Re: Telenor Satellite Inc. / COMSAT Corporation Assignment Applications
Section 214 Authorizations

Dear Ms. Salas:

Enclosed for filing, on behalf of Telenor Satellite Mobile Services, Inc. and Telenor Satellite, Inc. ("Telenor") and COMSAT Corporation and COMSAT General Corporation ("COMSAT") is an application seeking assignment of various FCC Section 214 authorizations held by COMSAT. This submission is being made in connection with a proposed acquisition by Telenor of the assets of the COMSAT business unit known as COMSAT Mobile Communications ("CMC").

The enclosure consists of an original and five copies of the application, including associated exhibits and filing fees.

Upon receipt of this submission, please date-stamp the attached copy marked "Stamp & Return" and return it to the undersigned via our messenger.

Should any questions arise concerning this submission, please direct questions concerning Telenor to the undersigned. Questions concerning COMSAT should be directed to Rosemary Harold of Wiley, Rein & Fielding, 1776 K Street, N.W., Washington, D.C. 20006, telephone (202) 719-7000.

Respectfully submitted,

George Kleinfeld
Counsel for Telenor

Application Pursuant to Section 214)
of the Communications Act of 1934, as)
Amended, for Global Blanket Authority)
to Operate as a Global Facilities-Based)
and Resale Carrier and Authority to)
Assign International Section 214)
Authorizations)

**APPLICATION FOR ASSIGNMENT OF SECTION 214 AUTHORIZATIONS AND
GRANT OF GLOBAL FACILITIES-BASED AND RESALE AUTHORITY**

Pursuant to Section 214 of the Communications Act of 1934, as amended, 47 U.S.C. § 214, and Section 63.18 of the Commission's Rules, 47 C.F.R. §§ 63.18, Telenor Satellite Mobile Services, Inc. ("TSMS" or Applicant); its wholly owned subsidiary Telenor Satellite, Inc. ("TSI" or "Assignee"); and COMSAT Corporation ("COMSAT"), through its business unit COMSAT Mobile Communications ("CMC") (collectively "COMSAT/CMC" or "Assignor"), hereby request Commission approval for assignment of various international Section 214 authorizations

from COMSAT/CMC to TSI.¹ This application is being filed in conjunction with a proposed transaction assigning the assets of COMSAT's CMC business unit, including Title II authorizations and Title III licenses, to TSMS and its wholly owned subsidiaries. A narrative statement detailing the proposed transaction and its public interest benefits (the "Public Interest Statement") and other relevant FCC license assignment applications are being filed concurrently.² In addition, as part of this application, TSMS requests authority to operate as a global facilities-based and resale carrier under Section 63.18(e) of the Commission's Rules.

Grant of this application will further the public interest, convenience, and necessity. As set forth in detail in the associated Public Interest Statement, the proposed assignments to the Assignee and grant of new authority to the Applicant will enhance competition by providing U.S. consumers with new or improved mobile telecommunications service options with a broad global reach. The Public Interest Statement also demonstrates that a grant of this application will not adversely affect competition in relevant markets—largely because the Assignee and Applicant currently do not offer U.S. domestic service or U.S. international service.³

¹ A list of the Section 214 authorizations to be assigned is attached as Exhibit I to this application.

² The **Public Interest Statement** is being filed concurrently with this application. A copy of the **Public Interest Statement** is attached to this application as Exhibit II.

³ The mobile satellite business of the Assignee's parent companies has no customers for U.S.-originated international service nor does any other business of the Assignee's ultimate parent company, Telenor ASA, currently have appreciable U.S.-originated revenues. Telenor ASA currently does not own or lease any telecommunications common carrier facilities in the United States, although one of its wholly-owned subsidiaries, Telenor Global Services AS, does hold a Section 214 authorization for global facilities-based and resale service. See FCC File Number ITC-214-19980303-00160 (1998).

In support of the requests herein, the Assignee, Applicant and Assignor submit the following information pursuant to Section 63.18 of the Commission's Rules, 47 C.F.R. § 63.18:

- (a) The name, address, and telephone number of the Assignee:

Telenor Satellite, Inc.
9 East Loockerman Street
Dover, Delaware 19901
Telephone: N/A (newly-established company)

The name, address, and telephone number of the Applicant:

Telenor Satellite Mobile Services, Inc.
9 East Loockerman Street
Dover, Delaware 19901
Telephone: N/A (newly-established company)

The name, address, and telephone number of the Assignor:

COMSAT Corporation, d/b/a COMSAT Mobile Communications
6560 Rock Spring Drive
Bethesda, MD 20817
301-214-3000

- (b) The Assignee, TSI, is incorporated in Delaware and is wholly owned by the Applicant, Telenor Satellite Mobile Services, Inc. ("TSMS"), which is also incorporated in Delaware. As more fully described in section (h) of this application, TSMS in turn is wholly owned by Norwegian wholly owned subsidiaries of Telenor ASA, the publicly listed Norwegian telecommunications carrier.

The Assignor, COMSAT/CMC, is incorporated in the District of Columbia. COMSAT/CMC is owned by Lockheed Martin Global Telecommunications, a Delaware limited liability company and a subsidiary of Lockheed Martin Corporation, a publicly listed corporation incorporated in Maryland.

- (c) For the Assignee and Applicant, correspondence concerning this application should be addressed to:

**Ms. Britt Carina Ivarson Horncastle, Sole Director
Telenor Satellite Mobile Services, Inc.
9 East Loockerman Street
Dover, Delaware 19901
Telephone: N/A (newly-established company)**

with copies to its legal counsel:

**George Kleinfeld
Clifford Chance Rogers & Wells LLP
2001 K Street, N.W.
Washington, D.C. 20006
202-912-5126**

For the Assignor, correspondence concerning this application should be addressed to:

**Keith Fagan, Associate General Counsel
Robert Mansbach, Assistant General Counsel
COMSAT Mobile Communications
6560 Rock Spring Drive
Bethesda, MD 20817
301-214-3000**

with copies to its legal counsel:

**Rosemary C. Harold
Wiley, Rein & Fielding
1776 K Street, NW
Washington, D.C. 20006
202-719-4901**

- (d) **Neither the Assignee nor the Applicant have previously received authority under Section 214.**

The Assignor has received the Section 214 authorizations set forth in Exhibit 1 to this application in connection with its operation of the CMC line of business. The CMC division of COMSAT is a facilities-based telecommunications operator, providing international maritime, land mobile and aeronautical mobile satellite services using its own earth station facilities in the United States.

(e)(1), (2), (3) Pursuant to Section 63.18(e)(3) of the Commission's rules, Assignee TSI requests Section 214 authority to acquire by assignment the international Section 214 authorizations set forth on Exhibit 1 and certifies that it will comply with the terms and conditions contained in sections 63.21, 63.22, and 63.23 of the Commission's Rules, 47 C.F.R. §§ 63.21, 63.22, 63.23. Pursuant to the terms and conditions of sections 63.18(e)(1) and 63.18(e)(2) of the Commission's Rules, 47 C.F.R. §§ 63.18(e)(1)-(e)(2), Applicant TSMS requests Section 214 authorization to operate as a global facilities-based and resale carrier and certifies that it will comply with the terms and conditions contained in sections 63.21, 63.22, and 63.23 of the Commission's Rules, 47 C.F.R. §§ 63.21, 63.22, 63.23.

(g) Not applicable.

(h) Assignee TSI is a direct, wholly-owned subsidiary of Applicant TSMS, which in turn is a direct, wholly-owned subsidiary of Telenor Satellite Mobile AS (an entity organized under the laws of Norway), which in turn is a direct, wholly-owned subsidiary of Telenor Satellite Mobile Ventures AS (an entity organized under the laws of Norway), which in turn is a direct, wholly-owned subsidiary of Telenor Broadband Services AS (an entity organized under the laws of Norway), which in turn is a direct, wholly-owned subsidiary of Telenor Communications AS (an entity organized under the laws of Norway), which in turn is a direct, wholly-owned subsidiary of Telenor ASA. Telenor Global Services AS (an entity organized under the laws of Norway) is an indirect, wholly-owned subsidiary of Telenor ASA. The lines of business of the above entities are described in the Public Interest Statement.

The address, citizenship, and principal business of Telenor ASA is:

Telenor ASA
(an entity organized under the laws of Norway)
Universitetsgaten 2
P.O. Box 6701 St. Olavs Plass
N-0130 Oslo
Norway
011-47-23-13-86-09

Principal Business: Telecommunications
Ownership Stake in TSI: 100 percent (indirect)

The Kingdom of Norway owns approximately 79% of the shares of Telenor ASA. (The Kingdom's shares are administered by the Ministry of Trade and Industry.) No other shareholder owns directly or indirectly 10% or more of the shares of Telenor ASA. The address, citizenship, and principal business of the Ministry of Trade and Industry is:

Kingdom of Norway
Ministry of Trade and Industry
P.O. Box 8014 Dep
0030 Oslo
Norway
011-47-23-13-86-09
Principal Business: Government
Kingdom's Ownership Stake in Telenor ASA: 79 percent

There are no interlocking directorates between the Assignee and Applicant and any foreign carriers other than Telenor Broadband Services AS, the Norwegian 100% indirect owner of Assignee and Applicant, whose Vice President, Britt Carina Ivarson Horncastle, also serves as the sole officer and director of the Assignee and the Applicant.

- (i) Assignee TSI and Applicant TSMS are affiliated with Telenor ASA and its subsidiaries as set forth in section (h) of this application. Telenor ASA is a foreign carrier in Norway and also has direct or indirect share ownership of 25 percent or more of the following other foreign carriers:

<u>Carrier</u>	<u>Home Country</u>	<u>% shares held by Telenor ASA</u>
Telenor Telecom	Norway	100%
Telenor Mobil	Norway	100%
Telenor Global Services	Norway	100%
Extel GSM	Russia	49%
Esat Digifone	Ireland	49.5%
Sonofon Holding A/S	Denmark	53.5%
ProMonte	Montenegro (FRY)	40.1%
Vimpel Com	Russia	30.4%
Stavtelesot	Russia	49%

Kyivstar	Ukraine	35%
Pannon GSM	Hungary	25.8%
Grameen Phone	Bangladesh	46.4%
DiGi.com	Malaysia	30%
Total Access		
Communication PCL	Thailand	40.3%
OJSC Comincom/Combella	Russia	67.5%

- (j) Assignee TSI and Applicant TSMS seek, through assignment of the authorizations set forth on Exhibit 1 to this application held by COMSAT and COMSAT/CMC under Section 214 and through the requested grant of global facilities-based and resale authority under Section 214, to provide international telecommunications service globally, including to the following destination countries in which Telenor ASA either is a foreign carrier or controls a foreign carrier:

Norway: Telenor Telecom and Telenor Mobil
Denmark: Sonofon Holding A/S
Russia: OJSC Comincom/Combella

- (k) Of the three destination countries listed under paragraph (j), two, Norway and Denmark, are WTO members. In the third, Russia, the affiliated foreign carrier lacks market power, by virtue of the fact that it does not have greater than 50% market share in Russia's international transport and local access market.
- (l) Assignee TSI and Applicant TSMS, through their ultimate parent, Telenor ASA, are affiliated with the foreign carriers listed in response to section (i) above. Except in Norway, the affiliated foreign carriers are non-dominant carriers and no combination of the affiliated foreign carriers have greater than 50% of the market share in the international transport and local access markets in any country in which they operate. In Norway, the affiliated foreign carriers are dominant carriers. In the event of resale by TSI or TSMS of the international switched services of an unaffiliated U.S. carrier in Norway, TSI or TSMS will file the quarterly traffic reports required by section 43.61 of the Commission's Rules with respect to such resale activity, 47 C.F.R. § 43.61.

- (m) **Except for the affiliates of Assignee TSI and Applicant TSMS in Norway, all of the affiliated foreign carriers are non-dominant carriers and no combination of the affiliated foreign carriers have greater than 50% of the market share in the international transport and local access markets in any country in which they operate. TSI and TSMS therefore qualify for non-dominant classification and should be regulated as non-dominant with respect to all markets except Norway.**
- (n) **The Assignor and Applicant certify that neither TSI nor TSMS have agreed to accept special concessions directly or indirectly from any foreign carrier with respect to any U.S. international route where the foreign carrier possesses market power on the foreign end of the route, and that they will not enter into such agreements in the future.**
- (o) **Pursuant to the Commission's Rules, 47 C.F.R. §§ 1.2001-1.2003, the Assignor, Applicant and Assignor certify that no party to this application is subject to a denial of Federal benefits pursuant to Section 5301 of the Anti-Drug Abuse Act of 1988, 21 U.S.C. § 853(a).**
- (p) **Streamlined processing is not requested.**

[signature page follows]

CONCLUSION

The parties to this application respectfully request that the commission authorize the assignments to TSI and provide the grant of global facilities-based and resale authorization to TSMS in accordance with the information provided above and in the accompanying Public Interest Statement.

Respectfully submitted,
