

USFWS Block-cleared Areas for Black-Footed Ferret Surveys in Colorado, September 2008

The block-cleared areas for black-footed ferret surveys presented here were determined by the USFWS in coordination with the Colorado Division of Wildlife. Boundaries for some counties in the Interstate 25 corridor are not well-defined on east and west sides. For more on the information presented in this map, please contact the USFWS's Colorado Field Office at 303-236-4773.
