RE: Request for Correction of Physical and Chemical
Property Information in Databases EPA
Disseminates to the Public (IQG RFC #04019)

Dear Mr. Kovacs,

I want to provide you with a status update regarding your May 26, 2004, Request for Correction submitted under the Environmental Protection Agency's Information Quality Guidelines. These guidelines state that EPA's goal is to respond to each Request for Correction within 90 days of receipt, either by providing a decision on the request or if the request will require more than 90 days to resolve, informing the requestor that more time is required.

EPA is preparing a response to your request but will require additional time to coordinate review of the response. We anticipate that a response providing the Agency's decision will be forwarded to you within an additional 30 days. Thank you for your interest in environmental information quality.

Sincerely yours,
