Your Name, Title, Department		Institution Mailing Address

Purpose of Travel

Part 1 - Questionnaire

1. Check the appropriate block to indicate which of the following were MAJOR and SECONDARY ACTIVITIES

Major Activity	Secondary Activity	Not Applicable	
			Attended an international scientific congress or meeting
			Presented a technical paper
			Participated in a colloquium or seminar
			Visited scientific institutions
			Represented U.S. scientific community at meeting of international organization or professional association
			Other (please describe)

2. How would you characterize the overall scientific merit of the meeting/activity?

Check the statement that is most appropriate.

- It was somewhat disappointing and I was unable to accomplish some of my original objectives.
- It was professionally rewarding and I accomplished my primary objectives.
- It was unusually productive and an important event in my scientific career.

Comment on the overall scientific merit:

3. Check the appropriate block to indicate which of the following were major results or secondary results.

Major Results	Secondary Results	Not Applicable	
			Established useful professional contacts
			Exchanged useful information relevant to my own research
			Obtained and passed along information useful to U.S. colleagues
			Gained access to unique research materials
			Obtained material for publication
			Developed plans for undertaking cooperative research project
			Collaborated with a foreign counterpart on a research project
			Assumed a leadership position in an international organization or professional organization
			Fostered development of the international scientific community
			Continued to improve political and cultural relations among people involved in the activity
			Other (please describe)

Part 2 - Narrative Report

Describe the accomplishments of the travel and report any scientific activities abroad that would be of value to the national scientific effort.

**Recipients of U.S. Treasury checks and/or special foreign currency must complete the following:**

Departed From	Date
Returned To	Date

U.S. flag carriers were used for principal transportation       Non-U.S. flag carriers were used (indicate reasons on separate sheet)

Expenditure Information

Amount received from this award \$1,000	Amount spent for transportation \$
Amount spent for other expenses (if provided by this award) \$	Total amount spent \$
I certify that funds provided by this award were spent for the purpose of the award.	Unused funds, if any, returned herewith by check payable to National Science Foundation.
