## EMPOWERING FAITH-BASED AND COMMUNITY INITIATIVES

The Corporation for National and Community Service is committed to President Bush's initiative to strengthen the work of faith-based and small community organizations, which provide compassionate care to millions of Americans. These organizations effectively tackle some of our nation's most intractable problems. In doing so, they turn around individuals' lives and give hope to countless communities in need.

During the past decade, the Corporation for National and Community Service - through our Senior Corps, AmeriCorps, and Learn and Serve America programs - has established partnerships with a wide variety of faith-based and community groups. In many instances, we have been able to provide these organizations with trained individuals and other resources to help them meet local needs and build up their organizational strength and effectiveness.

As the Corporation moves forward, we are looking to strengthen those partnerships and to reach out to even greater numbers of grassroots organizations, both faith-based and secular. We are also looking to promote the numerous service opportunities offered through our programs to individuals associated with faith-based and community groups.

## PROGRAMMING PRIORITIES

The Corporation recently identified several programming priorities designed to engage faith-based and small community organizations in national service and empower them with resources to produce innovative community solutions. These priorities include:

- **The President's Mentoring Initiative** Through its programs, the Corporation supports efforts to build capacity, recruit volunteers, and provide services related to mentoring children of inmates, other at-risk youth, and ex-offender re-entry services.
- **Asset Accumulation for the Poor** The Corporation supports initiatives that empower the poor through asset accumulation strategies such as home ownership, micro-enterprise, financial literacy, and related individual development account savings incentives.
- **Strengthening Families** The Corporation partners with faith-based and small community organizations to strengthen America's children and families and break the intergenerational cycle of poverty.
