### **NOTICE OF ADDENDUM #2**

This amends the Colorado State Office, Competitive Oil and Gas Lease Sale Notice dated June 9, 2008 for the Lease Sale Auction to be held on August 14, 2008.

The U.S. Forest Service has deferred the following 15 parcels for further analysis.

11 of the 15 parcels being withdrawn from the August, 2008, sale, and which were included in the June 9, 2008, notice of the availability of parcels for lease on the Grand Mesa, Uncompaghre, and Gunnison (GMUG) National Forests, included lands within the West Elk Inventoried Roadless Area (IRA). After further review, it was determined that the stipulations in those leases could potentially result in surface use and occupancy that may be inconsistent with the outcome of the Forest Service's current efforts to promulgate regulations for the protection and management of National Forest roadless areas within the State of Colorado.
