

**Pets**  
 All pets must be restrained at all times while in the Seashore on a leash no longer than six feet. Pets may not be tied to an object and left unattended, or be allowed to make unreasonable noise.

**High Tide**  
 Check tide tables before walking on beaches. Rising water can trap you against a cliff with no possibility of escape.

**Heavy Surf**  
 The pounding surf and rip currents are treacherous, especially at McClures Beach, Kehoe Beach, and Point Reyes Beaches, North and South. Stay away from the water.

**Steep Cliffs**  
 The cliffs of Point Reyes are likely to crumble and slide. Climbing on them or walking near the edge invites catastrophe. Because of falling rocks, walking below cliffs is dangerous. Keep away!
