## **Mayberry and Lone Fires Contained Tonight**

CRAIG, Colo. – The 25,385-acre **Mayberry Fire** 32 miles northwest of Craig was 100 percent contained tonight. It was started Sunday by lightning. The change in acreage is due to precise mapping of the fire's perimeter.

The 956-acre **Lone Fire** 15 miles north of Elk Springs was also 100 percent contained tonight. It was also started by lightning Sunday.

Today the Southwest Interagency Fire Use Management Team assumed management of the **Jordan Fire**, which is seven miles northwest of Meeker. For information on that fire, call Punky Moore at 530-228-0299.

The 5,150-acre **Prong Fire** 23 miles northwest of Craig was 100 percent contained Tuesday night.

The pilot involved in yesterday's single engine air tanker crash was released from the hospital with minor injuries. The investigation into that crash continues.

Fire crews and resources from Moffat County, the towns of Maybell and Meeker, State Forest Service, the BLM, U.S. Forest Service, U.S. Fish and Wildlife Service, and the National Park Service all worked these fires.
