Table K.1.—Personal Income and Per Capita Personal Income by Metropolitan Area, 1994-96—Continued

Table with columns for Area name, Personal income (Millions of dollars, Percent change), Per capita personal income (Dollars, Rank in U.S.), and Area name, Personal income (Millions of dollars, Percent change), Per capita personal income (Dollars, Rank in U.S.). Rows list various metropolitan areas like Jonesboro, AR; Joplin, MO; Kalamazoo-Battle Creek, MI; etc.

1. The personal income level shown for the United States is derived as the sum of the county estimates; it differs from the national income and product accounts (NIPA) estimate of personal income because, by definition, it omits the earnings of Federal civilian and military personnel stationed abroad and of U.S. residents employed abroad temporarily by private U.S. firms. It can also differ from the NIPA estimate because of different data sources and revision schedules.

New England County Metropolitan Areas (NECMA's). The New Haven-Bridgeport-Stamford-Danbury-Waterbury, CT NECMA is presented as a PMSA (part of the New York CMSA).

Source: Table 1 in "Local Area Personal Income, 1969-96" in the May 1998 issue of the SURVEY.
