Dear Reader:

This draft Resource Management Plan/Environmental Impact Statement (RMP/EIS) for the Headwaters Resource Area is presented for your review and comment. This document outlines four major alternatives for managing the public land in the Headwaters Resource Area. These alternatives are designed to resolve eleven land management issues that were identified during the early stages of the planning process.

We would appreciate your comments on this RMP/EIS by July 15, 1983. Questions or comments should be directed to Dan Lechefsky, Project Manager, Butte District Office, BLM, P.O. Box 3388, Butte, Montana 59702.

A formal public hearing has been scheduled to allow individuals to present testimony on the draft plan and EIS. This hearing is required for the wilderness suitability recommendations contained in this document, but testimony on all portions of the plan is encouraged. The hearing will be held at the following location:

Date	Location	Time
June 15, 1983	Jorgenson's Holiday Motel 1714 11th Avenue Helena, Montana	3:00 to 5:00 p.m. and 7:00 to 9:00 p.m.

In conjunction with this hearing, there will be an open house at Jorgenson's Motel on the same day as the hearing, running from 10:00 a.m. to 5:00 p.m. and 6:00 to 8:00 p.m. This open house will give you an opportunity to discuss the RMP/EIS with the resource specialists who participated in its development.

All comments, whether written or oral, will be given equal consideration in the preparation of the final Resource Management Plan/Environmental Impact Statement. I hope that through your participation in this effort we can move together toward a common goal of improved public land management in the Headwaters Resource Area.

Sincerely yours,

Michael J. Penfold
 State Director
