INFORMATION

ATF and the Pima County Sheriff's Department are seeking information related to the theft of explosives from the San Xavier Mining Laboratory located at 6200 W. Ocotillo Ranch Rd, Sahuarita, and Arizona.

This crime occurred between August 7, 2003 and August 14, 2003 at the San Xavier Mining Laboratory. One explosives magazine located on the lower level of the mine had been broken into and the following explosives were stolen:

- **Thirty-four (34) sticks - ICI POWERMAX 120- Cartridge form of dynamite 12 inches X 1 1/8 inch**
- **Eleven (11) - Magnum 1.1D Emulsion-a type of dynamite**
- **One (1) - IRECO, IREPRIME, Procore Primer**

All three types of stolen explosives are clearly marked and labeled as explosives. Please contact ATF or the Pima County Sheriff's Office if these or any explosives are recovered.

If you have any information concerning this crime and the person(s) involved please contact ATF or the Pima County Sheriff's Office at the following numbers:

ATF: 520-670-4725

Pima County Sheriffs Department: 520- 547-TIPS
