Part I Basic Information (To be completed by all plans)

1a Enter the actuarial valuation date: Month Day Year

b Assets:

Table with 2 columns: Description and Value. Rows include: (1) Current value of assets, (2) Actuarial value of assets for funding standard account, (1) Accrued liability for plans using immediate gain methods, (2) Information for plans using spread gain methods: (a) Unfunded liability for methods with bases, (b) Accrued liability under entry age normal method, (c) Normal cost under entry age normal method.

Statement by Enrolled Actuary (see instructions before signing):

To the best of my knowledge, the information supplied in this schedule and on the accompanying schedules, statements, and attachments, if any, is complete and accurate, and in my opinion each assumption, used in combination, represents my best estimate of anticipated experience under the plan. Furthermore, in the case of a plan other than a multiemployer plan, each assumption used (a) is reasonable (taking into account the experience of the plan and reasonable expectations) or (b) would, in the aggregate, result in a total contribution equivalent to that which would be determined if each such assumption were reasonable; in the case of a multiemployer plan, the assumptions used, in the aggregate, are reasonable (taking into account the experience of the plan and reasonable expectations).
