## Helpful Hints in Preparing Form 5130.9, Brewer's Report of Operations

1. Check that Line 1, Part 1, agrees with Line 33, Part 1, of the previous month's report. On hand end of month should equal on hand beginning of month. The first report filed should have a zero on hand.
2. Check that Line 4, Column (b), Part 1, agrees with Line 24, Part 1, Column c and e. These totals equal the amount in Column g.
3. Check that Line 6, Column (c), Part 1, agrees with Line 22, Column (b).
4. Check that Line 6, Column (e), Part 1, agrees with Line 23, Column (b).
5. Check that Line 9, Column (d), Part 1, agrees with Line 25, Column (c), Part 1.
6. Check that Line 10, Column (f), Part 1, agrees with Line 26, Column (e) Part 1.
7. Check that Line 13 and 34, Part 1, are mathematically correct and agree with each other. The figures in these two lines should be the same in all columns.
8. Check that the quantities reported on Line 14 and/or 15, Part 1 minus the quantity shown on Line 7, Part 1, agree with the total Tax Liability (Line 17) on the tax returns filed for the month.
9. If any beer is exported without payment of tax, the quantities reported on Line 16 & 17 Part 1 must equal the amount of barrels totaled on all Forms 1689, Beer For Exportation, for the month.
10. Check that shortages reported on Line 31, Columns (d) and (f), Part 1, are either properly explained and/or taxpaid.
11. If there are entries in Part 1, Line 2 and 3 or Part 4, Line 1, there should be entries in Part 3. When any beer or cereal beverages are produced the brewer must account for any products used in the production process. IE: 10 pounds malt used, 50 hops used etc. This is reported in Part 3, Summary of Materials Used and Wort Produced.
12. Please be sure that someone who has the authority to do so signs the monthly report and tax returns.
