior to the performance of contract work by such unlisted class(es) of employees. The conformed classification, wage rate, and/or fringe benefits shall be retroactive to the commencement date of the contract. {See Section 4.6 (C)(vi)} When multiple wage determinations are included in a contract, a separate SF 1444 should be prepared for each wage determination to which a class(es) is to be conformed.

The process for preparing a conformance request is as follows:

- 1) When preparing the bid, the contractor identifies the need for a conformed occupation) and computes a proposed rate).
- 2) After contract award, the contractor prepares a written report listing in order proposed classification title), a Federal grade equivalency (FGE) for each proposed classification), job description), and rationale for proposed wage rate), including information regarding the agreement or disagreement of the authorized representative of the employees involved, or where there is no authorized representative, the employees themselves. This report should be submitted to the contracting officer no later than 30 days after such unlisted class(es) of employees performs any contract work.
- 3) The contracting officer reviews the proposed action and promptly submits a report of the action, together with the agency's recommendations and pertinent information including the position of the contractor and the employees, to the Wage and Hour Division, Employment Standards Administration, U.S. Department of Labor, for review. (See section 4.6(b)(2) of Regulations 29 CFR Part 4).

4) Within 30 days of receipt, the Wage and Hour Division approves, modifies, or disapproves the action via transmittal to the agency contracting officer, or notifies the contracting officer that additional time will be required to process the request.

5) The contracting officer transmits the Wage and Hour decision to the contractor.

6) The contractor informs the affected employees.

Information required by the Regulations must be submitted on SF 1444 or bond paper.

When preparing a conformance request, the "Service Contract Act Directory of Occupations" (the Directory) should be used to compare job definitions to insure that duties requested are not performed by a classification already listed in the wage determination. Remember, it is not the job title, but the required tasks that determine whether a class is included in an established wage determination. Conformances may not be used to artificially split, combine, or subdivide classifications listed in the wage determination.

All operations involving regrading and cleaning of artillery ranges.

A 4 percent differential is applicable to employees employed in a position that represents a low degree of hazard when working with, or in close proximity to ordnance, (or employees possibly adjacent to) explosives and incendiary materials which involves potential injury such as laceration of hands, face, or arms of the employee engaged in the operation, irritation of the skin, minor burns and the like; minimal damage to immediate or adjacent work area or equipment being used. All operations involving, unloading, storage, and hauling of ordnance, explosive, and incendiary ordnance material other than small arms ammunition. These differentials are only applicable to work that has been specifically designated by the agency for ordnance, explosives, and incendiary material differential pay.

** UNIFORM ALLOWANCE **

If employees are required to wear uniforms in the performance of this contract (either by the terms of the Government contract, by the employer, by the state or local law, etc.), the cost of furnishing such uniforms and maintaining (by laundering or dry cleaning) such uniforms is an expense that may not be borne by an employee where such cost reduces the hourly rate below that required by the wage determination. The Department of Labor will accept payment in accordance with the following standards as compliance:

The contractor or subcontractor is required to furnish all employees with an adequate number of uniforms without cost or to reimburse employees for the actual cost of the uniforms. In addition, where uniform cleaning and maintenance is made the responsibility of the employee, all contractors and subcontractors subject to this wage determination shall (in the absence of a bona fide collective bargaining agreement providing for a different amount, or the furnishing of contrary affirmative proof as to the actual cost), reimburse all employees for such cleaning and maintenance at a rate of \$3.35 per week (or \$.67 cents per day). However, in those instances where the uniforms furnished are made of "wash and wear" materials, may be routinely washed and dried with other personal garments, and do not require any special treatment such as dry cleaning, daily washing, or commercial laundering in order to meet the cleanliness or appearance standards set by the terms of the Government contract, by the contractor, by law, or by the nature of the work, there is no requirement that employees be reimbursed for uniform maintenance costs.

The duties of employees under job titles listed are those described in the "Service Contract Act Directory of Occupations", Fifth Edition, April 2006, unless otherwise indicated. Copies of the Directory are available on the Internet. A links to the Directory may be found on the WHD home page at <http://www.dol.gov/esa/whd/> or through the Wage Determinations On-Line (WDOL) Web site at <http://wdol.gov/>.

REQUEST FOR AUTHORIZATION OF ADDITIONAL CLASSIFICATION AND WAGE RATE {Standard Form 1444 (SF 1444)}

Conformance Process:

The contracting officer shall require that any class of service employee which is not listed herein and which is to be employed under the contract (i.e., the work to be performed is not performed by any classification listed in the wage determination), be classified by the contractor so as to provide a reasonable relationship (i.e., appropriate level of skill comparison) between such unlisted classifications and the classifications listed in the wage determination. Such conformed classes of employees shall be paid the monetary wages and furnished the fringe benefits as are determined. Such conforming process shall be initiated by the contractor prior to the performance of contract work by such unlisted class(es) of employees. The conformed classification, wage rate, and/or fringe benefits shall be retroactive to the commencement date of the contract. {See Section 4.6 (C)(vi)} When multiple wage determinations are included in a contract, a separate SF 1444 should be prepared for each wage determination to which a class(es) is to be conformed.

The process for preparing a conformance request is as follows:

- 1) When preparing the bid, the contractor identifies the need for a conformed occupation) and computes a proposed rate).
- 2) After contract award, the contractor prepares a written report listing in order proposed classification title), a Federal grade equivalency (FGE) for each proposed classification), job description), and rationale for proposed wage rate), including information regarding the agreement or disagreement of the authorized representative of the employees involved, or where there is no authorized representative, the employees themselves. This report should be submitted to the contracting officer no later than 30 days after such unlisted class(es) of employees performs any contract work.
- 3) The contracting officer reviews the proposed action and promptly submits a report of the action, together with the agency's recommendations and pertinent information including the position of the contractor and the employees, to the Wage and Hour Division, Employment Standards Administration, U.S. Department of Labor, for review. (See section 4.6(b)(2) of Regulations 29 CFR Part 4).
- 4) Within 30 days of receipt, the Wage and Hour Division approves, modifies, or disapproves the action via transmittal to the agency contracting officer, or

notifies the contracting officer that additional time will be required to process the request.

5) The contracting officer transmits the Wage and Hour decision to the contractor.

6) The contractor informs the affected employees.

Information required by the Regulations must be submitted on SF 1444 or bond paper.

When preparing a conformance request, the "Service Contract Act Directory of Occupations" (the Directory) should be used to compare job definitions to insure that duties requested are not performed by a classification already listed in the wage determination. Remember, it is not the job title, but the required tasks that determine whether a class is included in an established wage determination. Conformances may not be used to artificially split, combine, or subdivide classifications listed in the wage determination.

These deductions will be made per pay period, not to exceed two (2) pay periods in a month. These deductions will be made only upon receipt of written authorization from the Employee on a form provided by the Union. The Employee, upon 30 days’ written notice served upon the Company and the Union, may revoke such authorization.
