### **Schedule A, Item 4**

Section 78.13(a) of the Commission's rules states that an owner or operator of a cable television system is eligible to hold a Cable Television Relay Station ("CARS") license. The current licensee uses the subject CARS facilities in connection with its cable television operations. Since control of the licensee is being transferred to AT&T Comcast Corporation, that company will be eligible in the CARS service. In addition, the consummation of this transaction will not create any cross-ownership interests prohibited under part 76 of the Commission's rules.
