POLICIES AND PRACTICES FOR STORING, RETRIEVING, ACCESSING, RETAINING, AND DISPOSING OF RECORDS IN THE SYSTEM:

STORAGE:

Records are stored in paper and computerized form.

RETRIEVABILITY:

Records are retrieved by name or Social Security Number.

SAFEGUARDS:

Records are maintained in areas accessible only to DLA personnel who must have access to perform their duties. The computer files are password protected with access restricted to authorized users. Records are secured in locked or guarded buildings, locked offices, locked cabinets or powered down computer terminals during non-duty hours. Output and storage media products are labeled "For Official Use Only" and handled in accordance with DLA regulations for the safeguarding of such information. Data relayed through the Internet is encrypted during transmission by means that comply with DoD polices and technical specifications for communications, operations, and web security.

RETENTION AND DISPOSAL:

Folders are maintained for the duration of the employee's employment. They are retired to the National Personnel Records Center (Civilian Personnel Records), 111 Winnebago Street, St. Louis, MO 63118, 30 days after separation except that files on off-duty military personnel are destroyed 2 years after termination of employment and files on non-U.S. citizens residing outside of CONUS, Alaska, Hawaii, but working within CONUS, Alaska, and Hawaii are destroyed 3 years after separation.

Some records within the file are retained at the agency for various lengths of time in accordance with the National Archives and Records Administration records schedules.

DEPARTMENT OF EDUCATION

[CFDA No. 84.358]

Small, Rural School Achievement Program and Rural and Low-Income School Program

AGENCY: Office of Elementary and Secondary Education, Department of Education.

ACTION: Notice announcing acceptability of Alternative Average Daily Attendance (ADA) data and establishing state deadline for submission of ADA and other eligibility and allocation data.

SUMMARY: Part B of Title VI of the Elementary and Secondary Education Act (ESEA) authorizes the Secretary of Education to award funds under two grant programs that are designed to address the unique needs of rural school

districts—the Small, Rural School Achievement Program (section 6212) and the Rural and Low-Income School Program (section 6221). Under the Small, Rural School Achievement Program, the Secretary awards grants directly to eligible local educational agencies (LEAs) on a formula basis. Under the Rural and Low-Income School Program, the Secretary awards formula grants to State educational agencies (SEAs), which in turn award subgrants to eligible LEAs either competitively or by formula. If a State chooses not to participate in the Rural and Low-Income School Program, the Secretary awards grants directly to eligible LEAs in that State.

The Department has prepared an Excel spreadsheet and instructions for SEAs to use in submitting the data needed to determine an LEA's eligibility for an award and allocations under the programs. These documents are available on the Department's Web site at <http://www.ed.gov/offices/OESE/reap.html>.

In this notice, the Department (1) announces that, for the first year of funding under the Small, Rural School Achievement Program and the Rural and Low-Income Program, it will accept alternative average daily attendance data that are consistent with the definition in section 6231(a) of the ESEA; and (2) establishes a deadline by which States may submit LEA eligibility data and allocation data for the programs.

Average Daily Attendance Data: An LEA's eligibility for funding under the Small, Rural School Achievement Program, as well as the amount of its grant award, is based, in part, on the number of students in average daily attendance (ADA) in the schools of the LEA. ADA data also affect an LEA's eligibility under the Rural and Low-Income Program because an LEA may not receive an award under that program if it is eligible for funding under the Small, Rural School Achievement Program. Furthermore, ADA data are used to determine the amount of each State's allocation under the Rural and Low-Income Program.

Section 6231(a) of the ESEA states that for purposes of the rural education programs, not later than December 1 of each year, an LEA must "conduct a census to determine the number of students in average daily attendance in kindergarten through grade 12 at the schools served by the agency." This provision further requires that the ADA data be submitted no later than March 1 of each year. Thus, an ADA submission for the first year of the rural education programs should be based on

a census conducted by December 1, 2001. The Secretary recognizes that not all SEAs or LEAs determine ADA on the basis of a census. Given that the legislation authorizing the rural education programs was enacted on January 8, 2002, a date after the period in which the initial census should have been conducted, for the purposes of determining FY 2002 eligibility and allocations under these programs the Department will accept alternative ADA data that are consistent with the statutorily required data (e.g., ADA data that are based on a percentage of enrollment).

Deadline for State Submission of ADA and Other Data: The legislation requires LEAs desiring a grant under either rural education program to submit ADA data to the Department by March 1 of each year (ESEA section 6231(a)(2)). A State must submit "such information as the Secretary may reasonably require" before receiving its allocation under the Rural and Low-Income Program (ESEA section 6223(a)). The Department is requesting that SEAs submit ADA data on behalf of their LEAs as well as other data needed to determine eligibility and to make allocations under the Small, Rural School Achievement Program and the Rural and Low-Income Program in order to (1) ensure maximum LEA participation in all States in both programs; (2) assist LEAs in demonstrating eligibility for funding and in providing data necessary to determine LEA and SEA allocations under the programs; (3) facilitate the process by which the Department makes awards; and (4) ensure that SEAs and LEAs receive their funds on a timely basis. SEAs should submit the data electronically on the Excel spreadsheet referenced above.

Although the legislation states that ADA data are to be submitted by March 1, given that this is the first year of the program and that the period of time between the date of enactment of the legislation and the ADA submission date is so short, the Department is extending the deadline for submission of ADA data for this year. The Department will permit States to submit, through April 1, 2002, ADA and other data that the Department needs to determine eligibility and allocations under the rural education programs. All of the relevant data are specified on the Excel spreadsheet and accompanying instructions. To avail itself of this extension, an SEA must notify the Department by March 1, 2002, that it cannot submit the applicable data by March 1, but that it will provide this information by April 1, 2002 or an earlier specified date.
