## **LOCAL LAND USE**

(within about 1/4 mile of the site; adjacent and upstream)

5. Land uses in the local watershed can potentially have an impact on a stream. Check "1" if present,

Page 93

"2" if clearly having an impact on the stream.

| 1 | 2 | Residential |
|---|---|-------------|

- $\theta = \theta$  Single-family housing
- $\theta = \theta$  Multifamily housing
- $\theta$   $\theta$  Lawns
- θ θ Commercial/institutional

#### 1 2 Roads, etc.

- $\theta = \theta$  Paved roads or bridges
- $\theta = \theta$  Unpaved roads

#### 1 2 Construction underway on:

- $\theta = \theta$  Housing development
- $\theta$   $\theta$  Commercial development
- $\theta = \theta$  Road bridge construction/repair

#### 1 2 Agricultural

- $\theta \quad \theta \quad \text{Grazing land}$
- $\theta = \theta$  Feeding lots or animal holding areas
- $\theta \quad \theta \quad Cropland$
- $\theta = \theta$  Inactive agricultural land/fields

#### I 2 Recreation

- $\theta \quad \theta$  Power boating
- $\theta \quad \theta \quad Golfing$
- $\theta \quad \theta \quad \text{Camping}$
- $\theta = \theta$  Swimming/fishing/canoeing
- $\theta = \theta$  Hiking/paths

#### 1 2 Other

- $\theta = \theta$  Mining or gravel pits
- $\theta$  Logging
- $\theta \quad \theta \quad \text{Industry}$
- $\theta = \theta$  Oil and gas drilling
- $\theta = \theta$  Trash dump
- $\theta \quad \theta \quad \text{Landfills}$
