

## **Newly Revised DTV Website and new DTV Publications**

The FCC has a newly revised DTV website. Go to [www.dtv.gov](http://www.dtv.gov) to learn about DTV, check the status of your coupon application, and find helpful publications such as a troubleshooting guide that provides a converter box hook-up checklist and a guide that offers tips on the reception of digital signals. The newly revised website also offers DTV reception maps for your neighborhood.

We also have 3 new publications relating to the DTV transition. Please take a moment to review by clicking on the following links:
