Under these Court-approved arrangements, all of the assets relating to the ORBCOMM system that were formerly owned by ORBCOMM Global have been transferred to ORBCOMM LLC.¹

Subject to the approval requested in the instant application, Assignee hereby seeks authority to consummate the assignment of the FCC earth station authorizations held by ORBCOMM Global relating to the ORBCOMM system. **EXHIBIT C
PUBLIC INTEREST STATEMENT**

By the instant application, ORBCOMM Global, L.P. (“Assignor”) proposes to assign to ORBCOMM LLC (“Assignee”) the non-common carrier C-Band fixed satellite service earth station licenses issued to Assignor under FCC Call Signs E9990057, E990058, E990059, E990060, and E990061. The earth stations authorized under the subject licenses are utilized to support the separately authorized United States gateway earth station operations of the ORBCOMM NVNG MSS system (the “ORBCOMM system”). The proposed license assignments arise in connection with the resolution of the Chapter 11 bankruptcy of ORBCOMM Global and affiliated companies (collectively referred to herein as “ORBCOMM Global”), the terms and conditions of which were approved on April 23, 2001, by the United States Bankruptcy Court for the District of Delaware.¹ As discussed more fully below, the public interest will be well served by timely Commission approval of the proposed assignments.

Under the Court-approved resolution of the ORBCOMM Global bankruptcy, ORBCOMM LLC has acquired all of the assets of the ORBCOMM system formerly owned by ORBCOMM Global. By this application, and three other concurrently filed applications, Commission approval is now sought to consummate the assignment of the FCC licenses relating to the ORBCOMM system, including its United States ground segment operations, and certain ongoing experimental technology development activities. The proposed license assignments are integral to the successful resolution of the ORBCOMM Global bankruptcy reorganization, and the Commission generally seeks to accommodate the policies of the federal bankruptcy law with those of the Communications Act.² Most importantly, timely Commission approval of the proposed license assignments is essential to the viability of the ongoing worldwide operation of the ORBCOMM system, the continuing provision of ORBCOMM NVNG services in the United States, and the numerous benefits to the public that derive therefrom.

A successful emergence from bankruptcy is obviously critical to the continued operation and expansion of the ORBCOMM system, and the continuing availability of all of the associated public benefits. The Commission has already determined that Little LEO satellite services

¹ The ORBCOMM Global Chapter 11 bankruptcy filing was effected on Friday, September 15, 2000, in the United States Bankruptcy Court for the District of Delaware, Case Nos. 00-3636 through 00-3643. The transfer of ORBCOMM Global’s assets to ORBCOMM LLC was approved by the Court on April 23, 2001. The consummation of the transfer of material assets occurred the following day, on April 24, 2001.
