Re: Request for Correction concerning Atrazine
Re-registration (IQG RFC #05001)

Dear Ms. Govis:

I want to provide you with a status update regarding your January 10, 2005, Request for Correction submitted under the Environmental Protection Agency's Information Quality Guidelines. These guidelines state that EPA's goal is to respond to each request within 90 days of receipt, either by providing a decision on the request or if the request will require more than 90 days to resolve, informing the requestor that more time is required.

EPA is finalizing the response to your request but will require additional time to coordinate review of the response. We anticipate that a response will be forwarded to you within an additional 30 days. Thank you for your interest in environmental information quality.

Sincerely yours,
