DATE: August 1, 2008  
TO: FedSource Audit Recovery Customers  
SUBJECT: Transition of FedSource Audit Recovery Business

Dear Valued Customers:

As you know, the Treasury has begun the process of transitioning out of the FedSource business line. This transition will culminate with the closing of the final FedSource office in March 2009.

While most ongoing activity will end this September, we recognize the longer term commitment we have in areas such as the audit recovery program. Accordingly, we plan to work with you over the next several months to continue our efforts to either terminate these orders, transition them to other contractual arrangements or move responsibility for them to the Bureau of the Public Debt's Administrative Resource Center for administration through the remaining life of the task order.

Over the next few months, we will work closely with you on the transition of these orders to ensure there is no break in the services provided. If you choose to continue the order with the Administrative Resource Center, our staff will be working with you to ensure that proper funding has been received for this year and will be provided for FY 2009 and beyond.

In the meantime, if you have any immediate questions regarding your orders, please feel free to contact me at (304) 480-8298.

Sincerely,

A handwritten signature in black ink, appearing to read "Orlando Yaconis".

Orlando Yaconis  
Director, FedSource
