Distance Learning

If respondent was a participant, go to AJ1. Else go to AK1.

AJ1. Now I have some questions about distance education. What we mean by distance education is that some or all of the instruction for a course is provided using some kind of technology, while the person taking the course is at a different place from the instructor. Using technology in a class with an instructor present is not considered to be distance education.

Informal Learning Activities for Personal Interest

AK1. Up to now, we've talked about programs, courses, or classes. Now I'd like to talk with you about other ways that people learn things for personal interest besides classes that have an instructor. This might include things you do to learn something related to a hobby, your home, health, religion, or other areas that are of personal interest to you. These next questions **do not** include learning for a job.

In the past 12 months, have you...
