

**§ 211.6 Cooperation in forest investigations or the protection, management, and improvement of the National Forest System.**

\* \* \* \* \*

(c) *Bonding.* Each written agreement involving a non-Government cooperator's total contribution of \$25,000 or more to the Forest Service on a reimbursable basis, must include a provision requiring a payment bond to guarantee the cooperator's reimbursement payment. Acceptable security for a payment bond includes Department of the Treasury approved corporate sureties, Federal Government obligations, and irrevocable letters of credit. For the purposes of this section, a non-Government cooperator is an entity that is not a member, division, or affiliate of a Federal, State, local government, a federally recognized Indian Tribe (as defined by the Federally Recognized Indian Tribe List Act of 1994 [25 U.S.C. 479a]), or other organizations funding a Forest Service agreement with pass through funding from an entity that is a member, division, or affiliate of a Federal, State, local government, or federally recognized Indian Tribe.

**Pacific Halibut Fisheries; Subsistence Fishing; Correction**

**AGENCY:** National Marine Fisheries Service (NMFS), National Oceanic and Atmospheric Administration (NOAA), Commerce.

**ACTION:** Final rule; correction.

**SUMMARY:** This document corrects a final rule published in the **Federal Register** on September 24, 2008, amending the subsistence fishery rules for Pacific halibut. This correcting amendment corrects the headings in two tables.

**DATES:** Effective on October 24, 2008.

**FOR FURTHER INFORMATION CONTACT:**

Becky Carls, 907-586-7228.

**SUPPLEMENTARY INFORMATION:** The final rule that is the subject of these corrections was published on September 24, 2008 (73 FR 54932), and implemented amendments to the subsistence fishery rules for Pacific halibut in waters in and off Alaska.

**Need for Corrections**

The regulations at § 300.65 provide for a catch sharing plan and for domestic management measures for Pacific halibut fisheries in waters in and off Alaska. Among other regulatory actions, the final rule converted the gear and harvest restrictions from text to table format. This action amends § 300.65(h)(1)(i) table heading by replacing "Retention limits" with "Gear restrictions" and amends § 300.65(h)(2) table heading by replacing "Gear restrictions" with "Retention limits."

**Classification**

Pursuant to 5 U.S.C. 553(b)(B), the Assistant Administrator of Fisheries finds good cause to waive prior notice and opportunity for public comment otherwise required by the section. NOAA finds that prior notice and opportunity for public comment are unnecessary because the editorial changes made by this rule are non-substantive. The need to immediately correct the published headings for two in-text tables for this regulation will eliminate a potential source of confusion and constitutes good cause to waive the requirement to provide prior notice and opportunity for public

comment, as such procedures would be unnecessary and contrary to the public interest. Notice and comment is unnecessary because this action makes only minor, non-substantive changes to 50 CFR 300.65 to correct the headings of two tables. The rule does not make any substantive change in the rights and obligations of subsistence fishermen managed under the subsistence halibut regulations. No aspect of this action is controversial and no change in operating practices in the fishery is required.

Because prior notice and opportunity for public comment are not required for this rule by 5 U.S.C. 553, or any other law, the analytical requirements of the Regulatory Flexibility Act, 5 U.S.C. 601 *et seq.*, are inapplicable.

**Correction**

■ Accordingly, the final rule, FR Doc. E8-22411, published on September 24, 2008, at 73 FR 54932, to be effective October 24, 2008, is corrected as follows:

■ 1a. In § 300.65, on pages 54940 and 54941, the headings to the table under paragraph (h)(1)(i) are corrected to read as follows:

**§ 300.65 Catch sharing plan and domestic management measures in waters in and off Alaska.**
