 HOTEL NIKKO - SAN FRANCISCO, CA

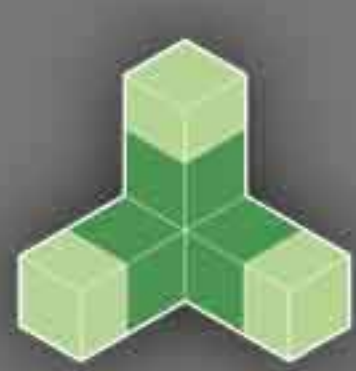

Implementation of Renewable Energy in the Emerging Markets of Africa, Latin America and the Caribbean

AUDIENCE AND SPEAKERS

 Energy and technology providers (public/private sectors); investors; community implementers; policy makers from the Emerging Markets, California and the United States

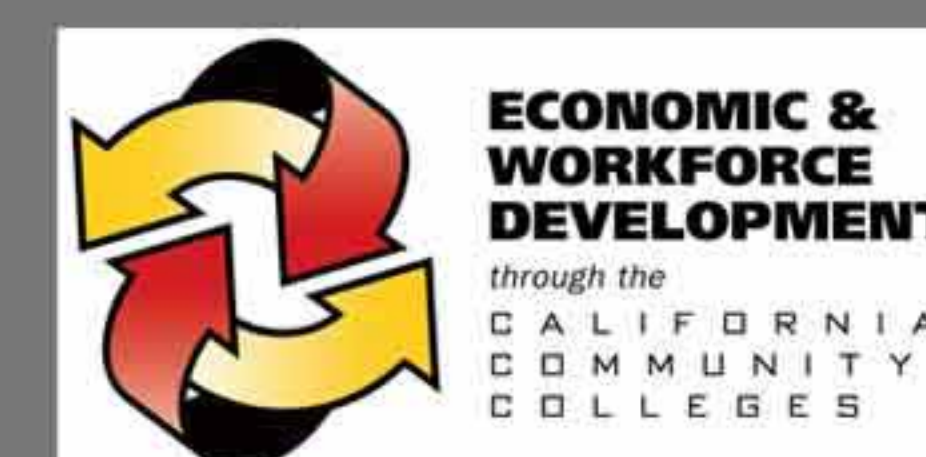

CONFERENCE OBJECTIVES

 **What works and what doesn't?** Successes, challenges and potentials for solutions with implementation of renewable energy will be discussed: policy development, regulatory environment, market incentives, technical know-how, etc..

 **How to get it done!** Familiarize participants with strategies for sustainable RE infrastructure development: financing mechanisms for large scale installations; regulatory and policy requirements; foreign direct investment, etc.

 **Creating renewable energy partnerships** between California/United States companies/agencies and the Emerging Markets - opportunity for one-on-one match-making.
