Dear Mr. Nirenberg,

I belong to a Letter Writing Club and I chose you to write to from a list of noteworthy people. I hope I receive a letter and a picture of you which I will put in my album. I am nine years old.

Congratulation for being elected to the National Academy of Science.

My father is a doctor. Was it hard getting the Academy? Were you scared? Happy Memorial Day. What college did you go to?

Sincerely,
Lisa Sherman
