

U.S. Climate Change Science Program

Synthesis and Assessment Product 5.3

Decision-Support Experiments and Evaluations using Seasonal to Interannual Forecasts and Observational Data: A Focus on Water Resources

Lead Agency:

National Oceanic and Atmospheric Administration

Contributing Agencies:

Environmental Protection Agency

National Aeronautics and Space Administration

National Science Foundation

U.S. Geological Survey

Note to Reviewers: This report has not yet undergone rigorous copy editing
and will do so prior to layout for publication

Table of Contents

PREFACE.....5

P.1 REPORT MOTIVATION AND GUIDANCE FOR USING THIS SYNTHESIS AND ASSESSMENT REPORT.....5

P.2 BACKGROUND.....7

P.3 FOCUS OF THIS SYNTHESIS AND ASSESSMENT PRODUCT.....8

P.4 THE SYNTHESIS AND ASSESSMENT WRITING TEAM..... 10

P.5 HOW THIS SYNTHESIS AND ASSESSMENT PRODUCT IS ORGANIZED AND WHY..... 11

EXECUTIVE SUMMARY.....15

ES.1 WHAT IS DECISION SUPPORT AND WHY IS IT NECESSARY?.....15

ES.2 CLIMATE AND HYDROLOGIC FORECASTS: THE BASIS FOR MAKING INFORMED DECISIONS.....19

ES.3 DECISION-SUPPORT EXPERIMENTS IN THE WATER RESOURCE SECTOR.....22

ES.4 MAKING DECISION-SUPPORT INFORMATION USEFUL, USEABLE, AND RESPONSIVE TO DECISION-MAKER NEEDS.....24

ES.5 LOOKING TOWARD THE FUTURE; RESEARCH PRIORITIES.....26

ES.5.1 Key Themes.....26

ES.5.2 Research Priorities.....28

CHAPTER 1. THE CHANGING CONTEXT.....29

1.1 INTRODUCTION.....29

1.2 INCREASING STRESS AND COMPLEXITY IN WATER RESOURCES.....31

1.2.1 The Evolving Context: The Importance of Issue Frames.....36

1.2.2 Climate Forecasting Innovations and Opportunities in Water Resources.....40

1.2.3 Organizational Dynamics and Innovation.....44

1.2.4 Decision Support, Knowledge Networks, Boundary Organizations, and Boundary Objects.....48

1.3 OUTLINE OF THE REPORT AND WHERE PROSPECTUS QUESTIONS ARE ADDRESSED.....50

CHAPTER 1 REFERENCES.....53

CHAPTER 2. A DESCRIPTION AND EVALUATION OF HYDROLOGIC AND CLIMATE FORECAST AND DATA PRODUCTS THAT SUPPORT DECISION-MAKING FOR WATER RESOURCE MANAGERS.....59

KEY FINDINGS.....60

2.1 INTRODUCTION.....62

2.2 HYDROLOGIC AND WATER RESOURCES: MONITORING AND PREDICTION.....66

 2.2.1 *Prediction Approaches.....67*

 2.2.2 *Forecast Producers and Products.....70*

 2.2.3 *Skill in SI Hydrologic and Water Resource Forecasts... ..85*

2.3 CLIMATE DATA AND FORECAST PRODUCTS.....100

 2.3.1 *A Sampling of SI Climate Forecast Products of Interest to Water Resource Managers.....100*

 2.3.2 *Sources of Climate-Forecast Skill.....108*

2.4 IMPROVING WATER RESOURCES FORECAST SKILL AND PRODUCTS.....111

 2.4.1 *Improving SI Climate Forecast Use for Hydrologic Prediction.....112*

 2.4.2 *Improving Initial Hydrologic Conditions for Hydrologic and Water Resource Forecasts.....117*

 2.4.3 *Calibration of Hydrologic Model Forecasts.....123*

2.5 THE EVOLUTION OF PROTOTYPES TO PRODUCTS AND THE ROLE OF EVALUATION IN PRODUCT DEVELOPMENT....126

 2.5.1 *Transitioning Prototypes to Products.....127*

 2.5.2 *Evaluation of Forecast Utility.....135*

CHAPTER 2 REFERENCES.....140

CHAPTER 3. DECISION-SUPPORT EXPERIMENTS WITHIN THE WATER RESOURCE MANAGEMENT SECTOR.....155

KEY FINDINGS.....155

3.1 INTRODUCTION.....157

3.2 WHAT DECISIONS DO WATER USERS MAKE, WHAT ARE THEIR DECISION-SUPPORT NEEDS, AND WHAT ROLES CAN DECISION-SUPPORT SYSTEMS PLAY IN MEETING THESE NEEDS?.....159

 3.2.1 *Range and Attributes of Water Resource Decisions.....160*

 3.2.2 *Decision-support Needs of Water Managers for Climate Information.....173*

 3.2.3 *How Does Climate Variability Affect Water Management?.....176*

 3.2.4 *Institutional Factors that Inhibit Information Use in Decision-Support Systems.....198*

 3.2.5 *Reliability and Trustworthiness as Problems in Collaboration.....204*

3.3 WHAT ARE THE CHALLENGES IN FOSTERING COLLABORATION BETWEEN SCIENTISTS AND DECISION-MAKERS?.....215

 3.3.1 *General Problems in Fostering Collaboration.....215*

 3.3.2 *Scientists Need to Communicate Better and Decision-Makers Need a Better Understanding of Uncertainty – It Is Embedded In Science.....228*

3.4 SUMMARY.....233

CHAPTER 3 REFERENCES.....236

CHAPTER 4. MAKING DECISION-SUPPORT INFORMATION USEFUL, USEABLE, AND RESPONSIVE TO DECISION-MAKER NEEDS.....260

KEY FINDINGS.....261

4.1 INTRODUCTION.....262

4.2 DECISION-SUPPORT TOOLS FOR CLIMATE FORECASTS: SERVING END-USER NEEDS, PROMOTING USER-ENGAGEMENT AND ACCESSIBILITY.....264

4.2.1 Decision-Support Experiments on Seasonal to Interannual Climate Variability.....265

4.2.2 Organizational and Institutional Dimensions of Decision-Support Experiments.....285

4.3 APPROACHES TO BUILDING USER KNOWLEDGE AND ENHANCING CAPACITY BUILDING.....290

4.3.1 Boundary-Spanning Organizations as Intermediaries Between Scientists and Decision Makers.....290

4.3.2 Regional Integrated Science and Assessment Teams (RISAs) – An Opportunity for Boundary Spanning, and a Challenge.....296

4.3.3 Developing Knowledge-Action Systems – a Climate for Inclusive Management.....299

4.3.4 The Value of User-Driven Decision Support.....303

4.3.5 Pro-Active Leadership – Championing Change.....306

4.3.6 Funding and Long-Term Capacity Investments Must Be Stable and Predictable.....311

4.3.7 Adaptive Management for Water Resources Planning – Implications for Decision Support.....313

4.3.8 Integrated Water Resources Planning – Local Water Supply and Adaptive Management.....316

4.3.9 Measurable Indicators of Progress to Promote Information Access and Use.....323

4.3.10 Monitoring Progress.....325

4.4 SUMMARY FINDINGS AND CONCLUSIONS.....333

4.5 FUTURE RESEARCH NEEDS AND PRIORITIES.....337

4.5.1 Understanding Decision-Makers’ Perceptions of Climate Vulnerability.....339

4.5.2 Possible Research Methodologies.....340

4.5.3 Public Pressures, Social Movements and Innovation.....341

CHAPTER 4 REFERENCES.....346

CHAPTER 5. LOOKING TOWARD THE FUTURE.....364

5.1 INTRODUCTION.....365

5.2 OVERARCHING THEMES AND FINDINGS.....366

5.2.1 *The “Loading Dock Model” of Information Transfer is Unworkable*.....366

5.2.2 *Decision Support is a Process Rather Than a Product*.....367

5.2.3 *Equity May Not Be Served*.....369

5.2.4 *Science Citizenship Plays an Important Role in Developing Appropriate Solutions*.....374

5.2.5 *Trends and Reforms in Water Resources Provide New Perspectives*.....377

5.2.6 *Useful Evaluation of Applications of Climate Variation Forecasts Requires Innovative Approaches*.....380

5.3 RESEARCH PRIORITIES.....382

5.3.1 *A Better Understanding of Vulnerability is Essential*383

5.3.2 *Improving Hydrologic and Climate Forecasts*.....384

5.3.3 *Better Integration of Climate Information Into Decision Making*.....386

5.3.4 *Better Balance Between Physical Science and Social Science*.....389

5.3.5 *Better Understanding of the Implications of Small-Scale, Tailored Decision Support Tools Is Needed*.....391

5.3.6 *Understand Impacts of Climate Variability and Change on Other Resources*.....394

5.4 THE APPLICATION OF LESSONS LEARNED FROM THIS PRODUCT TO OTHER SECTORS.....395

CHAPTER 5 REFERENCES.....399

APPENDIX A. TRANSITIONING NWS HYDROLOGIC RESEARCH INTO OPERATIONS.....408

APPENDIX B. HOW THE NATIONAL WEATHER SERVICE PRIORITIZES THE DEVELOPMENT OF IMPROVED HYDROLOGIC FORECASTS.....414

GLOSSARY AND ACRONYMS.....419

GLOSSARY.....419

ACRONYMS.....424
