Re: Interim Response to your Request for  
Correction (RFC # 05006)

Dear Mr. Samp:

I want to provide you with a status update regarding your August 23, 2005, Request for Correction (RFC #05006) submitted under the Environmental Protection Agency's Information Quality Guidelines. These guidelines state that EPA's goal is to respond to the request within 90 days of receipt, either by providing a decision on the RFR or if the request will require more than 90 days to resolve, informing the requestor that more time is required.

EPA is preparing a response to your request but will require additional time to complete its review and finalization of the response. We anticipate that a response providing the Agency's decision will be forwarded to you within an additional 60 days. Thank you for your interest in environmental information quality.

Sincerely yours,
