Mr. Chris Ortiz, Manager, Business Development

2310 Cousteau Court
Vista, CA 92081

Dear Mr. Ortiz:

On behalf of our Commissioners and our Executive Director, let me take this opportunity to welcome Unisyn to the EAC's Voting System Testing and Certification Program. We have reviewed your registration package and have found that it meets all of the requirements noted in our Program Manual. We would like to remind you, however, that your Manuals should be updated in the near future to reflect the requirements of the 2005 VVSG and the EAC Testing and Certification Program Manual, where applicable.

This letter is official acknowledgement that Unisyn is now an officially registered manufacturer and may proceed, according to program requirements; with product testing at an EAC accredited Voting System Test Laboratory (VSTL).

For future reference, your manufacturer code designation is: **U N S**. This code will be the first three characters of all EAC certification numbers that may be assigned to your products, and may also be used in communications with the EAC related to this program.

Please feel free to contact me directly if you have any questions regarding this letter or any other facet of our testing and certification program.

Sincerely,

A handwritten signature in black ink, appearing to read "Brian J. Hancock". The signature is fluid and cursive, with the first name "Brian" being the most prominent.
