**16 1530PST 1 0 0 0 High Wind (G35)**

Relatively high gradient wind for the middle of summer brought wind of 28 to 40 MPH to the west side of the San Joaquin Valley on this day. While not meeting high wind criteria, gusty wind did break a limb from an old oak tree in southeast Bakersfield, Kern County. The limb fell and killed a little girl as she stood beneath the tree. F8UT
