

**Stay in Circulation:** Take Steps to Learn About P.A.D. is a national awareness campaign to increase public and health care provider awareness about peripheral arterial disease (P.A.D.) and its association with other cardiovascular diseases. The campaign is sponsored by the National Heart, Lung, and Blood Institute—part of the National Institutes of Health, U.S. Department of Health and Human Services—in cooperation with the P.A.D. Coalition, an alliance of national organizations and professional societies united to improve the health and health care of people with P.A.D. For more information, visit [www.aboutpdd.org](http://www.aboutpdd.org).

P.A.D. raises your risk of heart attack and stroke.
