## HOW TO USE THIS DOCUMENT

|                                           |     |
|-------------------------------------------|-----|
| Public Review .....                       | i   |
| The Management Area Concept .....         | i   |
| How The Garnet RMP/EIS Is Organized ..... | iii |

|                       |          |
|-----------------------|----------|
| <b>ABSTRACT .....</b> | <b>v</b> |
|-----------------------|----------|

## SUMMARY

|                     |      |
|---------------------|------|
| Alternative A ..... | viii |
| Alternative B ..... | ix   |
| Alternative C ..... | xi   |
| Alternative D ..... | xii  |
| Alternative E ..... | xiii |

## INTRODUCTION

|                                 |   |
|---------------------------------|---|
| Purpose and Need .....          | 1 |
| Planning Process Overview ..... | 4 |

## CHAPTER 1: ISSUES AND CRITERIA

|                                          |   |
|------------------------------------------|---|
| Issue-Driven Planning .....              | 7 |
| Issues Addressed in the Garnet RMP ..... | 7 |
| Planning Criteria .....                  | 9 |

## CHAPTER 2: ALTERNATIVES, INCLUDING THE PROPOSED ACTION

|                                                      |    |
|------------------------------------------------------|----|
| Alternative Formulation Overview .....               | 13 |
| Delineation of Management Areas .....                | 13 |
| Interim Management of WSAs .....                     | 17 |
| Management Guidance Common to All Alternatives ..... | 18 |
| Alternatives Considered in Detail .....              | 25 |
| Comparison of Alternatives .....                     | 43 |
| Alternatives Eliminated from Detailed Study .....    | 56 |
| Selection of the Preferred Alternative .....         | 56 |
| Monitoring and Evaluation .....                      | 59 |

## CHAPTER 3: AFFECTED ENVIRONMENT

|                                      |    |
|--------------------------------------|----|
| Setting .....                        | 61 |
| Soil and Water Resources .....       | 61 |
| Energy and Mineral Resources .....   | 67 |
| Lands .....                          | 73 |
| Recreation Resources .....           | 74 |
| Visual Resources .....               | 77 |
| Cultural Resources .....             | 80 |
| Wilderness Resources .....           | 80 |
| Forest Resources .....               | 91 |
| Range Resources .....                | 92 |
| Wildlife Habitat Resources .....     | 95 |
| Social and Economic Conditions ..... | 99 |

## CHAPTER 4: ENVIRONMENTAL CONSEQUENCES

|                                                                      |     |
|----------------------------------------------------------------------|-----|
| Analysis Process .....                                               | 103 |
| Analysis Guidelines .....                                            | 103 |
| Analysis Assumptions .....                                           | 103 |
| Summary of Impacts .....                                             | 104 |
| Alternative A .....                                                  | 104 |
| Alternative B .....                                                  | 124 |
| Alternative C .....                                                  | 135 |
| Alternative D .....                                                  | 145 |
| Alternative E .....                                                  | 150 |
| Cumulative Impacts .....                                             | 159 |
| Unavoidable Adverse Impacts .....                                    | 159 |
| Relationship Between Short-term Use and Long-term Productivity ..... | 160 |
| Irreversible and Irretrievable Commitment of Resources .....         | 160 |

|                                                                                                                                                        |     |
|--------------------------------------------------------------------------------------------------------------------------------------------------------|-----|
| <b>CHAPTER 5: CONSULTATION AND COORDINATION</b>                                                                                                        |     |
| Consistency .....                                                                                                                                      | 161 |
| Public Participation .....                                                                                                                             | 161 |
| Agencies and Organizations Consulted .....                                                                                                             | 162 |
| <b>CHAPTER 6: LIST OF PREPARERS</b>                                                                                                                    |     |
| Project Management .....                                                                                                                               | 165 |
| Interdisciplinary Team .....                                                                                                                           | 165 |
| Writing Team .....                                                                                                                                     | 166 |
| Document Production Team .....                                                                                                                         | 166 |
| <b>APPENDIXES</b>                                                                                                                                      |     |
| Appendix A: Management Area Prescriptions .....                                                                                                        | 167 |
| Appendix B: Best Management Practices .....                                                                                                            | 181 |
| Appendix C: Timber Production Capability Classification .....                                                                                          | 183 |
| Appendix D: Processing Notices and Plans of Operations Under the 3809 Regulations .....                                                                | 186 |
| Appendix E: Oil and Gas Leasing Procedures .....                                                                                                       | 196 |
| Appendix F: Guidelines for Implementation of VRM Classes .....                                                                                         | 203 |
| Appendix G: Cultural Resource Management Procedures .....                                                                                              | 207 |
| Appendix H: Summary of Resource Conditions Used to Categorize Grazing Allotments .....                                                                 | 209 |
| Appendix I: Alternative Stocking Rates By Allotment .....                                                                                              | 214 |
| Appendix J: Range Improvements and Treatments .....                                                                                                    | 217 |
| Appendix K: Grazing Systems .....                                                                                                                      | 219 |
| Appendix L: Data on Individual Allotments: Ecological Condition, Forage Potential,<br>and Current Management Practices .....                           | 220 |
| Appendix M: Management Opportunities and Objectives for I Allotments .....                                                                             | 226 |
| Appendix N: Analysis of the No Grazing Alternative .....                                                                                               | 229 |
| Appendix O: Detailed Discussion of Areas Being Studied for Wilderness .....                                                                            | 233 |
| Appendix P: Wilderness Opportunities Within Montana .....                                                                                              | 290 |
| Appendix Q: Ecosystem Representation .....                                                                                                             | 301 |
| Appendix R: Analysis of Ranch Budgets .....                                                                                                            | 302 |
| Appendix S: Coordinating Elk and Time Management Recommendations from the Final Report<br>of the Montana Cooperative Elk-Logging Study 1970-1985 ..... | 309 |

|---------------------------------------------|
| Alternative A East Half Map .....           |
| Alternative A West Half Map .....           |
| Alternative B East Half Map .....           |
| Alternative B West Half Map .....           |
| Alternative C-D East Half Map .....         |
| Alternative C-D West Half Map .....         |
| Alternative E East Half Map .....           |
| Alternative E West Half Map .....           |
| Land Adjustment Map .....                   |
| Motorized Recreation Restrictions Map ..... |
| Land Status Map .....                       |
| Allotment Overlay .....                     |

## TABLES

## CHAPTER 2

|                                                                     |    |
|---------------------------------------------------------------------|----|
| 2-1 Management Area Summary .....                                   | 14 |
| 2-2 Existing Withdrawals and Classifications .....                  | 20 |
| 2-3 Summary of Management Area Allocations for Alternative A .....  | 26 |
| 2-4 Existing AMP Allotments .....                                   | 27 |
| 2-5 Summary of Management Area Allocations for Alternative B .....  | 32 |
| 2-6 New AMP Allotments Proposed Under Alternative B .....           | 33 |
| 2-7 Summary of Management Area Allocations for Alternative C .....  | 33 |
| 2-8 New AMP Allotments Proposed Under Alternatives C and D .....    | 34 |
| 2-9 Summary of Management Area Allocations for Alternative D .....  | 35 |
| 2-10 Summary of Management Area Allocations for Alternative E ..... | 36 |
| 2-11 Tracts to Remain Unleased For Livestock Grazing .....          | 41 |
| 2-12 New AMP Allotments Proposed Under Alternative E .....          | 41 |

|      |                                                                                                      |    |
|------|------------------------------------------------------------------------------------------------------|----|
| 2-13 | Comparison of Alternatives: Range Improvements, Treatments, and Costs .....                          | 42 |
| 2-14 | Comparison of Alternatives: Projected Long-term Changes in Vegetative Condition/Classification ..... | 44 |
| 2-15 | Comparison of Alternatives: MA Allocations .....                                                     | 44 |
| 2-16 | Comparison of Alternatives: Resource Allocations and Outputs .....                                   | 45 |
| 2-17 | Summary of Impacts of Alternatives on Resources .....                                                | 48 |

## CHAPTER 3

|      |                                                                               |     |
|------|-------------------------------------------------------------------------------|-----|
| 3-1  | Major Soil Types and Their Selected Characteristics .....                     | 62  |
| 3-2  | Stream Monitoring Summary .....                                               | 66  |
| 3-3  | Stream Reach Inventory and Channel Stability Analysis .....                   | 68  |
| 3-4  | Energy and Mineral Potential in the GRA .....                                 | 71  |
| 3-5  | BLM Surface and Subsurface Ownership By County .....                          | 73  |
| 3-6  | Surface Ownership By Tract Size .....                                         | 73  |
| 3-7  | Surface Ownership By County .....                                             | 74  |
| 3-8  | Dispersed Recreation Activities in the GRA .....                              | 74  |
| 3-9  | Walk-in Hunting Areas in the GRA .....                                        | 78  |
| 3-10 | VRM Classes .....                                                             | 79  |
| 3-11 | Wilderness Study Areas in the GRA .....                                       | 80  |
| 3-12 | Regional Wilderness Opportunities .....                                       | 81  |
| 3-13 | Proximity of Wilderness to Population Centers .....                           | 81  |
| 3-14 | Existing and Proposed Wilderness Areas and Areas Under Wilderness Study ..... | 82  |
| 3-15 | Forest Habitat Types and Productivity Data .....                              | 91  |
| 3-16 | Timber Sold in the GRA .....                                                  | 91  |
| 3-17 | TPCC Categories and Acreages .....                                            | 92  |
| 3-18 | Factors Affecting Forest Productivity .....                                   | 93  |
| 3-19 | Summary of Present Vegetative Conditions and Classifications .....            | 95  |
| 3-20 | Allotment Management Plans .....                                              | 95  |
| 3-21 | Fishable Streams and Rivers in the GRA .....                                  | 100 |
| 3-22 | Population Projections for Missoula, Granite, and Powell Counties .....       | 100 |
| 3-23 | Employment Projections for Missoula, Granite, and Powell Counties .....       | 101 |
| 3-24 | Federal Payments to County Governments in 1982 .....                          | 101 |
| 3-25 | Dependency of Lessees on Livestock Forage on Public Lands in the GRA .....    | 102 |

## CHAPTER 4

|      |                                                                                             |     |
|------|---------------------------------------------------------------------------------------------|-----|
| 4-1  | Estimated Reduction in Timber Output Due to MA Prescriptions .....                          | 104 |
| 4-2  | Costs of Building, Maintaining, and Replacing Improvements .....                            | 104 |
| 4-3  | Summary of Impacts of Alternatives on Resources .....                                       | 106 |
| 4-4  | Range Improvements for Alternative A .....                                                  | 118 |
| 4-5  | Projected Changes in AUM Production for Alternative B .....                                 | 129 |
| 4-6  | Range Improvements and Cost Data for Alternative B .....                                    | 129 |
| 4-7  | Number of Ranches in Each Size Class Affected by the Grazing Program in Alternative B ..... | 133 |
| 4-8  | Alternative C: Wilderness Study Areas' Energy and Mineral Potential .....                   | 136 |
| 4-9  | Projected Changes in AUM Production for Alternatives C and D .....                          | 139 |
| 4-10 | Range Improvements and Cost Data for Alternatives C and D .....                             | 139 |
| 4-11 | Number of Ranches in Each Size Class Affected by the Grazing Program in Alternative C ..... | 143 |
| 4-12 | Number of Ranches in Each Size Class Affected by the Grazing Program in Alternative D ..... | 149 |
| 4-13 | Projected Changes in AUM Production for Alternative E .....                                 | 154 |
| 4-14 | Range Improvements and Cost Data for Alternative E .....                                    | 154 |
| 4-15 | Number of Ranches in Each Size Class Affected by the Grazing Program in Alternative E ..... | 159 |
| 4-16 | Percent of Public Land Managed to Achieve Wildlife Habitat Goals .....                      | 159 |

## CHAPTER 6

|     |                                |     |
|-----|--------------------------------|-----|
| 6-1 | Writing Team .....             | 166 |
| 6-2 | Document Production Team ..... | 166 |

## APPENDIX A

|     |                                                              |     |
|-----|--------------------------------------------------------------|-----|
| A-1 | Riparian Buffer Zone .....                                   | 168 |
| A-2 | Riparian Buffer Zones for Tolerant and Sensitive Soils ..... | 170 |
| A-3 | Wilderness Study Areas .....                                 | 176 |

**APPENDIX D**

|                                                                     |     |
|---------------------------------------------------------------------|-----|
| D-1 Steps in Processing a Notice of Planned Mining Activities ..... | 187 |
| D-2 Steps in the Processing a Plan of Operations.....               | 191 |

**APPENDIX H**

|                                                                        |     |
|------------------------------------------------------------------------|-----|
| H-1 Summary of Resource Conditions Used to Categorize Allotments ..... | 210 |
| H-2 Summary of Allotments By Category .....                            | 209 |

**APPENDIX L**

|                                 |     |
|---------------------------------|-----|
| L-1 I Category Allotments ..... | 222 |
| L-2 M Category Allotments ..... | 222 |
| L-3 C Category Allotments.....  | 224 |

**APPENDIX M**

|                                                                  |     |
|------------------------------------------------------------------|-----|
| M-1 Management Opportunities and Objectives - I Allotments ..... | 226 |
| M-2 Allotment Ranking For I Allotments.....                      | 228 |

**APPENDIX N**

|                                               |     |
|-----------------------------------------------|-----|
| N-1 Effect of No Grazing on Ranch Income..... | 231 |
|-----------------------------------------------|-----|

**APPENDIX O**

|                                                                             |     |
|-----------------------------------------------------------------------------|-----|
| O-1 Wilderness Study Areas Analyzed in This Document.....                   | 233 |
| O-2 Description of Management Activity by Issue/by Alternative .....        | 244 |
| O-3 Summary of Impacts of Each Alternative on Wales Creek WSA .....         | 248 |
| O-4 Summary of Impacts of Each Alternative on Hoodoo Mountain WSA .....     | 250 |
| O-5 Summary of Impacts of Each Alternative on Gallagher Creek 202 WSA ..... | 252 |
| O-6 Summary of Impacts of Each Alternative on Quigg West 202 WSA.....       | 254 |
| O-7 Rationale for Selection of the Preferred Alternative .....              | 256 |
| O-8 Effects on Naturalness Wales Creek WSA .....                            | 257 |
| O-9 Effects on Naturalness Hoodoo WSA .....                                 | 263 |
| O-10 Effects on Naturalness Gallagher Creek WSA.....                        | 267 |

**APPENDIX P**

|                                                                                 |     |
|---------------------------------------------------------------------------------|-----|
| P-1 Status of BLM Areas Under Wilderness Study .....                            | 290 |
| P-2 Other Agency Areas Under Wilderness Study .....                             | 291 |
| P-3 Wilderness Recommendations Transmitted By This RMP .....                    | 296 |
| P-4 Completed BLM Wilderness Studies Awaiting Presidential Recommendations..... | 297 |
| P-5 Wilderness Recommendations Pending Before Congress (All Agencies) .....     | 299 |
| P-6 Statutory Wilderness (All Agencies) .....                                   | 300 |

**APPENDIX Q**

|                                                   |     |
|---------------------------------------------------|-----|
| Q-1 Ecosystems Found in the WSAs in the GRA ..... | 301 |
|---------------------------------------------------|-----|

**APPENDIX R**

|                                                                     |     |
|---------------------------------------------------------------------|-----|
| R-1 Production Receipts for an Average Ranch in Size Class 1 .....  | 302 |
| R-2 Variable Costs for an Average Ranch in Size Class 1.....        | 303 |
| R-3 Fixed Costs for an Average Ranch in Size Class 1 .....          | 303 |
| R-4 Production Receipts for an Average Ranch in Size Class 2 .....  | 304 |
| R-5 Variable Costs for an Average Ranch in Size Class 2.....        | 304 |
| R-6 Fixed Costs for an Average Ranch in Size Class 2 .....          | 305 |
| R-7 Production Receipts for an Average Ranch in Size Class 3 .....  | 305 |
| R-8 Variable Costs for an Average Ranch in Size Class 3.....        | 306 |
| R-9 Fixed Costs for an Average Ranch in Size Class 3 .....          | 306 |
| R-10 Production Receipts for an Average Ranch in Size Class 4 ..... | 307 |
| R-11 Variable Costs for an Average Ranch in Size Class 4.....       | 307 |
| R-12 Fixed Costs for an Average Ranch in Size Class 4 .....         | 308 |
