Processing Codes

Table of Contents

Introduction

This section provides tables of codes, messages, and data specifications to assist you in defining your system, submitting your data, correcting errors or FAFSA data, and other processing codes associated with the Central Processing System (CPS) Electronic Data Exchange (EDE) process.

A summary of the tables in this section appears below:

2008-2009 ISIR Cross-Reference

This cross-reference table compares the 2007-2008 Institutional Student Information Record (ISIR) field number, start position, and end position with the 2008-2009 ISIR field number, start position, and end position. It also lists the field values (for each field) that have changed from the last award year.

Table of Reject Codes and How to Respond to Each

Use this table to determine the meaning of reject codes on a Student Aid Report (SAR) or ISIR. The table outlines how to correct each reject and references comment code numbers associated with the rejects.

Transaction Reject Error Messages

This table reports the Record Reject codes (3 to 16) and the Transmission Error codes (17 to 18). The table lists the actual text for each reject code, a description of the error, and a resolution for each error. The record error messages indicate that the individual student record was not processed. You will need to fix any student record with a record error message and send it to the CPS again for processing so an ISIR is generated. Transmission errors are problems with the transmission of the records.

Assumption Overrides

This table associates the override codes with the assumption the CPS is making during processing. It also explains what happens if you use this code and provides an example of when you would use this code.

Field Name and Position Cross-References

Use this table to determine which fields were verified or corrected in the previous transaction or which fields are highlighted on the ISIR. It also defines the field positions for the SAR field, the FAFSA field name, and the question number on the FAFSA.

NSLDS Loan Program Codes

Use the codes in this table to determine the type of loan program on the ISIR received from CPS. These codes are described in the six NSLDS Loan Program Code fields in the ISIR Record Description/Data Dictionary found in the Record Layouts section of this technical reference.

NSLDS Loan Current Status Codes

Use the codes in this table to determine the loan status on the ISIR received from CPS. These codes are described in the six NSLDS Loan Current Status fields in the ISIR Record Description/Data Dictionary found in the Record Layouts section of this technical reference.

State/Country/Jurisdiction Codes

Use the codes in this table to determine the valid state abbreviations used for the following fields which are found in various record layouts in this technical reference:

- Student's Permanent State
- Student's Driver's License State Code
- Student's State of Legal Residence
- Parents' State of Legal Residence

Correction Data Entry Specifications

You can use this table in conjunction with the Correction Export Record Layout found in the Record Layouts section. The table defines the CPS Correction Number and field length. It defines the valid data to send for each field on a correction record. The table also indicates if the CPS Correction Number field is a signed value, the justification of the field, and if the field can be corrected to blank.

Message Classes

This table lists the message classes associated with application processing.

Comment Codes

This section describes changes to the SAR comments for 2008-2009, including descriptions of the new comments and where to find more information.

Comment Codes

For a complete listing of SAR codes, comment text, and changes, see the companion document to the *2008-2009 EDE Technical Reference* entitled *2008-2009 SAR Comment Codes and Text.* This document can be found on the U.S. Department of Education's Federal Student Aid Download (FSAdownload) Web site located at fsadownload.ed.gov, as well as on the Information for Financial Aid Professionals (IFAP) Web site located at ifap.ed.gov.

Significant changes to the com ment code text for 2008-2009 include:

- In prior years, comments 126 and 131 were associated with records where the student or parent updated their income but did not update their tax filing status from "will file." Because we changed this warning edit to a reject edit, these comments are now associated with the new reject code 20.

- We updated all comments that reference question 21 ("Are you male or female?") to reflect the changes to the response to the question.

- We added "Please review these items" to comments that mention the student reported the same value for two different fields.

- Expanded our "close to" or "exceeding loan limit" comments from two comments (256 and 257) to four comments (255 to 258) to distinguish between undergraduate limits or combined undergraduate and graduate limits.

The SAR C code is set on a student's record based on the comments that associated with a student's record. The only 2008-2009 change that will cause the SAR C code to be set on a student's record is the addition of comment code 255.

The comments in the following table were added for 2008-2009. Comments 062, 272, 273, and 274 have been retained; however, the comment text has changed and different edits cause these comments to be assigned to a student's record. The table also provides a brief description of the reasons why the new comments would be included in a student's record.

New Comments

Comment	Reason this Comment Displays on the Record
001	This heading comment ("WHAT YOU MUST DO NOW. Use the checklist below to make sure that all of your issues are resolved") is the first comment that prints on each record.
062	This student's record has a Reject 4; marital status date is greater than the date the record was signed.

258	The undergraduate student's loans are close to the loan limit (see the note below).
259	The student's NSLDS record indicates a loan categorized by identity theft.
272	The student's NSLDS record indicates a loan that is potentially fraudulent.
273	Corrections were made to the parent tax fields but no correction was made to change the tax return status from an estimated tax return.
274	Corrections were made to the student tax fields but no correction was made to change the tax return status from an estimated tax return.
275	The student was issued a PIN to sign the 2008-2009 FAFSA and the student's PIN information was confirmed with the Social Security Administration (SSA). The PIN can now be used for all purposes.
276	The student was issued a PIN to sign the 2008-2009 FAFSA but the student's PIN information was not confirmed with the SSA. The PIN has now been deactivated and instructions for resolving the issue with the SSA are provided in an associated comment.

279	The mother was issued a PIN to sign the 2008-2009 FAFSA and her information was confirmed with the Social Security Administration (SSA). The PIN can now be used for all purposes.
280	The mother was issued a PIN to sign the 2008-2009 FAFSA but her PIN information was not confirmed with the SSA. The PIN has now been deactivated and instructions for resolving the issue with the SSA are provided in an associated comment.

Note: In prior years, we applied comments 256 and 257 to a student's record when he or she was close to or was exceeding undergraduate or graduate loan limits, based on his or her grade level in college. We did not identify which loan level the student was close to or was exceeding. This year we added comments 255 and 258 to provide loan limit information for undergraduate loans only. We modified the text in comments 256 and 257 to provide loan limit information for combined undergraduate and graduate loans.
