#### 7B. Definitions

For the purpose of this chapter, the following terms are defined as follows:

- 1. Allottee -- the person or institution to whom an allotment is paid.
- 2. Allotter -- the employee from whose compensation the allotment is made payable.
- 3. Allotment -- voluntary authorization for the recurring payment of all or a portion of the compensation of a civilian employee to an allottee. Unless otherwise specified, allotments are revocable at the will of the allotter. Allotment records will not be disclosed without the written consent of the employee, unless disclosure is required on an official basis, such as by the IRS or a court order.
- 4. Deduction -- mandatory or voluntary item that reduces the net amount paid to an employee, e.g. Civil or Foreign Service retirement, tax withholdings, purchase of U.S. Savings Bonds (see 4 FAM 551).
- 5. Basic Salary for Foreign Service National (FSN) employees --that portion of gross salary shown on the approved local compensation plan which is considered to be exclusive of the value of all fringe benefits

(offsets for local government welfare programs, severance pay, family allowance, bonuses, etc.) included in the gross rate.

- 6. Combined Federal Campaign -- the collective term for an organization of voluntary health and welfare agencies authorized under the provisions of Executive Order 10927 to solicit charitable contributions in a local area.
- 7. Compensation -- (1) for American employees: the net salary due an employee after all mandatory deductions (such as retirement or FICA, and Federal tax withholding) have been made; (2) for FSN employees: the basic salary due an employee less any mandatory deductions (for example, retirement contributions under a mandatory program).
- 8. Exclusive Employee Representatives -- the American Federation of Government employees (AFGE) for non supervisory Civil Service employees, the American Foreign Service Association (AFSA) for Foreign Service employees.
- 9. Net Pay -- the salary or wages due an employee after all payroll deductions and authorized allotments. It may include allowances and other expenses paid through the payroll system or otherwise included in the employee's paycheck.

- 7C. Purposes for Which Allotments May Be Made\*
- 1. By American Employees Stationed Overseas Employees who are serving under appointments of more than six months may make (without charge) biweekly allotments of all or a portion of their net compensation. Form FS-479, Allotment of Pay, Application and Authorization to Make, Change, or Discontinue (see copy in 4 FAM 556), is used to authorize these allotments:
  - a. For the support of relatives or dependents of the allotter.
  - b. For fixed amounts to checking and/or saving accounts (an allotment of net pay need not indicate a specific amount).
  - c. For payment of insurance premiums.
  - d. For installment payments on the purchase of an automobile.

e. For payment to the State Department Federal Credit Union (SDFCU), the Lafayette Federal Credit Union (LFCU), and the American Foreign Service Protective Association (AFSPA).

\_\_\_\_\_

- f. For payment to lawfully appointed attorneys.
- g. For the purchase of prior years of service credit in the Foreign Service or Civil Service Retirement Systems.
- h. For allotments delineated in 7C3b.
- i. For other similar purposes, not specifically prohibited and when approved by the authorized certifying officer.
- 2. By FSN Employees
  - a. For checking and savings accounts.

SF 1198, Request by Employee for Allotment of Pay for Credit to Savings Account with a Financial Organization (Attachment 7A), is used to authorize this allotment.
  - For Combined Federal Campaigns, dues for exclusive employees representatives (AFGE and AFSA), United States Savings Bonds, state or D.C. income tax withholdings

<sup>\*</sup>Allotments are not required for mandatory deductions such as retirement contributions and/or FICA (or Medicare portion).

(see 7H6), and others under basic authority in 4 FAM 556.2-1.

c. For net pay to a checking account. (See 7H2)

## 7E. Authorized Allottees

An allotment may be made to any allottee specifically designated in writing by the allotter within the limitations set forth in 7C. Allotters make all necessary arrangements with their banks or other allottees prior to making an application for an allotment of pay.

- 7F. Limitations on All Allotments 1. Allotments will be made on a pay period basis only.
  - 2. Allotments must be for four or more pay periods, with the exception that an employee may have an allotment of pay for a lesser period to make final interest payments in connection with the purchase of prior service credit under the Civil Service or Foreign Service Retirement Systems.
  - 3. Not more than three allotments of pay of the types described in 7C1 or 7C3a, whichever is applicable, will be permitted to run simultaneously for an employee.

\*\* END OF SECTION \*\*

CDT: 1993/06/15 EDT: 1987/12/31

- 7G. Cancellation or Discontinuance of Allotments
  - 1. Upon Change of Assignment

When a Foreign Service employee enters on rotational assignment in Washington, or otherwise becomes ineligible to authorize allotments under authority of the Foreign Service Act of 1980, as amended, allotments of pay for purposes other than those described in 7C3 must be canceled. Allotments of pay for credit to savings accounts with financial organizations become subject to the service charge described in 7C3.

# 2. At Request of Allotter

An allotment of pay will be discontinued upon written application on FS 479 or in the form of a memorandum from the allotter to M/FM/ESD. The employee is responsible for notifying the financial organization.

- 3. By Certifying Officer Allotments may be discontinued by the certifying officer who possesses the employee's pay records, without the signature of the allotter, under the following circumstances:
  - a. On the retirement, death, or separation from the services of the allotter.
  - b. On the death of the allottee or when allottee's whereabouts becomes unknown.
  - c. On instructions from the principal officer of the applicable agency.
  - d. When the circumstances under which the allotments are permitted (7C) no longer exist.
  - e. When, for any reason, such as leave without pay, the next pay due the employee for a biweekly pay period is less than the amount of employee's allotment for the same period (allotment resumes automatically when sufficient pay is available unless allotment has been cancelled).
  - f. The allotments of an employee in a "missing status," as defined in 5 U.S.C. 5561, may be continued, suspended, and/or otherwise modified as provided in 5 U.S.C. 5563.

# 7H. Special Allotments and Deductions

# 1. Upon Evacuation

Allotments may be authorized, for one of the purposes permitted by 7C, to become effective when an order of evacuation is issued. Payment of

allotments so authorized may not be made until the issuance of such evacuation order.

# 2. Net Pay

a. To Financial Institutions An employee may elect to receive full net pay, on a regular recurring basis, by deposit in a financial institution of choice for credit to the employee's account, in lieu of a check drawn to the employee's order. The account to be credited may be any account (single or joint), the title of which includes the name of the employee. The employee prepares SF 1199A, Authorization for Deposit of Federal Recurring Payments, in triplicate, obtains the signature of an authorized employee or official of the financial institution to whom the check will be mailed, and forwards the original to M/FM/ESD. The employee and the financial institution each retain a copy. (See copy in 4 FAM 556.)

# b. To Designated Mailing Address

An employee may elect to receive full net pay on a regular recurring basis in the form of a check drawn to employee's order and mailed to a designated mailing address. The employee sends a signed memorandum to M/FM/ESD authorizing the mailing of the check to the designated address.

# 3. Allotment of Pay for Credit to Savings Account

## a. Eligibility

An employee whose place of employment is within the United States may authorize an allotment of pay for a savings account, provided:

- (1) the allotment is a fixed amount, in whole dollars (no cents), to be deducted in each successive payroll.
- (2) not more than two such specific allotments (to savings accounts) for the employee are in effect at any time. (Employee may also have a net pay allotment to a checking account.)
- (3) allotments of pay are not otherwise available to the employee under Subchapter III of Chapter 55 of Title 5 of the United States Code.

#### b. Procedure

(1) The employee provides a written request on SF 1198 for an allotment of pay for a savings account. SF 1198 serves as the required written authorization and evidence (by endorsement

thereon by the financial organization), that the financial organization is willing to act in this respect as agent of the employee and to accept, at its expense, the related service charge.

- (2) The name of the employee must be exactly the same as it appears on the Statement of Earnings and Leave. The title of the savings account to be credited must include the name of the authorizing employee. A financial organization may credit an account which carries the employee's name with minor differences from the name on the payments record (e.g., one or the other does not contain a middle initial). The employee's depositor account number is required on SF 1198.
- (3) The financial organization identification number (a nine- digit employer identification number assigned by the Internal Revenue Service) is inserted in Block 5B on SF 1198 by the financial organization. If the financial organization requires payments at individual branch offices, a three-digit branch code uniformly applicable to each branch office is shown as a parenthetical suffix to the established nine-digit employer identification number.
- 4. Exclusive Employee Representatives (AFGE and AFSA)
  - a. An employee who is a member of the bargaining unit and is identified to the Agency by AFGE or AFSA as a member of the organization in good standing may make an allotment for dues to that organization.
  - b. An employee who wishes to make this allotment must complete and submit to the organization SF 1187, Request for Payroll Deductions for Labor Organization Dues. Dues withholding will be effective at the beginning of the first full pay period after the SF 1187 is received in the payroll office. SF 1187 can be obtained from AFGE or AFSA.
  - c. An employee who wishes to revoke this allotment must submit to the organization a memorandum or SF 1188, Cancellation of Payroll Deductions for Labor Organization Dues. Revocation of the allotment will be effective the first full pay period following March 1 or September 1, whichever date occurs first after the revocation is received in the payroll office. d. The Agency shall discontinue paying an allotment when the dues withholding agreement between AID and the organization is terminated or ceases to be applicable to the employee.

# 5. Combined Federal Campaign

- a. An employee may make an allotment for charitable purposes only to the Combined Federal Campaign.
- b. The allotment shall be made for a term of one year beginning the first pay period which begins in January and ending the last pay period which begins in December.
- c. An equal amount of not less than 50 cents may be deducted each pay period. The amount to be deducted may not be changed during the term of the allotment but may be voluntarily discontinued by the employee by sending a memorandum to M/FM/ESD. The discontinued allotment may not be reinstated.
- d. Allotments will be discontinued automatically upon expiration of the one year withholding period or upon termination of Federal Service. If an allotter transfers to another federal agency during the term of allotment, the allotment authorization will be transferred unless canceled.

# 6. State or District of Columbia Income Tax Allotment/Deduction

- a. An employee may make an allotment for the payment of State or District of Columbia income taxes when employed outside of, but is an official resident of a State (or the District of Columbia) with which the Secretary of the Treasury has entered into an agreement to withhold such taxes (Attachment 7B). If an employee's official residence and regular place of employment is in the same State (or in the District of Columbia) and if the above referenced agreement has been entered into, such taxes will be a mandatory deduction.
- b. Deduction for Maryland or Virginia State Income Taxes Employees who are official residents of Maryland or Virginia and who complete Form MW 507, Employee's Maryland Withholding Certificate, or Form VA.-4, Virginia Exemption Certificate, as appropriate, thereby indicate the number of exemptions claimed. Once filed, a withholding exemption certificate takes effect immediately and remains in effect until an amended certificate is furnished. A new certificate may be filed at any time if the number of withholding exemptions to which the employee is entitled changes. Instructions for completion of Form MW 507 and Form VA.-4 are printed on the back of the forms. Withholding of taxes pursuant to agreements between the Secretary of the Treasury and the States and D.C. is a mandatory deduction. Maryland and

Virginia taxes will be deducted on the basis of one exemption until the withholding certificate is received.

- c. Allotments of Compensation for District of Columbia Income Taxes Employees who are residents of the District of Columbia but are employed outside of the District of Columbia may voluntarily agree to have D.C. taxes withheld.
- d. Every AID/W employee who is not a resident of D. C. and is not having State tax withheld must file Form D-4-A, Certificate of Non-Residence in the District of Columbia. Otherwise, D.C. taxes will be withheld as a mandatory deduction from the employee's earnings.

# 7. United States Savings Bonds

#### a. Authorization

A U.S. citizen employee wishing to begin, change or cancel participation in the Payroll Savings Plan completes SF 1192, Authorization for Purchase and Request for Change, United States Series EE Savings Bonds, (Attachment 7C). A separate form must be completed for each bond of a different denomination or registration (ownership, beneficiary, etc.). The completed form is to be forwarded to M/FM/ESD, Room 506, SA-12, AID/W. Authorizations to initiate, cancel, or change bond purchases may be made at any time.

#### b. Amounts of Deductions

- (1) Deductions are made on a pay period basis and are authorized in amounts which, in a given number of pay periods, will exactly equal the purchase price of the bond.
- (2) Payroll deductions each pay period may be applied to up to five separate bonds. The minimum amount deductible is \$3.75 per bond. c. Registrations
- (1) The employee may name another person as owner of any or all bonds. However, the employee may not alternate bond registrations from one pay period to the next. An employee wishing to have bonds with different registrations should authorize the purchase of more bonds with smaller deductions. Four types of bond registrations are possible.
- (a) Sole owner -- no co-owner or beneficiary designated; e.g., John A. Smith.
- (b) Co-owner; e.g., John A. Smith and Mary E. Smith.

- (c) Beneficiary -- party to whom the bond is payable on death of the owner; e.g., John A. Smith, payable on death to Mary E. Smith. The Treasurer of the United States may be designated as co-owner or beneficiary of a savings bond for the purpose of making a gift to the United States.
- (d) Fiduciary, private or public--treated as sole owner in that no co-owner or beneficiary can be named; e.g., National Multiple Sclerosis Society. NOTE: A married woman must show her given name in all cases; e.g., Mary E. Smith, not Mrs. John A. Smith.
- (2) Bonds of all employees payrolled by AID/W are delivered by mail. employees should assure that the mailing address is correct. All new and revised bond authorizations by overseas employees must provide the address in one of the following forms:
- (a) The employee's name followed by a complete U.S. address in conventional form including a Zip code. This is the recommended alternative due to potential delays in receipt or loss of time when transferring to another post;
- (b) The employee's name followed by the address as prescribed by the Agency for personal mail (see Handbook 21, Part II, App. 1A) at the employee's post. Missions shall remind newly arrived personnel of the need to promptly update addresses by filing new SF 1192 forms if they are to receive bonds at post.
- (c) Protecting Against Loss

As the employee receives the bonds from the Department of the Treasury, the employee should keep a record of the bond's denomination, serial number, and issue date. The SF 1192, "Authorization for Purchase and Request for Change, United States Series EE Savings Bonds," has a detachable record for this purpose (see Attachment 7C). In the event a bond is lost, damaged, stolen, or incorrect, the employee should advise the Department of the Treasury in a letter, stating the situation and providing the above information. If the serial number of the missing bond cannot be established (with the help of M/FM/ESD), the employee's social security number should be provided. If the bond has been mutilated or defaced, all available pieces or parts of the bond, in whatever form, should be included in the letter as supporting evidence. The letter should be mailed to:

Bureau of the Public Debt. 200 Third Street Parkersburg, West Virginia 26l0l

A copy of the letter should be sent to M/FM/ESD. A substitute bond bearing the original issue date will be issued by the Department of the Treasury in approximately six months.

# (d) Disposition of Unapplied Bond Balance

When a bond authorization is canceled by an employee, any unapplied balance remaining in the bond account is refunded on a current payroll. In those cases where the employee separates from the Agency, or is terminated, the balance remaining in the employee's bond account is included in the employee's final check.

# (e) Cashing Bonds Overseas

Mission employees may present their savings bonds for cashing through the appropriate U.S. Embassy, to the Disbursing Officer serving the Mission.

- 8. United States Federal Income Tax Withholding Deduction Attachment 7E sets forth the policy and procedure for the Federal Income Tax Withholding Deduction.
- 9. FICA (Social Security) Tax
- a. Employees excluded from the Foreign Service Retirement and Disability System (FSRDS) or the Civil Service Retirement System (CSR), but subject to FICA Tax

The employer's contribution and the deduction made from the employee's compensation for the full FICA tax are computed at the percentages shown below on compensation paid up to the wage ceiling.

			Maxin	num
Calendar	Employer	Employee	FICA	Wage Annual
Year	Contributions	Deduction	Ceiling	Deduction
1984	7.00%	6.70%	\$37,800	\$2,532.60

b. Employees hired on or after January 1, 1984, Subject to FICA (Social Security) and Modified CSR or FSRDS. All active employees not subject to the FICA tax are subject to the Medicare portion of the FICA tax. If eligible for either the Foreign Service or Civil Service Retirement System, the following percentages of basic salary paid beginning January 1, 1984, are contributed and deducted respectively.

			Employee	е
Calendar Year	Employer Contributions	Employee Deduction	FICA Ceiling	FSRDS or CSR Deduction
1984	7.00%	6.70%		1.30%

The employee FICA deduction is limited by the wage ceiling and resulting maximum annual deduction set forth in a, above.

c. Employees Hired before January 1, 1984, and Serving Under Civil or Foreign Service Retirement Systems, Hospital Insurance Portion of FICA Tax (Medicare) On compensation paid on or after January 1, 1983, the employer's contributions and the employee's deductions for FSRDS or CSR, and for the Hospital Insurance portion of the FICA tax, are as follows:

Calendar Year	FSRDS or CSR	Medicare Tax Rate	Maximum Wage Ceiling	Annual Deduction or Contribution
1983 1984	7% 7%	1.3% 1.3%	\$35,700 \$37,800	\$464.10 491.40
1985	7%	1.35%	. ,	determined)

# d. Applicability - Active Employees

The above rates are applicable to compensation paid each employee or Personal Services Contractor subject to the tax within each calendar year. When the wages taxable limitation has been reached (that is, when the maximum annual tax has been deducted for each employee in each calendar year) no further deductions are made. Taxable compensation consists of basic salary, premium pay, language incentive payments, differentials, danger pay, physicians' comparability, and awards paid in a calendar year. Also taxable are lump-sum annual leave payments made to employees who have FICA withholding at time of separation for leave earned after calendar year 1950.

# e. Separating Employees

FICA tax is deducted from lump-sum annual leave payments made to employees subject to FICA withholding at time of separation, for leave earned after January 1, 1951, within the ceilings specified above.

# f. Deceased Employees - Final Payment

The unpaid salary and unused annual leave of deceased employees are subject to FICA taxes within the amounts specified above, if paid in the same calendar year. If paid after the year of death, FICA taxes are not applicable.

# STATE TAX WITHHOLDING AGREEMENT LIST

Section 5517 of Title 5 of the United States Code, and Executive Order 10407, dated November 6, 1952, provide for withholding State and Territorial income taxes from the compensation of Federal employees if an agreement has been entered into between the Secretary of the Treasury and the proper official of the State or Territory. Pursuant to Section 5516 of Title 5 of the United States Code (47 D.C. Code 1586g) and Executive Order 10672, dated July 9, 1956, the Secretary of the Treasury and the Commissioners of the District of Columbia entered into an agreement for the withholding of the District of Columbia (D.C.) income taxes from the compensation of Federal employees. Up to December 1971, agreements have been reached with each of the following states for the withholding of State income tax by Federal agencies from the compensation of employees of the United States whose regular place of employment is within the State:

# STATE CODE

01 Alabama	17 Louisiana	36 Oregon
50 Alaska	18 Maine	37 Pennsylvania
02 Arizona	19 Maryland	38 Rhode Island
03 Arkansas	20 Massachusetts	39 South Carolina
04 California	21 Michigan	43 Utah
05 Colorado	22 Minnesota	44 Vermont
07 Delaware	23 Mississippi	45 Virginia
08 District of	24 Missouri	47 West Virginia
Columbia	25 Montana	48 Wisconsin
10 Georgia	26 Nebraska	52 Hawaii
11 Idaho	30 New Mexico	
12 Illinois	31 New York	
13 Indiana	32 North	
14 Iowa Carolina	15 Kansas	34 Ohio
16 Kentucky	35 Oklahoma	

The agreements entered into by the Secretary of the Treasury and the respective States constitute the basis on which Federal agencies, including AID, withhold the State income tax from the compensation of their employees. The agreements contain the general provisions required by Executive Orders 10407 and 10672 as

well as certain specific provisions providing conformity, as nearly as practicable, with usual fiscal practices of Federal agencies.

The heads of agencies or their designees comply, subject to the provisions in the agreement, with the State laws with respect to withholding the tax, filing the returns, and paying the tax. Agencies deal directly with the respective tax authorities, obtaining from the appropriate authority the needed forms, instructions, etc., making returns, and paying the tax.

#### 554.4 Maintenance of Individual Bond Accounts

#### a. Form Used and Manner of Posting

The payroll office is responsible for maintaining an Individual Bond Account Record for each employee participating in the payroll deduction plan for the purchase of U.S. Energy Savings Bonds. All deductions for bonds, bond issuances, unapplied balances and refunds must be shown in this record. While this data may be maintained in automated files, a printout similar to that shown in Exhibit 554.4a (p. 1) must be produced hiweekly at the time the bond woucher is prepared.

#### b. Controls

Adequate internal controls to assure a balance between payroll vouchers, bond vouchers, and individual accounts, sust be a part of the automated system. Predetermined controls of unapplied balances beginning and end of period, current pay period deductions, bond issuances and refunds, must be established. (Exhibit 554.4b). This record will be used to assure the overall accuracy of the data shown in the Individual Bond Account Record (554.4a(p. 1)).

#### c. Year-End Reporting

In order that proper countrol may be exercised by the Department and other agencies over deductions made from the salary of employees for the purchase of U.S. Energy Savings Bonds and the issuance of those bonds, each payroll center making bond deductions and issuances is required to report annually on such activity. Reports nust include the unapplied balance Reporting done forward from the previous calendar year, current year net deductions (deductions less refunds), issuances and the unapplied balance at the end of the current calendar year. (See Exhibit 554.4c for sample report.) This report is to be transmitted to the headquarters office of each serviced agency. For State: H/COMP/FO-

Unapplied bond balances at the end of the calendar year are consolidated in the Department of State or respective agency and this consolidated amount is compared with the Department of Treasury balance in the General Ledger Accounting Branch or in the administrative accounting office of the other agencies. Any differences are then identified and reconciled.

#### 554.5 Issuance of Bonds

#### a. Dating of Bonds

A \$50.00 U.S. Energy Savings Bond is dated as of the first day of the month in which total deductions equal the purchase price of the bond (that is, \$25.00). If the denomination is \$75.00 or larger (purchase price of \$37.50 or more), the bonds are dated as of the first day of the month in which one-half or more of the purchase price is accumulated in the employee's account.

#### b. SF-1183, Subscriber list for Issuance of U.S. Savings Bonds and Accompanying Inscription Data Lists

At the close of each payroll period, a review of individual bond accounts determines to whom bonds are to be issued. This review may be a manual or automated operation. An SF-1183, manual or automated, (Exhibit 554.5b (pp. 1 and 2)) is prepared for each bond denomination and issue month.

Supporting each SF-1183 will be a listing (Inscription Data List) containing complete inscription data for each bond to be insued. (See Exhibit 554.5b (pp. 3 and 4)). Issuance of bonds may be an automated process, however, the 3F-1183 and the Inscription Data List should be prepared to support action by the disbursing officer.

The SF-1183 and accompanying Inscription Data List are forwarded under cover of the SF-1166 (see section 554.5c) to the dishursing officer.

d. Checks Requiring Special Handling
When the address of the allottee is other than the United States, its Territories or possessions, the allotment check is enclosed in a regular Foreign Service envelope. Franked Treasury Department envelopes will not be used. The post determines the proper method of forwarding to the addressee. In case of doubt, instructions may be requested from the Department or USIA by OM, subject: COMMUNICATIONS (Courier and Pouch) or from AID, by airgram. The post makes sure that restrictions placed by Treasury in 31 GFR 211 on mailing checks to certain specified countries (Albania, Bulgaria, Communistcontrolled China, Czechoslovakia, Estonia, Hungary, Latvia, the Union of Soviet Socialist Republics, the Russian Zone of Occupation of Germany, the Russian Section of Occupation of Berlin, Germany, and North Korea) are observed. In addition, checks are not mailed to any other country where the postal transportation, banking facilities, or local conditions in general are such that the post believes there is not a reasonable assurance that a payee in those areas will actually receive the check and be able to negotiate the same for full value.

# 550.6 Deposit of Net Pay in U.S. Banks

In addition to making allotments of pay, an employee may have employee's not salary and allowance check (if drawn in U.S. dollars) deposited in a bank of employee's choice in the United States. This will be done on a uniform hasis which will eliminate the need of preparing additional authorizing forms when the employee moves to another post or to the United States.

656,6-1 Request by Employee for Payment of Salaries or Wages by Credit to Account at a Financial Organization

Form SF-1189, Request by Employee for Payment of Salaries or Wages by Credit to Account at a Financial Organization, will be used worldwide for requesting and authorizing the deposit of an employee's net salary and allowances in the hank of employee's choice. See Exhibit 556, 6-1 for illustration of the three-part form, Form SF-1189 may be requisitioned from the appropriate G5A Regional Office listed in 6 FAH, Appendix A, following the procedures outlined in 6 FAH H-212.

For an employee overseas wishing direct credit to an account in a financial organization within the United States, the form (partially executed by the employee) may be sent with the first check with a request that the financial organization complete it and return it to the agency payrolling office.

The RFC+338 and WFC+338, Mailing of Net Salary and Allowances Check, will continue to be used for those employees presently using them for deposit of net pay and allowances in banks in the United States. The RFC/WFC-338 will also be transferred with the DSL-941. Authority to Pay, when the employee is transferred to a post not serviced by the Finance Center or to Washington. At the new station, the employee may be asked to execute the uniform SF-1189 to replace the RFC/WFC-338 at the earliest practicable time. For new employees and those employees having their net pay and allowances deposited in banks in the United States for the first time, the SF-1189 will be used.

The employee may cancel the authorization at any time by so advising employee's payroll office in writing. No special cancellation form is prescribed; it may be accomplished by memorandum from the employee. Any question as to cancellation advice to the financial organisation is a matter between the employee and the financial organization. If the employee moves to another location, the financial institution should be furnished the new address.

## 556.6-2 Determination of Amount To Be Deposited

The amount to be deposited will be the gross pay and allowances, less the deductions for retirement, life insurance, health insurance, taxes, savings bonds, and allotments of pay. Should the net pay vary because of salary increases, changes in tax withholdings, or other variables — net amount of pay will continue to be formed defor deposit. It will not be necessary to execute a new SF-1189 because of hese changes.

#### 556,6-3 Forwarding of Individual Checks or a Deposit List to Panks

- a. If individual checks are prepared for each depositor, such checks in the net amount due the employee shall be inscribed with the following information in the order indicated (as provided by the SF-1189);
- The name of the financial organization as the payer;
- (2) The address of the financial organization, which can be any branch office as stated on the SF-1189;
- (3) The name of the employee to he credited, which should be stated in exactly the same way as carried in the agency's payroll records; and
- (4) The employee's (depositor) account number at the financial organization.
- b. It is possible that there may be some variance in the format of the depositor's name as it appears on the check, when compared to the name appearing in the records of the financial organization. It is essential, therefore, that the account number, as stated on the check, be accurate.

- c. In those cases where several employees on the same payroll have designated the same financial organisation, a single (composite) check may be prepared in favor of the financial organisation, accompanied by a remittance record which indicates:
- The name and address of the remitting post and payroll office;
- (2) The name and address of the financial organization; followed by
  - (3) A listing of payers showing:
    - (a) The name of the depositor:
    - (b) The depositor's account number;
- (c) The amount to be credited to the depositor's account; and
- (d) At the end of the listing, the total of all deposits, which must agree with the attached composits check.

In addition to the remittance record and accompanying check, a cover sheet entitled "Summary Sheet -- Remittance Record for Net Pay to Financial Organization" is prepared for Washington Departmental and WFC payrolls. Until such time as the summary sheet is prescribed as a standard form, the payroll office will reproduce the form locally.

Checks drawn in favor of financial organizations pursuant to this section will be released by disbursing offices under the same policy applicable to checks drawn in favor of the employees; namely, sufficiently in advance of the check-issue date to have reasonable assurance of delivery to the financial organization on the check-issue date.

#### 553.6 Computation

There are two methods of computation: the wage bracket withholding method; and the percentage withholding method.

#### 553.6-1 Wage Bracket Withholding Bethod

Posts use the wage bracket withholding method for all biweekly payments made to regular or contract employees with the exception provided in paragraph d of this section. (See Exhibit 546 (pp. 14 through 17) for the tax withholding tables.)

# a. Regular or Partial Biweekly Period

Tax withholding deductions from salaries paid for a full or partial pay period are determined from the biweekly tax withholding tables.

#### two or More Regular Biweekly Periods

When a payment of regular salary is being made for two or more pay periods, tax withholding deductions are computed individually for each pay period or partial pay period and combined into a single amount of tax withholding for the combined periods.

#### Additional Compensation with Regular Pay

Tax withholding deductions from additional compensation (see section 542) paid as a part of the biweekly salary, are computed on the aggregate gross payment for the pay period.

## Additional Compensation Separate Prom Regular Pay

Tax withholding deductions, from additional compensation (see section 542) paid separately from the regular biweekly salary, are computed at the flat rate of 20 percent, without allowance for exemptions and without reference to any regular pay of wages.

# 553,6-2 Percentage Withholding Method

Where payrolls are prepared by the use of data processing equipment, tax withholdings will be calculated by use of the formulas given in Exhibit 553.6-2. Posts not preparing payrolls through the use of data processing equipment will use the percentage anthod for all payments other than biweekly, using the formulas in Exhibit 553.6-2. In ususual circumstances, wage bracket tables may be used as explained in section 553.6-2d,

#### a. Withholding Exemption Values

The formulas given in Exhibit 553.6-2 are for use after an employee's gross salary (wages) has been reduced by the following applicable amount for each exemption claimed:

Payroll Period							me With- mption
Weekly							
Biweekly							 *38.46*
Semimonthly							 *41.66*
Monthly							 *83.33*
Daily or miscella	ne	90	os	-	pe	r	
day of such per	ic	κŒ	١.		Τ.		 *2.74*

# b. Steps in Computing Tax

The steps in computing the income tax to be withheld are:

- Multiply the amount of one withholding exemption (see section 553.6-2a) by the number of exemptions claimed by the employee.
- (2) Subtract the amount thus determined from the employee's gross taxable compensation.
- (3) Determine amount to be withheld from appropriate table (see Exhibit 553.6-2).

# c. Example

An unmarried employee has a biweekly payroll period for which he is paid \$250.00, and has in effect a withholding exemption certificate claiming one exemption and the special with-holding allowance:

- (1) Total wage payment....\$250.00 (2) Amount of one exemption.\$38.46 (3) Number of exemptions claimed on form W-4 (including the special withholding allowance).... 2
- .....\$76.92
- withholding (line 1
- minus line 4).......\$173.08 (6) Tax to be withheld on \$173.08 from table 2, Exhibit 553,6-2: Tax on first \$127.00......\$10.80

# d. Exception

It is assumed few payments will be made on a weekly basis. If, however, a post has a large volume of taxable payments other than biweekly, the appropriate wage bracket tables contained in Treasury Department, Internal Revenue Service, Publication No. 15, Employer's Tax Guide (Circular E) Rev November 1978, should be requested from the De-partment (BF/OF).

#### 553.7 Wage and Tax Statement

Each post is responsible for preparing a Treasury Department Form W-2, Wage and Tax Statement, for Federal taxes withheld from compensation paid by the post. (See Exhibit 553.7 for details.)

Collections and Adjustments of Salary Overpayments

#### ATTACHMENT 7F

# UNIFORM STATE/AID/USICA REGULATIONS

#### 557-4 Collections and Adjustments of Salary Overpayments

#### a. Prior Fiscal Year

- When a payroll deduction cannot be made from the compensation of an employee to recover a salary overpayment, a cash collection is affected. Such recovery for a salary indebtedness incurred during a prior fiscal year is handled in the manner illustrated in Exhibit 557.3a, item 5. In making such recoveries the net overpayment is recovered from the employee direct. The net recovery from the employee is entered on FS-465 and reported on SF-1221 as a credit to the appropriation charged with the original payments. (See section 323.1-1.) The balance of the overpayment is recovered on a current payroll by adjustment (i.e., credit entries) in the deduction columns in which the overdeductions occurred. The total of these credit adjustments is recorded as a debit entry in the "other deduction" column of FS-275, and included in the payroll deduction portion of the certification and summary section of FS-275 as a credit to the appropriation which was charged with the original payments. Such credits are taken up as collections on FS-465 and reported on SF-1221.

### b. Same Fiscal Year

when a collection is made from an employee for salary overpayment incurred during the same fiscal year, the net recovery from the employee in entered on FS-465 and reported on SF-1221 as a credit to the appropriation which was charged with the original payments. (See section 323.1-1.) The balance of the overpayment is recovered by adjusting the appropriate deduction accounts, and thereby reducing the gross charge to the appropriation. (See Exhibit 557.3a, item 7.)

557.5 Income Tax Levies Served by U.S. District Directors of the Internal Revenue Service

#### a. Authority

Section 6331 of the Internal Pevenue Code of 1954 (26 U.S.C. 6331) states in part that a tax levy may be made upon the salary or wages of an employee of the United States by serving a notice of levy on the employer of such employee. The term "levy" as used in this Code includes the power of distraint and scizore by any means. The Commissioner of Internal Sevenue Service has established a policy that, in the absence of specific instructions to the contrary, tax levies will be made against the "take-home pay," that is, the net wages due after making deductions for normal payroll purposes. Allowances are not to be construed as salaries or wages in computing the amount for net wages (take-home pay) for tax levy purposes; however, any amounts due the employee may be withheld to apply on the levy. A levy on wages or salary is continuous from the date of levy until the liability out of which the levy arose is satisfied. The levy attaches to both salary or wages earned but not yet paid at the time of levy, and salary or wages earned and becoming payable subsequent to the date of the levy, until the levy is released by the Internal Pevenue Service.

# b. Service of Tax Levy

A notice of levy, Internal Revenue Service Form 668-%, is served upon and receipted by a designated official at Department or agency headquarters. The Department or agency immediately notifies the post and payroll office, usually by telegram, to initiate collection action and gives the name of the employee, the amount and date of receipt of the levy, as well as the address of the District Director of Internal Revenue, and forwards the levy notice to the post. After a notice of levy has been served, takehome pay is not to be decreased by the device of increasing allotments (such as those for bonds and allotzents of pay) in an effort to avoid tax levy on the net wage.

#### c. Dependent Exemption

Certain amounts payable to or received by a tarpayer as wages, salary or other income are exempt from levy. Wage and salary amounts exempt from lewy are determined by the number of persons claimed by the taxpayer as dependents. We amount prescribed as being exempt from levy for each person who is claimed as a dependent will be so exempt, unless a claim for dependent exemption is submitted to the employer. A claim for a dependent exemption is made by the taxpayer in a written statement to the payroll office, identifying, by name and relationship, each person for whom an exemption is claimed. The statement is signed by the taxpayer and must include a declaration clause that it is made under the penalties of per jury.

A dependent for the purpose of an exemption from the levy must meet the same requirements as one used for normal income tax exemption with the exception that there will be no additional exemptions allowed for age or disability. The taxpayer is not counted as dependent for this purpose.

The taxpayer must submit the claim for dependent exemption so that it reaches the payroll office at least three workdays prior to the end of the pay period. This may require telegraphic notification to the payroll office with the signed statement to follow. Failure on the part of the taxpayer to submit a timely claim for dependent exemption will result in the loss of the dependent exemption for the applicable pay period. If none of the salary or wages of a taxpayer are exempt from levy, the District Director of the Internal Pavenue Service shall notify the employer.

#### d. Determination of Exempt Amount

Amounts payable to the taxpayer as wages and salary for each payroll period are exempt from levy as follows:

- If the payroll period is biweekly: \$100, plus \$30 for each person who is claimed as a dependent.
- 2) If the payroll period is not biweekly, a proportionate amount based upon the sum of an annual exemption of \$2,600 plus a proportionate amount of annual exemption of \$780 for each person who is claimed as a dependent.

# e. Collection of Tax Levy

After establishing the amount to be recovered and paid to the U.S. District Eirector of Internal Pevens collection of this amount may be made by any of the usual methods of recovery of indebtedness to the United States (see Exhibit 557.5d (pp. 1 - 4) such as payroll deductions, voluntary cash payment, and inscription of undelivered checks as well as deductions from amounts otherwise payable to the employee. If directed by the Internal Pevenue Service that the entire proceeds of a check are to be used to pay the levy, the face of the check, directly below the payee's name, is inscribed as follows:

"Bot negotiable by payee. For deposit by the Director of Inter Revenue, pursuant to levy under the Internal Revenue Code."

I check which exceeds the amount to be recovered may be canceled and separate checks drawn for delivery to the employee and the U.S. District Director of Internal Revenue as shown in Exhibit 557.5d (pp. 5 and 6).

# f. Remittances to U.S. District Directors of Internal Revenue

Any remittance in satisfaction of a tax levy is made by means of a Treasury check drawn to the order of or inscribed for payment to a U.S. District Director of Internal Revenue. Upon receipt of voluntary cash (or personal check) payment to satisfy a tax levy, the post takes up the amount in its accounts and draws a Treasury check to the order of the U.S. District Director of Internal Revenue.

Checks in satisfaction of a tax levy are sent by letter to the District Director of Internal Revenue shown on the tax levy notice. A copy of the letter is sent to the Department, Attention: #ACDMP/FD. [See Exhibit 557.5c.]

#### For AID:

If voluntary cash or personal check payment method is selected by the employee, the "ontroller at post should cable ESD of the action to be taken by the employee so that net pay will not be garnished. AID/W employees should notify ESD in writing of intent to satisfy debt by voluntary cash or personal check. ESD should then forward a copy of the cable or written notice to the U.S. District Director of Internal Pevenue.

Checks in satisfaction of a tax levy are drawn to the order of and are accompanied by letter to the District Director of Internal Nevenue shown on the tax levy notice. A copy of the letter is sent to AID/FI/ESD. (See Exhibit 557.5e.)
