Dear M. Salas,

I am legally blind - Mass. certified #41689 - since Jan., 1980.

I want you to know that I strongly support the proposed "Descriptive Video Rules" under MM Docket # 99-339

Television, videos, etc. should be accessible to all blind people just as they're accessible to the deaf. By the way, I'm also "hard of hearing". Count me twice!

Thanks a lot. Good luck
