

**Delhi Sands Flower Loving Fly Minimum Qualifications**  
*Raphiomidas terminatus abdominalis*

1. At least 20 hours field experience in at least 3 different geographic locations under the direct supervision of a permitted individual. Field experience with other *Raphiomidas* may be counted toward the hour requirement, but not for all 20 hours. Field notes documenting all insect species observed should be provided when applying for a permit.
2. Must pass a Service exam.

If applicant has taken the Service Fly Exam, but has no field experience, then he/she can be authorized to do fieldwork under the supervision of permitted individual.

Refer to December 1996 interim survey guidelines (protocol).
