MEMORANDUM #107

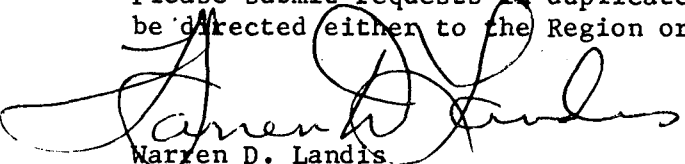

TO: All Government Contracting Agencies of the Federal  
Government and the District of Columbia

SUBJECT: DAVIS-BACON AND RELATED ACTS;  
REQUEST FOR DETERMINATION AND RESPONSE  
TO REQUEST, STANDARD FORM 308  
(REPLACES FORMS DB-11 and DB-11a)

Attached is a copy of the new Standard Form 308 which, as soon as the Agency can obtain a supply, should be used in requesting project wage determinations for construction subject to the Davis-Bacon Act as Amended and Related Statutes. Project wage determinations are requested when there is no applicable area determination or when there is a question as to the applicability of an area wage determination. Area determinations are published in the Federal Register and may be used where applicable without specific authorization by the Department of Labor. If the contracting officer has some question as to whether a published area decision properly applies to a project, a Standard Form 308 should be submitted specifically referring to the area decision and pointing out the reasons its applicability is questioned. The stock number for Standard Form 308 is 75401050078. The cost is 35¢ per 100 copies. They are now available through regular Federal supply channels.

In its basics SF-308 is not different from forms DB-11 and DB-11a. New features include provisions for the Agency telephone number and the address to which the determination should be mailed. The request will become the face of the determination which will be mailed to the Agency in a window envelope.

Requests should continue to be submitted to the appropriate Regional Office of the Employment Standards Administration. See Memorandum #105. Please submit requests in duplicate. Questions concerning the form may be directed either to the Region or to the Washington Office.
