
Introduction

The programs covered in this volume are administered at the state level. Students must meet state eligibility criteria to receive assistance or benefits from these programs.

THE STATE GRANT PROGRAMS

The state grant programs are:

- Leveraging Educational Assistance Partnership (LEAP) Program (formerly known as the State Student Incentive Grant [SSIG] Program)
- Special Leveraging Educational Assistance Partnership (SLEAP) Program
- Robert C. Byrd Honors Scholarship (Byrd Scholarship) Program
- Gaining Early Awareness and Readiness for Undergraduate Programs (GEAR UP)

The Higher Education Amendments of 1998 renamed the SSIG Program the LEAP Program. The LEAP Program, covered in Chapter 1, provides grants to states to help those states provide need based grant and work-study assistance to eligible needy postsecondary students.

The SLEAP Program, covered in Chapter 1 of this volume, is an additional component of the LEAP Program. The SLEAP Program provides incentive grants to states to assist them in providing grants, scholarships, and community service work-study assistance to eligible needy postsecondary students.

Under the Byrd Scholarship Program, covered in Chapter 2, the Secretary makes grants to states to enable those states to award scholarships to high school seniors who have demonstrated outstanding academic achievement and who show promise of continued academic achievement. (Scholarship recipients are called Byrd Scholars.)

The Higher Education Amendments of 1998 created the Gaining Early Awareness and Readiness for Undergraduate Programs. GEAR UP
