Full Text of Announcement

I. Funding Opportunity Description

Purpose of Program: The purposes of this program are to (1) help address State-identified needs for highly qualified personnel—in special education, related services, early intervention, and regular education—to work with infants or toddlers with disabilities, or children with disabilities; and (2) ensure that those personnel have the skills and

knowledge that are required by law and that are needed to serve those children.

Priority: In accordance with 34 CFR 75.105(b)(2)(iv), this priority is from allowable activities specified in the statute (see sections 662(d) and 681(d) of the Individuals with Disabilities Education Act (IDEA)).

Absolute Priority: For FY 2006 this priority is an absolute priority. Under 34 CFR 75.105(c)(3), we consider only applications that meet this priority.

This priority is: *Interdisciplinary Training in Analysis of Large-Scale Databases.*

Background: Under Part D of IDEA, the Secretary may make competitive grants to or enter into contracts or cooperative agreements with eligible entities for personnel development to improve services and results for children with disabilities. The purpose of this program is to establish and operate a project to train doctoral students in employing large-scale, nationally representative data sets to conduct research in special education policy.

Absolute Priority: The Assistant Secretary announces an absolute priority for the purpose of providing Federal financial assistance to support an entity to establish and operate a program to train doctoral students in employing large-scale, nationally representative data sets to conduct research in special education policy. The program must provide for training in research methods, design principles, and special education policy.

Projects funded under this absolute priority must:

(a) Recruit, select, and retain doctoral students with diverse academic backgrounds and experience.

(b) Ensure that efforts are made to involve and employ individuals with disabilities, or parents of individuals with disabilities, in the project.

(c) Provide comprehensive doctoral level coursework relating to large-scale research such as group research design, sampling or weighting, survey methods, multivariate statistical analyses, and in topical areas such as special education law, special education and/or education policy, including the Elementary and Secondary Education Act of 1965, as amended by the No Child Left Behind Act of 2001.

(d) With the cooperation of collaborating entities, such as government agencies and non-governmental organizations, provide research apprenticeships and fellowships for doctoral student fellows. The grantee must: (1) Ensure that recipients of the fellowship have the opportunity to carry out their own

research activities; (2) secure the participation of collaborating entities in providing doctoral training; and (3) identify and assign internship sites for doctoral students.

(e) Provide program recipients with individualized coursework planning, mentoring, and career planning in the field of special education.

(f) Monitor and evaluate recipients' progress and competencies; and communicate the results of the evaluations to OSEP in annual performance reports.

(g) Participate in regularly scheduled meetings with the Department/Office of Special Education Programs (OSEP) to review and define goals, objectives, and implementation of activities under this project.

(h) Provide continuing telephone and FAX communication with the Department/OSEP and other funded projects as requested by the Department/OSEP to ensure the coordination of activities under this and other related awards.

(i) Budget for one three-day Project Directors' meeting in Washington, DC during each year of the project and two one-day meetings in Washington, DC each year to meet with the OSEP Project Officer.

(j) If a Web site is maintained, information and documents on the site must be in a format that meets a government or industry-recognized standard for accessibility.

Waiver of Proposed Rulemaking: Under the Administrative Procedure Act (APA) (5 U.S.C. 553), the Department generally offers interested parties the opportunity to comment on a proposed priority. However, section 681(d) of IDEA makes the public comment requirements under the APA inapplicable to the priority in this notice.

Program Authority: 20 U.S.C. 1462 and 1481(d).

Applicable Regulations: The Education Department General Administrative Regulations (EDGAR) in 34 CFR parts 74, 75, 77, 79, 80, 81, 82, 84, 85, 86, 97, 98, 99, and 34 CFR part 304.

a. Electronic Submission of Applications

We have been accepting applications electronically through the Department's e-Application system since FY 2000. In order to expand on those efforts and comply with the President's

Management Agenda, we are continuing to participate as a partner in the new government wide Grants.gov Apply site in FY 2006. The Interdisciplinary Training in Analysis of Large-Scale Databases-CFDA Number 84.325L is one of the competitions included in this project. We request your participation in Grants.gov.

If you choose to submit your application electronically, you must use the Grants.gov Apply site at <http://www.Grants.gov>. Through this site, you will be able to download a copy of the application package, complete it offline, and then upload and submit your application. You may not e-mail an electronic copy of a grant application to us.

You may access the electronic grant application for The Interdisciplinary Training in Analysis of Large-Scale Databases at: <http://www.grants.gov> You must search for the downloadable application package for this program by the CFDA number. Do not include the CFDA number's alpha suffix in your search. Please note the following:

- Your participation in Grants.gov is voluntary.
- When you enter the Grants.gov site, you will find information about submitting an application electronically through the site, as well as the hours of operation.
- Applications received by Grants.gov are time and date stamped. Your application must be fully uploaded and submitted, and must be date/time stamped by the Grants.gov system no later than 4:30 p.m., Washington, DC time, on the application deadline date. Except as otherwise noted in this section, we will not consider your application if it is date/time stamped by the Grants.gov system later than 4:30 p.m., Washington, DC time, on the application deadline date. When we retrieve your application from Grants.gov, we will notify you if we are rejecting your application because it was date/time stamped by the Grants.gov system after 4:30 p.m., Washington, DC time, on the application deadline date.

- The amount of time it can take to upload an application will vary depending on a variety of factors including the size of the application and the speed of your Internet connection. Therefore, we strongly recommend that you do not wait until the application deadline date to begin the application process through Grants.gov.

- You should review and follow the Education Submission Procedures for submitting an application through Grants.gov that are included in the application package for this competition

to ensure that you submit your application in a timely manner to the Grants.gov system. You can also find the Education Submission Procedures pertaining to Grants.gov at <http://e-Grants.ed.gov/help/GrantsgovSubmissionProcedures.pdf>.

Details on these steps are outlined in the Grants.gov 3-Step Registration Guide (see <http://www.grants.gov/assets/GrantsgovCoBrandBrochure8X11.pdf>). You also must provide on your application the same D-U-N-S Number used with this registration. Please note that the registration process may take five or more business days to complete, and you must have completed all registration steps to allow you to successfully submit an application via Grants.gov.

- You will not receive additional point value because you submit your application in electronic format, nor will we penalize you if you submit your application in paper format.

- You may submit all documents electronically, including all information typically included on the Application for Federal Education Assistance (ED 424), Budget Information—Non-Construction Programs (ED 524), and all necessary assurances and certifications. If you choose to submit your application electronically, you must attach any narrative sections of your application as files in a .DOC (document), .RTF (rich text), or .PDF (Portable Document) format. If you upload a file type other than the three file types specified above or submit a password protected file, we will not review that material.

- Your electronic application must comply with any page limit requirements described in this notice.

- After you electronically submit your application, you will receive an automatic acknowledgment from Grants.gov that contains a Grants.gov tracking number. The Department will retrieve your application from Grants.gov and send you a second confirmation by e-mail that will include a PR/Award number (an ED-specified identifying number unique to your application).

- We may request that you provide us original signatures on forms at a later date.

Application Deadline Date Extension in Case of System Unavailability

If you are prevented from electronically submitting your application on the application deadline date because of technical problems with the Grants.gov system, we will grant you an extension until 4:30 p.m., Washington, DC time, the following business day to enable you to transmit your application electronically, or by hand delivery. You also may mail your application by following the mailing instructions as described elsewhere in this notice.
